RELAXATIVE

Every day the business acumen and foresight of the promoters of the Labor Temple project are being displayed, and the expectations of even the most sanguine enthusiast are being realized. The unionists in the city are crowding the recreation rooms that are so far completed, and to relieve the congestion in the bowling alley and billiard rooms the other athletic features of the building are being hurried along. The gymnasium will soon be open, and then the punching bag, the rings, horizontal bars, horse and exercisers will give employment to the surplus energy of those who cannot now participate in the bowling alley.

An indoor baseball league is now forming and the games will be played in the large assembly room. Unionists wishing to enter teams would do well to form clubs and enter teams with Secretary Simpson. This game has become very popular in the city of late, and as an indoor sport it has few rivals.

Among the younger fellows basketball is spoken of. This could also be played in the large assembly room, and should any interest be displayed an effort will be made to introduce the game.

Swimming will be held when the gym is completed, and all the different recreation features will be consolidated in one large athletic club, under which system matters may be handled more advantageously than at present.

In a practice match on Labor Temple between Union and Sunshine bowlings teams, the following was the score:

Simpson-Mitchell 534, D. Pringle 581, Pringle 561, Hackett 628, Fisher 534, Ewart 500, total 3,347.

Talman-Glackring 435, Turvey 482, Martin 542, Stevenson 409, Huddleston 394, Wilson 630, total 2,915.

The Business Agents' Bowling Club is the latest organization at Labor Temple. They are eager for a game with any of the existing clubs, and expect to be able to hold their own with them all. Their particular prey is the Union's and the City League, whom they expect to show up one of these days. Simpson is doing some great pinning—not owing to a "Tived" suit—on the alley, and Stoye exports a "lead pipe." What's in a name will be shown when Billy's "bowlin'"! The greatest advantage the agents have is that, like in yesternight, they have a Moos to lead them out of the wilderness of plus. Conjointly they hope to avert many a strike by the Unions.

They're off! Tuesday evening last at 8 the opening tournament of the Printers' Bowling League was held on the Temple alleys. The News faced the Star, and the Telegram took a whirl out of the Plumbing lounge. The games were pulled off in two hours and by ten o'clock there was a conflagration of sorrow and joy by the respective losers and winners. Great interest was taken by the large number of followers of each team, and the "strikes" and "spares" were applauded to the echo. Many of the cracks fell by the wayside, and the "swelling platen" crowded to the fore at the finish. It was a night of enjoyment for all. The following are the scores:

strengthened, you will then acknowledge.

There is a grand opening at the present time here for a team which could compete successfully with the Eastern teams,

and the Federal League would with alacrity embrace the opportunity of being represented in Toronto. Standard East

erns hockey in Toronto would be appreciated as well that no fears need be entertained for the financial end of it.

We know what a cost of blood and money
