RACING
FIXTURES
CANCELLED

London, April 28.—The stewards of the Jockey Club, at the instance of the government, have cancelled all the 1917 racing fixtures that were to have been run after the first spring meeting. The step was taken with a view to saving foodstuffs which are now diverted to the racing stables.

The cancellation of the summer racing dates will prevent the running of such classic events as the Derby, the Oaks, the Ascot Derby, the Eclipse, the Jockey Club and the St. Leger Stakes.

A New and Distinctive
DOMINION TREAD

Anti-skid efficiency and low mileage cost are two outstanding features of this new DOMINION Tread Tire. The illustration shows how admirably it is suited to resist side slip or loss of traction. The moderate price

makes its mileage cost very low, and its dependable anti-skid properties fit it for all-round service.

Because there are so many different kinds of cars and roads and drivers, and no one type of tire can possibly suit all needs, we make four distinct types:

DOMINION TREADS—new, but already they have "made good".

PLAIN TREADS—economical and serviceable.

CHAIN TREADS—the famous, efficient anti-skids.

NOBBY TREADS—"the aristocrats of the road"—90% puncture proof.

Choose with judgment the DOMINION Type that suits your needs, and you will get the most satisfactory service you ever had.
