

PYTHIAN SISTERS CHOOSE OFFICERS

Proceedings of Grand Lodge
of Maritime Provinces in
Woodstock.

(Special to Times.)
Woodstock, N. B., Aug. 25.—The
Grand Lodge Knights of Pythias of the
Maritime Provinces met again yesterday
afternoon and last evening, with about
100 delegates present. All the reports of
the morning session were adopted. The
grand chancellor reported that several
of the lodges are now meeting in their
own halls and it will be only a short
time before all will be occupying their
own castle halls. Westmorland Lodge,
No. 8, at Moncton, has the largest mem-
bership in the provinces with more than
400. Marysville, No. 18, has a Pythian
Sister Branch, Peace Temple, No. 12,
which has a membership of nearly 200.
The sisters had two sessions yesterday
and accomplished a lot of good work
at Castle Hall last night. They are be-
coming more and more interested in their
degree team work and their
work was very interesting and im-
pressive. At the session yesterday the
sisters elected the following grand officers:
Past grand chief, May King, Wood-
stock; grand chief, Lilith Johnson, St.
Andrews; grand senior, Elizabeth Mc-
Kenzie, Halifax; grand junior, Lillian
Mason, New Glasgow; protector, Mar-
garet Nodden, New Glasgow; grand
guard, Mary Treartha, Grand Manan;
grand M. of R. and C. Emma Camp-
bell, Westville; grand M. of P., Laura
Smith, Springhill; grand trustees, Bertha
Holmes, Mrs. Purdy and Margaret Mur-
ray. They were installed by Grand
Representative Sister Foster and staff.
The sisters, who were guests of Ro-
wena Temple, No. 7, finished their work
last night and most of them left for
their homes this morning.
At 10 o'clock last night Castle Hall
was the scene of a grand banquet in
honour of the visiting knights and sis-
ters. Sister May King presided. An ex-
cellent programme was carried out,
including an address by Mayor Nodden.
Two readings by Sister Whitehead were
much enjoyed. Features of the evening
were the presentations of handsome
bouquet and silverware to Mrs. King,
the retiring chief. Sister Saunders re-
ceived a dozen silver spoons on her ad-
vancement. Colonel W. H. Gray, of
Marysville Lodge, received a box of
cigars from Grand Representative Mrs.
Foster on behalf of the sisters. Re-
freshments were then served, and dan-
cing was enjoyed.

VIENNA HEARS NORTH ARMY OF REDS WOULD SURRENDER

Paris, Aug. 25.—News is looking
to surrender to the Poles have been be-
gun by the northern Russian Bolshevik

received here. Latest information from
Warsaw indicates that the advance of
the Polish armies continues rapidly and
that the Bolsheviks seem anxious only to
lose contact with the Poles. The number
of prisoners captured is said to ap-
proximate 60,000.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

NOVEL ACTS AT OPERA HOUSE

New Mid-Week Programme
Makes a Decided Hit—Ex-
cellent Acrobatic Offering,
Comedy, Galore, Music,
Dancing, etc.

The new programme in the Opera
House last evening had many novel fea-
tures, which made a big hit with the
audience in attendance, at both per-
formances. The acts were different from
the usual run and the participants were
accorded hearty and appreciative ap-
plause.
William Duncan in "The Silent Avenger"
is a feature attraction, and this
star of the silent drama has a wonderful
opportunity to demonstrate his great
athletic attainments in this chapter of
the popular serial. The theme is be-
coming more complicated and as the
plot thickens the scenes are both excit-
ing and interesting.
Dorothy Wall then entertained with
the first number of the new vaude-
ville bill was Cello, in a European es-
sential musical act. His antics and his
freak instruments were responsible for
many hearty laughs, and he received
great rounds of applause.
Gene and Myrtle Conroy followed and
their clever clogs and toe dancing made
a decided hit. They are clever and in-
troduced some new and difficult steps.
Dorothy Wall then entertained with
some original Broadway hits. Her va-
riety numbers were well received and
her accompaniments on the piano thor-
oughly appreciated.
The Three Rounders also shined in
the applause. They sang well and have
evoked considerable applause. One of
them particularly caught the crowd's
attention and made a lot of fun.
Jussie and Ollie brought the pro-
gramme to a close and their great acro-
batic feats won rounds of applause.
They are clever performers and in ad-
dition intersperse considerable comedy.
This act is a strictly good one. This
programme will be repeated tonight
and again on Thursday and will un-
doubtedly attract large audiences.

REVUE MAKING A BIG HIT AT QUEEN SQUARE

Hoyt's Musical Revue playing to packed
houses at the Queen Square last night
is said to be the best musical offering
that ever played St. John at popular
prices and on a par with many of the
higher priced attractions. The show
for the first three days is entitled "Hello
Broadway," a melange of singing, dan-
cing, clever comedy and a large chorus
of young, good looking girls.
There will be an entire change of show
for Thursday, Friday and Saturday.
"Wine, Woman and Song," which prom-
ises to be as good and entertaining as
the opening bill. There will be matinees
daily.

HEATING WEST SIDE SHEDS

More satisfactory heating arrange-
ment for Nos. 1 and 2 sheds at West St.
John is receiving the attention of Com-

It is proposed to move the office in
front of No. 1 and the rest room on the
western side of No. 2 to the eastward in

G. G. Hare, the city engineer, and G. C.

been proposed that instead of taking

guilty and Policeman McNamee gave
evidence. The accused said he had
driven the ambulance the way to an
accident and did not have time to
explain why he did not wait for a sig-
nal from the policeman as he had given
the warning but the official was talking
at the time and did not hear it, and on
the way back he attempted to explain
but was told to move on. A fine was
imposed.

FIELD STRIPPED BY ARMY WORMS

John O'Regan Loses 16 Acres
of Fine Oats at Spruce
Lake.

Only so late as last Sunday evening
John O'Regan of Elliot row, who has
a fine farm at Spruce Lake, was pos-
sessor of a splendid looking field of
oats, sixteen acres in extent. They were
nearly ripening and promised a heavy
yield. But now they are no more.
Mr. O'Regan was at the farm on
Sunday evening, but did not go down
until last evening. And then what a
change was made in two days. The
army worm in countless numbers, had
stripped the whole acreage, leaving no-
thing but the denuded stalks.
The insects, Mr. O'Regan said today
were there in thousands. A field of oats
across the road escaped damage.

LOYD GEORGE SAYS MAYOR CAN NOT BE FREED

Lucerne, Aug. 25.—Premier Lloyd
George in a statement today concerning
the case of Lord McFor MacSwiney of
Cork, in Brixton jail, London, said in
substance that, whatever the conse-
quences, the government could not take
the responsibility of releasing MacSwiney.
He declared he regretted MacSwiney
had decided to starve himself but said
if he were released all other hunger
strikers would have to be released. "A
law which is a respect of persons is
no law," he said. "If the cabinet there-
fore departed from its decision, a com-
plete breakdown of the whole machinery
of law and government inevitably would
follow."

H. A. Porter returned yesterday from
Frederickton where he attended a meet-

Antimony Co., Ltd., of which he was one
of the directors. Mr. Porter said this
morning that the transfer of the property
of the company at Lake George to North
America, Antimony Mining Co., was
approved and a vote of thanks to the
directors for their administration was
passed.

It was decided to distribute the
assets of the old company amongst the
shareholders, which will amount to about
28 cents a share, of which the par value
was \$1. In addition, one share of stock
in the new company will be given to each
shareholder.
After the meeting, Mr. Porter drove
to the mine to look over the develop-
ment work. He said that three new
leads had been discovered and one of
the old leads had been reopened. After
nearly forty years, he had recovered
and was producing a good return. The

city is president, expects a good market
for the product in the United States,

News Notes About

Prominent Baptists

Rev. H. Alfred Porter, of Atlanta,
Ga., has applied the points of Dr. J.
W. Bronghoro at Los Angeles, during
August.

Rev. C. O. Howlett and family, of
Bath, are enjoying a four weeks' auto-
mobile trip through the New England
states.

Rev. Gideon Swin is spending a few
weeks in St. John, where for many
years he made his home. After a few
more weeks of rest he will be ready to
take up work on a compact field, where
the work would be without a pastor.

NEW BOOKS

The churches on the Centreville, Car-
leton county, field are evidently deter-
mined not to remain long without a
pastor. Last Wednesday a unanimous
call was extended to Rev. H. R. Bell,
a salary to be at least \$1,800. Mr.
Bell has been serving as a pastor-evan-
gelist for Carleton county for some
months.

Many will hear with regret and sor-
row of the death of Roy Elliott Bates,
who died recently at Gardiner, Maine.
He graduated at Acadia with the class
of 1904, and so excellent was his record
that he was chosen as a Rhodes scholar
to represent Acadia at Oxford. At the
close of his three years at Oxford he
was appointed to the chair of English
at his alma mater. His health failing
he was compelled to give up teaching
and turned his attention to art. Last
year he was married to the only daugh-
ter of Hon. Josiah S. Macey, of Gar-
diner, Me. His father, Rev. W. E.
Bates, is now pastor of the Montauk
Avenue church, New London, Conn.

SCHOOL SUBJECTS FOR CONFERENCE HERE

At the conference of the chief super-
intendent of education with the principal
of the Normal school and inspectors, to
be held here, the following will be con-
sidered in addition to any subjects that
may be suggested:
Special difficulties which may have
arisen in each inspectorial district.
County fund drafts withheld in each
district.
Recent changes in school law; needed
changes.
Minimum salaries act.
Change in text books.
Course of instruction.
Normal training.
The status of assistant teachers.
Third-class teachers in districts above
\$20,000 in valuation.
Is it time for a trustees' con-
vention?
The value of the work of household
science supervisors in the schools.
The need for a better compulsory act.
Should the standards for entrance to
Normal school and university be raised?
How shall we increase the number of
candidates for teachers' license.

A Three Month's Trip Abroad

Suppose you sail a week from today. The
first thing you think about—the first thing
you discuss with your wife—the first thing
you do—is to provide ample funds from
which wife and family can meet household
expenses while you are away. Other mat-
ters might claim your attention, but family
affairs would receive special consideration.

Sooner or later—maybe suddenly—you will sail out
into the unknown—start on that journey from which
no traveller returns. Now, man to man, are you
satisfied with the provision you have made for the
support of your wife and kiddies after you're gone?

Sit down now and write us to explain how an
Imperial Accelerative Endowment policy will
meet your family's expenses in case anything should
happen to you; and how it will provide an income to
support yourself in comfort should you live to old
age. We'll send the information by return mail.

HARVESTING THE PRAIRIE CROPS

Winnipeg, Aug. 25.—(Canadian Press)
—About 30,000 harvesters from eastern
Canada, the farmers of the prairie pro-
vinces are taking off their crops. Most
points send favorable reports. There
appears to have been little damage from
hail and rust, and only one or two points
report any damage from frost. Generally
speaking, the weather is favorable
for harvesting, and for the ripening of
late grain crops.

Roy McLeod, who was badly burned
recently at Queen Square diamond on
the occasion when Orlo Brown lost his
life by being electrocuted, had another
escape from death yesterday when an
artery in one of his wounds burst and
he nearly bled to death. A physician
was called and today he is resting com-
fortably.
