STEAMER LADY EILEEN
IS ASHORE AT GASPE

NEW YORK, Sept. 6.—Evidently London did not take kindly to the announcement of the extra Burlington dividend and instead was more influenced by the deterrent factors as the failure of Watson and Co., and the action of the Inter-Met. directors. Possibly London may be a seller of our stocks this morning but the strong tone which prevailed yesterday afternoon will hardly be counteracted by any selling for the foreign account. The increase of the dividend rate in the Burlington stock means an additional one million dollars a year to be divided between Great Northern and Northern Pacific and the extra dividend will be paid in cash. The position which they will make of the dividend is not known, but it is rumored that it will be distributed to the stockholders immediately in a separate dividend.

LONDON, 2 30 p. m.—Generally speaking the securities markets are dull and in some sections there is a disposition to sell. The foreign houses show a heavy tone and British home affairs after an advance are easing. Foreigners disclosed irregularity early but have steadied and South African mining issues are improving. Hedging in Americans has been quiet progressing in advance of the stock exchange holiday tomorrow and the Jewish holiday on Monday next. The operations are not particularly professional and it is to be noted that there is an absence of real pressure.

LIVERPOOL, 2 p. m.—Futures quiet 2 to 4 1/2 net lower.

EMIGRATION TO AMERICA IS STRONGLY OPPOSED

NEW YORK, Sept. 6.—After a tour of inquiry into the immigration situation abroad, which carried them through Great Britain and Continental Europe, the members of the sub-committee of the U. S. Immigration Commission which Senator W. P. Dillingham, of Vermont, as chairman, arrived here today on board the steamship Cedric. The members have obtained data which they believe will aid in solving many immigration problems. The whole committee will meet later and prepare a report. Senator Dillingham said today: "The commissioners gave special attention to the methods employed by the transportation companies in handling emigrants, the effect of the United States immigration laws upon European immigration and the attitude of the various countries towards the departure of their subjects to other lands. The question of preventing the coming of criminal classes into the United States has been a chief subject of investigation by the sub-committee and it is probable that important recommendations on this matter will be made to congress."

BRIGHT DAYS IN STORE FOR DOMINION STEEL

HALIFAX, Sept. 6.—The work of the directors of the Dominion Iron and Steel Company has been concluded and the majority of them have returned home. At the meetings of the last two days, many matters of importance, not only regarding the operation of the plant, but the development of the raw material of the concern was discussed. According to Senator Forget, it was definitely decided to undertake as soon as convenient the further development of the iron ore at Wabana, not only for the purpose of supplying the Sydney plant but also for sale and export trade. The directors appear confident that the properties at Wabana are practically inexhaustible and see in this a new source of development. It has also been concluded to go forward with the development of coal areas so that the company will not be dependent on outside collectors for this most important element in the successful operation of the plant.

FREDERICTON HOSPITAL
DOCTORS COMPLAIN
That Partially Has Been Shown by the Heads of the Institution in Revealing Patients

FREDERICTON, Sept. 6.—The trustees board of the Victoria hospital held an investigation into the management of the institution and the medical staff against the institution. Four of the medical staff were present, viz: Drs. Atherton, G. J. McNally, Bridges and Weaver. Dr. Atherton was heard and made a statement to the effect that a certain physician named Dr. VanWart had been favored at the hands of the management to the injury of the rest of the staff; that he had known of certain occasions on which his own patients had been denied admission to the hospital while he knew that at the time or shortly after, others were allowed to be admitted. Dr. McNally corroborated Dr. Atherton, while Drs. Bridges and Weaver did not wish to make any statement.

STEAMER LADY EILEEN
IS ASHORE AT GASPE

GASPE BASIN, Que., Sept. 6.—About 2 o'clock this morning the steamer Lady Eileen, of the Interprovincial Navigation Company, grounded in the harbor about 40 yards from her wharf. The night was dark and rainy and the captain in all probability was confused by the lights on the schooners and other steamers in the bay. The vessel is resting on sand, but makes her position difficult is that the grounding occurred at high tide and at the low tide of the morning, there was hardly three feet of water about the boat.

LONDON, 2 30 p. m.—Generally speaking the securities markets are dull and in some sections there is a disposition to sell. The foreign houses show a heavy tone and British home affairs after an advance are easing. Foreigners disclosed irregularity early but have steadied and South African mining issues are improving. Hedging in Americans has been quiet progressing in advance of the stock exchange holiday tomorrow and the Jewish holiday on Monday next. The operations are not particularly professional and it is to be noted that there is an absence of real pressure.

LIVERPOOL, 2 p. m.—Futures quiet 2 to 4 1/2 net lower.

PHYSICIAN MURDERED;
WIFE IS UNDER ARREST
Couple Had Separated and Were Trying to Settle Amount of Alimony When Shooting Began.

BARTZIL, Ind., Sept. 6.—Dr. Edward Glasgow, a physician, is dead from three bullet holes through his head and his wife is slightly wounded in the left breast as the result of a mysterious shooting last night. Glasgow and his wife had separated, Glasgow applying for a divorce. Mrs. Glasgow accompanied by Attorney Charles Whitlock, of Terra Haute, drove to a brick plant where Glasgow was to try to arrange a settlement of alimony. Whitlock got out of the buggy and Glasgow got in and started to drive back to the city when the shooting occurred.

CHINESE SMUGGLING
CASE WILL COME
BEFORE JUDGE RUSSELL

HALIFAX, Sept. 6.—The matter of the seventeen Chinamen held in jail in Sydney on suspicion of having been smuggled into Canada from Newfoundland to escape the head tax, is to come before Justice Russell on Tuesday on habeas corpus proceedings. An application for an order for a hearing was made today, and the judge intimated he would grant it this afternoon, returnable Tuesday. Counsel for the Chinamen takes the ground that there is no provision in the statute for holding the Chinese without a warrant and further that they are Canadian citizens, in proof of which one of the Chinamen exhibits a certificate showing that Wong Wing Yun, with the head tax at Vancouver December 10, 1903.

AN ACCIDENT ON THE
NEWFOUNDLAND RAILWAY

HALIFAX, Sept. 6.—Visitors from Newfoundland report a railway wreck on the Reel, Newfoundland, on Tuesday evening at Birchy Cove. The engine, tender and one passenger car left the rails and turned over into the water. No one was seriously injured except the fireman, and it is believed he will recover. The car which turned over was occupied chiefly by women and children.

The boats at Rockwood Park will be available until further notice.

Stylish Felt Hats For Children!

For Children's Fall Headwear **MAGEE'S** are showing Some Very Stylish Felt Hats.

They are English goods in White, Navy, Red, Fawn, Brown and Green colors. They are in the sailor shape, with ribbon streamers down the back, or ribbon bow at side—the Peter Pan shape, caught up in the front—a neat Turban shape, trimmed with cord and ribbon—and a Bun shape with a brim to be turned in any way.

These are for girls or boys, and are made to stand rough wear.

EARLE ATTEMPTS TO
DEFEND HIS CONDUCT
An Incontinent Public Cannot Appreciate the Wisdom of the Course He Has Pursued.

NEW YORK, Sept. 6.—Ferdinand Pinney Earle, the Orange county artist Socialist, who has set his fellow townsmen at Monroe and other persons, all as yet by shipping his young wife with their little son, Harold, off to Europe, so that he may obtain freedom to marry another woman, has written to the World a lengthy defence of his actions, his text being, recent criticism of himself. He says there is nothing brutal or immoral in the fact, except in the attitude of the papers, which are helplessly and hopelessly senseless and harmful servants of exploited millions. "I regret that I am not a woman who is going partly out of my life, and for the sake of the lady who has helped me through this drama and for the sake of families who do not necessarily share our views. As for Harold, he goes to the school of his friends and shall ever enjoy a father's protection and we trust shall live to vindicate his parents."

BOY OF 14 SAVED TWO

BOSTON, Sept. 5.—One boy was drowned and two others only escaped a similar fate by the brave work of a boy companion when a raft capsized on the small pond at the Somerville city ledge pit late today.

NEW YORK THREATENED
WITH A MILK FAMINE

NEW YORK, Sept. 6.—A milk famine threatens the city, according to prominent dealers. They say the shortage is now 30,000 quarts a day, and that the supply is decreasing daily. The price, they predict, will soon advance to 10 cents a quart.

LODGE DISAGREES
WITH WHITNEY

BOSTON, Sept. 5.—Senator Henry Cabot Lodge, Governor Curtis Guild, Jr., and Congressman John N. Weeks were the principal speakers today at the outing of the Plymouth and Norfolk County Republican Club at Nantasket Beach.

Congressman Weeks compared the Republican state administration and the Democratic administration of the city of Boston.

Senator Lodge declared the country could get nothing more from Canada and declared, in relation to the surplus in the treasury, that the secretary of the treasury had made a wise arrangement for the gradual deposit of the entire surplus revenues of the government in the national bank, so as to restore it to the channels of trade. He would have liked to have seen \$50,000,000 of the bonds maturing at the earliest date taken up now at a fair market price, however.

Governor Guild spoke on state issues.

"It must have been a very tender-hearted butcher who killed this lamb," said the cheerful boarder, saving at his chop.

"Why?" asked the inquisitive man.

"He must have hesitated three or four years before striking the fatal blow!"

RED ROSE TEA

"IS GOOD TEA"

200 Cups of Tea

All from one pound of the Blue Label. The Tea will be as strong as you will want it—and it has that rich, pungent flavor for which Red Rose Tea is noted.

Prove it by ordering a package from your grocer.
