**LOCAL NEWS**

**BACK TO VALCARTIER.**

Corp. Ernest C. Whalen of the 143th Battalion, after spending a few days in the city, returned on Wednesday to Valcartier.

**MANY LEFT TODAY**

The Eastern Steamship Company's liner Governor Cobb sailed for Boston this morning via Lunenburg and St. John with a large general cargo and upwards of 400 passengers. This is the largest coastwise passenger list of the season.

**BAND CONCERT ENJOYED**

The Temple Band, under the direction of William Jones, played a fine programme in the King Square last evening. The sweet strains of the music and the beautiful September evening attracted many to the square and the selections were greatly enjoyed.

**THE 104th STILL IN ENGLAND**

Sussex Record—Reports published in the St. John papers that the 104th Battalion was in France was entirely without foundation. The 104th is still in England, and from reliable sources received will in all probability be there for three months yet.

**LOCAL SHIPPING**

The schooners J. K. Stetson, Harry W. Hains, Henry H. Chamberlain and Abbie C. Stubbs sailed today for New York. The first three were loaded with lumber and the last with pig iron. Three of them had been held up by unfavorable winds.

**CALL AND GET THEM**

Among lost articles accumulating at police headquarters is a suitcase found by the police in Union street; a lap robe picked up by the police in Paradise row; a small baby carriage found at last corner of Queen and Charlotte streets, and a small express wagon which has been in the guard room for some time.

**MRS HORACE MILLIKEN**

Many will learn with regret of the death of Mrs. Horace Milliken of 51 Elliott row which occurred at an early hour this morning. She was eighty-two years old and besides her husband is survived by one daughter, Mrs. Annie Wright of Boston, and three sisters, Mrs. J. M. Montgomery and Mrs. Carrie Taylor of this city and Mrs. Isabel Smith of New York.

**BOYS ARRESTED**

Two boys arrested last night by Detectives Barrett and Briggs, were charged today with breaking up and stealing empty bottles and selling them to other dealers in an attempt to make a few coppers. The lads admitted the charges in the juvenile court before Magistrate Ritchie. They were remanded for consideration.

**HARRISON STREET SIDEWALKS.**

Regarding complaints which have been made of delay in completing asphalt sidewalk repairs in Harrison street, Commissioner Fisher said this morning that the delay was for only a few days. General repairs had to be suspended during this week while the department concentrated on the completion of sidewalk work in Douglas avenue and Main street, which had been arranged for previously.

**C. P. R. NOTES**

H. C. Groat, general superintendent of the Atlantic Division of the C. P. R., is today inspecting the northern district in company with A. Price, assistant general manager, with headquarters in Montreal. They are making the inspection by motor.

M. G. Murphy, district passenger agent of the C. P. R., accompanied by W. H. Snell, general passenger agent, arrived home yesterday afternoon after an inspection trip through New Brunswick and Nova Scotia. Last evening Mr. Snell left for Montreal.

**INSPECTION INVITED**

Detectives Barrett and Briggs have some valuable articles which were taken off James Bonnie, who was arrested some time ago in Queen square. Bonnie was brought into court today and was remanded for sentence. The court asked that the articles found in his possession be advertised. Among them is a diamond ring worth in the vicinity of \$25, a brooch with gold setting, worth \$15, an odd piece of gold, and a valuable pair of gold beads. The articles are in the office of the detective department where they may be inspected.

**TRAFFIC CASES**

In the police court this morning there were several auto owners and others before the court upon reports for various violations of the city by-laws.

J. Eldon Wilson was reported on the 9th inst. for driving his auto without a tail light, and also on the 8th for driving on the sidewalk. Mr. Wilson, on offering an explanation in the last charge, said he used the "safety first" motto and was forced to drive on the sidewalk in Main street to avoid hitting a man as his car skidded owing to the wet pavement.

L. C. Prime was reported for driving faster than the law allowed.

Murray Northrup, reported for not having his rear light on his car on the night of September 12, pleaded guilty. These three cases will come up again on Tuesday. The penalty of \$10, however, was struck.

M. T. Kane, reported for driving fast in Brussels street and not sounding his horn, said his son was driving the car at the time and was out of town at present. The court will take up the case when his son returns.

Samuel Parson and Louis McCarthy were fined a like sum for like offences.

Hugh Miley was reported for not having his horse attended to by some one, while it was left standing in the street. He said his son was driving the team. His son will be asked to be in court on next Tuesday.

George Blacklock was fined \$10 for standing his team on the wrong side of Brussels street.

David Aaronoff was fined \$6 for allowing his cattle to run wild in Rockwood Park. There were three cows and the penalty is \$2 each. He was told to pay \$2 as he said the cows broke out of the pasture.

**PAY HONOR TO THE RYDER BROTHERS**

Reception to Major G. S. and Lieut. Frank—Local News of Soldiers

A large reception is to be held in St. Andrews this evening at the home of Mr. and Mrs. David Maxwell, for Major G. S. Ryder and Lieutenants Frank Ryder, brothers, both of whom are returned officers from the front and are at present attached to the 260th Kiltie Battalion. Major Ryder is commanding No. 1 Company of the 260th, while his brother, Lieut. Frank, is to command a platoon. Lt.-Colonel Guthrie and other prominent military men will attend the reception as will the heads of the patriotic societies in the province.

Lt.-Colonel Guthrie, Major Morgan and Major Laurin will be accompanied today for Fredericton.

Private E. B. McKinnon of Fairville, who some time ago returned to the front, has been taken on the strength of the 260th special service platoon.

Lieutenant W. L. Caldwell of St. John left last evening for Halifax where he will take a lieutenant's course in siege battery work.

Private E. G. Tapley of this city, who is at present at the front, will return to Canada and will be attached to the 260th Kilties.

According to information received from Ottawa, supernumerary officers may be taken on the strength of the local field ambulance depot and used for medical services generally, pending their being sent overseas. It is understood that the number is practically unlimited.

The official appointment of Lieutenant J. Douglas Black of the 1st regiment as quartermaster of the 260th Kiltie Battalion, went through today. He is to hold the honorary rank of captain.

**ANOTHER INDUSTRY STARTS IN ST. JOHN**

Another industry is to be added to those which are helping to make St. John prosperous. The new works are to produce hydrated lime, which is now being used extensively in building operations and which is not produced in Canada anywhere east of Toronto at present. Local production is coming chiefly from the United States. As the demand is steadily increasing the new industry may be expected to grow to considerable proportions.

To meet this situation the local firm of Gentry Allison have taken over extensive lime works at Brookville which have been lying idle for some years and are being taken to develop them. The quarrying and lime burning will be carried on on the hill to the east of the railway tracks and their shipping facilities will be located on a siding at Lawlor's Lake, just beyond Brookville. The proximity of the line works to the railway will be a great advantage and later on a gravity system may be introduced to facilitate handling the output. Gangs of men are now at work on the preliminary arrangements and, when this is completed, the plant will be assembled and put in operation. It is expected that manufacture of lime will be undertaken by the first of the year. In the meantime a start has been made in shipping the crushed stone.

While the ordinary grade of lime will be produced to meet the demand for this article, the company is preparing to specialize on the production of hydrated lime. By this process the lime is reduced to powder, which as talcum powder makes it easier to handle when mixing with concrete, producing a stronger mortar and has other advantages, among which is the fact that it can be kept for a much longer period without deterioration.

Hydrated lime is used extensively in stucco work and as this method of construction increases in popularity in this part of the country, the demand for the material will increase.

**DOG DAY IN POLICE COURT**

The first shot in the campaign against those who have not yet taken out their dog licenses, was fired in the police court this morning. It was dog day, but the owners of the canine tribe were, to say the least, conspicuous by their absence. There are in all about 187 names of owners of dogs who appear on the black list. Among those whose names appeared were read in court this morning were: Thomas Brady, David Higgins, Walter Cook, James Hunt, James Davis, of Sewell street, who was notified and did not appear. John Bedwell, George McKel, John Mitchell, Walter Whipple, Charles George, Charles Boyd, R. M. Tobias, Edward Sullivan, Albert McInerney, Dennis McCarthy and Frank Jordan. Many others were also reported, but did not appear. Some of the annual excuses were put forth. Some said they were "keeping the dog for another party," or that they had sent him to their "friend Jones in the country," or that the dog had died, or that it had been "killed" or that it had "never come back." Some others had taken out the necessary license. Next Friday will be another dog day.

**A HAPPY TIME**

Owing to the kindness of W. E. Earle, the members of the Girls' Club of the Playgrounds Association had the pleasure of a delightful sail up the St. John river last night. Mr. Earle chartered the "Glenora" for this outing which was enjoyed by a large number of the girls and their friends. They stopped at Crystal Beach where supper was served. The warm evening and bright moonlight added much to the enjoyment of the occasion.
