The celebrated Stallion Victor Hugo will stand the season of 1890 in the town of Newcastle except Wednesday of every week he will stand at the stables of Mr. James Conway, Chatham, Mr. Conway will leave Newcastle with Victor Hugo Tuesday evening, April 29th, and every following Tuesday evening during the season, go down through Douglastown to Mr. Wm Stothart's where he will arrive about seven o'clock renain there about one hour and then cross over to Chatham where he will stand Wednesday April 30th and every following Wednesday, coming back to Newcastle early Thursday morning.

We thought it better for the horse and for those who patrouize him not to have him go over so much road as it has been customary to do with heavy stallions, and in conversation with a great many people we find they are better satisfied to bring their mares to town known they will always find the horse at home and not tired out with long roads.

Victor is looking fine'y and feeling as well as long roads.

Victor is looking fine'y and feeling as well as he ever did in his life. It is needless to say anything of his good qualities as a stock getter. Every farmer and lumberman in thi Jounty knows his value.

Remember every Wedresday in Chatham, all the rest of the time in Newcastle.

Cured by Cuticura.

I cannot say enough in praise of the CUTICURA REMEDIES. My boy, when one year of age, was so bad with eczena that he lost all his hair. His scalp was covered with eruptions which the doctors said was scall-head, and that his hair would never grow again. Despairing of a cure from physicians, I began the use of the CUTICURA REMEDIES, and I am happy to say, with the most perfect succe s. His hair is now rejeended, and there is not a pimple on him. I recommend the CUTICURA REMEDIES to mothers as the most speedy, economical, and sure care for all skin diseases of infants and children, and feel that every mother who has an afflicted child will thank me for so doing.
