Brazilian and Montreal Power Decline, While Steamships Advance

Brokers' Opinions

NEW YORK, Sept. 18—Block Maloney —"We are in a broad market subject to set-backs, but with a certainty, in our opinion, of reaching a higher level soon under the lead of standard issues, probably rails."

Houseman & Co.—"For trading purposes we think that BO, AR, BL, U. S. Steel, Gulf States Steel and Lows are good purchases at current prices."

Hornblower & Weeks—"We repeat our buying advices on Fisher Body. Continue to buy the coppers. We would buy Allied Chem., WX and Allis Chalmers."

Josephthal & Co.:—"Evidence continues to accumulate pointing to the justification of a broad upward move in the rails, steels and coppers."

Morning Stock Letter

NEW YORK, Sept. 18—A sharp selling wave was halted yesterday by big buying in a half dozen specialties, which advanced sharply in the last 20 minutes of trading. As a result the market closed irregular. The market seems overbought again, but is held up by easy money rates. It may be that we must have some general reaction. If the latter is the case, we believe it will be only temporary.

Rails are disappointing. We do not attribute this backwardness to any traffic or earning conditions, but rather to technical positions in the stocks. The public is now carrying more rails than at any time in recent years. Believe this position is justified. At the same time, because of the heavy public interest and the absence of a short interest in the rails, these stocks are for the time being quiet. Think the next year or so will see them much higher. We would continue to hold them. Cons. Gas finally moved and we would buy it on any dips. There are tips on American and Foreign Power, and Col. Gas. Public Service N. J. looks good as a speculation.

Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearlessly they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

Absorbine Jr., besides being the all-purpose liniment that removes pain and soreness, and hastens healing, is a powerful antiseptic that is death to the microbe world.

Absorbine Jr., is just what is needed in the house in case of accidents and to correct the many little household hurts that constantly occur. $1.25, at your druggist.

Young Married Women Need Mother's Advice—

MRS. PEARL STEELE
HOLDEN, MISSOURI

A GREAT many women after childbirth get up too soon and, too weak to care for the child and perform their household duties, often bring on serious derangements.

Lydia E. Pinkham's Vegetable Compound is a splendid tonic to take at this time; it is an excellent restorative, contains no harmful drugs, and can be taken in safety by nursing mothers. Thousands of mothers advise their daughters to take this grand old root and herb medicine for such conditions because of their own favorable experience with it.

Following We Publish an Interesting Letter from Mrs. Steele of Warrensburg Which Should Interest Every Mother in the Land:

Warrensburg, Mo.—"When my second child was born I got up too soon as my mother wasn't able to do for me. I could not stand on my feet without being dizzy and my back would ache so badly that I would have to lie down at times through the day. My mother had taken Lydia E. Pinkham's Vegetable Compound and had a bottle of it at the time, so she begged me to take it, which I did, and I cannot tell you how much better I felt after taking it. Then a year later my husband got back from overseas and we went to keeping house by ourselves and I got all run down again. I couldn't work long at a time but would have to sit down and rest. My husband kept begging me to take the Vegetable Compound again, so I have done so. I recommend it when I can as I know it is good for women's troubles and I thought you might like to know what it has done for me."—Mrs. Pearl M. Steele, 203 Main Street, Warrensburg, Mo.

Ontario Woman's Interesting Case

Mount Forest, Ontario.—"I am proud today to think I have a fine big baby boy, as healthy as a trout, and I never felt better myself. Before I took your medicine I felt weak and miserable, and had pains all through me. After taking Lydia E. Pinkham's Vegetable Compound I began to get stronger and those pains all left me. I am glad I found out about this medicine. I think there is none other equal to it for women who have troubles of this kind. I cannot praise the Vegetable Compound too highly for the good it has done me. Whenever I know of a woman suffering I am glad to tell her of it."—Mrs Wm. Ridsdale, R. R, No. 1, Mount Forest, Ontario.
