gramme at the Armories.

A farewell concert was given last evening by the Concert Party of the C. P. O. S. Minnedosa at the Armories under the auspices of the Garrison Sergeants Association of St. John, N. B. After a very excellent programme had been given, which was greatly appreciated by the large audience present, an informal dance was held. During the visit to St. John the members of the Minnedosa have made many friends in the city and it is with regret that good-bye is said to them. They have been most generous in giving entertainments and last evening's added another to the many successful ones at which they performed and which have given pleasure to so many people.

## AS A WOMAN THINKETH

By HELEN ROWLAND  
(Copyright, 1920, by The Wheeler Syndicate, Inc.)  
The Great God—Success!

Every man and every woman worships him—  
That glimmering, shimmering, dazzling god, SUCCESS!  
Yet, like other gods from high Olympus,  
He appears to many guises and disguises—to one as Power, to another as Money, to another as Fame—  
So that only one mortal in a thousand knows him for what he is.

Only one in a million knows his REAL name!  
Are you "a success"?  
I don't mean are you the head of a big enterprise,  
Or the owner of a shop, or the buyer for a big department store,  
Or the editor of a magazine, or the author of a novel,  
Or the wife of a rich man, or the president of a bank.  
You might be the king of a great country, you know—and still be a pitiable failure!

I mean are you GOOD at it—  
GOOD at the thing you are doing.  
Whether it's writing little snubs or big plays,  
Patching china cups or vast canvases,  
Cooking for your own little family or running a string of restaurants.

Composing little love-letters and lullabies, or writing the scores of grand operas.  
Trimming your own hats or dressing like a French mannikin,  
Preaching a great Message to the world—  
Or just making one man—or woman—happy?  
It doesn't matter what you do, but HOW you are doing it,  
How much you enjoy doing it, how much you LOVE doing it,  
And how much of your heart and life and skill you put into doing it.

But, most of all, how much you WANT to do it!  
Have you touched the secret key that unlocks your own genius?  
For, after all, when we speak of "a genius," we mean merely a man who has found the thing that he wants to do.  
And does it with his whole heart and soul and mind—who breathes his life into it.

The author of this year's popular novel or of this week's popular song is NOT "a success," if the novel is tawdry, flashy, and artificial, or if the song is silly, flat, and unattractive.  
The man who is making money in ways that bore him, or that he deprecates and despises, is not "a success!"  
The girl who succeeds in marrying a fortune, and spends her life wishing for love or companionship or freedom or personal individuality, is not "a success!"

Nobody who does anything that he doesn't WANT to do and enjoy doing, merely for the sake of what it will BRING him, is "a success." "Catching on," "getting there," "making it pay"—these are not success! They are the slogans of failure!

The great god, Success, is HAPPINESS!  
And happiness is just doing the thing your heart desires,  
And being able to admit to yourself,  
That you're GOOD—"distinctly good"—at it!

Mr. and Mrs. W. A. Fowler, of Bellefleur Station wish to announce the engagement of their daughter Hazel Shaw to Mr. Joseph Frederick Murray of Woodland, Maine. Marriage to take place in near future.

Annual Circus  
Great Success

Large Audience Delighted at  
Y.M.C.A. — Physical De-  
monstrations Very Good.

The first night of the Y. M. C. A.'s annual circus was staged with great success in the association's gymnasium. A long but varied programme which held the interest of the large crowd throughout the entire evening was carried out with a degree of perfection and precision that was most pleasing.

Physical Demonstrations  
The physical demonstrations were particularly good, and the splendid physique of the boys drew forth much admiring comment. In addition to exhibitions of advanced "gym" work, a squad of very clever tumblers staged a particularly good act, and Charles Cromwell, in his Scottish dance, turned a veritable triumph. His work was fully equal to that of the best vaudeville performers.

Senior Leaders' Corps  
The Senior Leaders' Corps in French drill, the intermediates in mat pyramids, and the Junior Leaders in vaulting horse pyramids were particularly good.

The parallel bar gymnastics was a demonstration of advanced work that has seldom been seen before in St. John. In addition to clever stunts of the troupe, Physical Instructor Bowie, under whose direction the entire programme was carried out, exhibited several difficult positions which were greeted with warm applause.

Troupe of Clowns  
The troupe of clowns fully lived up to their name and kept the kiddies in the audience in a constant uproar of laughter, in which the grown-ups joined in frequently.

The progress of the parade of the mannequins dressed in the very latest fashions of leading Paris modistes, was closely followed by the feminine section of the audience and a good many pointers on style were thus acquired.

The cast was as follows:  
Ringmaster Prof. Cantospezzelli—C. J. Mercereau.  
Prof. High do Nole—H. Barley.  
Acrobats—W. Strling, W. Evans.  
Variety Entertainer—Charles Cromwell.

Tumblers—Morley Ewing, Stan El. Alt, Noble.  
Boxer—C. Johnston.  
Stuntary—Paul Cross, Clayton Urrhart.

Fun-makers—Ken. Jones, Frank Ke. Harold Williams, Geo. Stammers, Jarvis Wilson, Bill Lee, Walter Evans, W. Strling.

Mannequins—Selected group.  
Lecturer—Dykeman.  
Stage Manager—Frank Thorpe.

Assistants—Roy Willet, W. F. Allan, Ushering and refracting in charge of Y. M. C. A. Young Ladies' League.

F. T. Barbour, chairman physical committee; Wm. Bowie, physical director; Nelson McEwen, Boys' Work director; S. B. Stokes, general secretary; Herb. Morton, Association Boys' Work director; Ray Pendleton, social secretary.

All children in Canada, no matter what their nationality or religion, must attend the public schools.

Trades And Labor  
Council Matters

Will Start Publicity Campaign  
in Opposition to Open Shop  
Movement.

A good attendance of delegates marked a meeting of the Trades and Labor Council held at the Oddfellows Hall last evening. President F. A. Campbell was in the chair. A communication was read from the Trades and Labor Council of Toronto, Ontario, stating that strike breakers were now being employed in the manufacture of beaver board in the Thorold plant. The local council will take steps to advise all local labor organizations of the fact.

Reports Received.  
A communication was read from the Rotary Club stating the proposed Boys' Life Survey had been postponed until a more opportune time. The organization committee announced they had attended several meetings of the unions, and that the nail workers were still out.

Organizer Varley reported that G. Quirk, of the Labor department, Ottawa, had been in the city several days, but as the management of the nail works refused to confer with him he had been able to do but little.

The council decided to start a publicity campaign in opposition to the open shop movement being carried on by the employers, and to hold meetings so that the facts might be placed before the public in connection with the various strikes and lock-outs now existing in the city.

WILFULLY BREAKING GLASS.  
Leo Patrick Ryan was given in charge last evening by Leo Shue, proprietor of the Asa Hotel for wilfully breaking glass in his establishment on March 30th. Two drunken and four protectionists completed the lineup for last night.

Hafford, Sask., April 1.—(Special).—Dodd's Kidney Pills have been more faithful friends in any part of Canada than C. H. Pobran, well known and highly respected here. He gives the reason in a few words that go right to the point.

"I was sick in bed for a long time before I used Dodd's Kidney Pills," he says, "and I am healthy now. I am very thankful I need Dodd's Kidney Pills."

It is friends like Mr. Pobran who have given Dodd's Kidney Pills the reputation which for twenty years has stamped them as Canada's standard Kidney remedy.
