PRO-BOER MEETING TRACKMEN'S STRIKE.

London.

London, June 19-Thousands of people began collecting outside of Queen's Hall

ence of the Boer republics, proposed by Baron Battersea, for the Radicals, did not meet with the approval of the Labouchere

Several collisions occurred between the crowd outside the hall and the police, but o casualties were reported. London, June 19—Mr. A. J. Balfour, at London, June 19—Mr. A. J. Balfour, at a Conservative banquet in London tonight, made a strong protest against the action of the Bannerman party in countenancing the pro-Boer movement, thereby prolonging the war, and adding to the already great difficulties and sufferings.

"It is a scandalous and shocking thing," said Mr. Balfour, that such men should, before the whole world, accuse their fellow countrymen and soldiers of carrying on war by barbarous methods."

THE KAISER MAKES

From Recent Events in China, He Deduces a Guarantee of Peace of Europe--Germany

Hamburg-American yacht Victoria-Louise, at which Emperor William made a speech. He told his hearers that he deduced from recent events in China the guarantee that the peace of Europe was assured for long years to come, because the mutual esteem and spirit of comradeship created by the united action of the allied contingents. His Majesty, in reply to the burgomaster

"I express to all of you, comrades on the water, my delight that it has been granted me once more to participate with you in the races of the North German Regatta Club. His magnificence, in his briet, pithy speech, has just given us a picture of the progress made by our fatherland in the domain of aquatic sport. My whole task in future will be to assure that the seeds now sown shall spring up such as we should have, we have won for ourselves a place in the sunshine, and it will now be my task to take care this place remains in our undisputed possession, so that the Sun's rays may shed fruitful influence over our trade and intercourse abroad, and industry and agriculture at home, and also on the yacht-

The more Germans go on the water, whether in yacht races or on voyages across the ocean, or in the service of the German naval flag, the better it is for us, German naval flag, the better it is for us, for once the German has learned to keep an eye on the far houzon the pettiness surrounding him in his daily life disappears. If a man wants to get this broad and higher view, a Hanseatic tour is surely the most suitable place for him. We have drawn out conclusions from what Emperor William, the greatest man, whose progrupout we have just unveiled.

Hansav had to leave off because it lacked the vivifying and protecting power of the empire. May it, therefore, now be the empire. May it, therefore, now be the task of my hour, in profound peace, to promote and protect trade and commerce for long years to come. I behold in the events of which China has been the scene, and of which the present return of the troops marks the close, a guarantee that European peace is assured for tee that European peace is assured for long years to come, for the services per-formed by the individual contingents have called forth appreciation, based on mutu-al esteem and comradeship, which can only al esteem and comradeship, which can only contribute to the maintenance of peace. I trust that, profiting by this peace, our Hansa towns will flourish and that our Hansa will mark out a path for winning and retaining new trade outlets. As the supreme head of the empire, I can only rejoice over every Hanseatic man who goes forth with far-seeing gaze, seeking new points where we can knock in nails

on which to hang our armor." The Kiel Regatta.

Kiel, June 20.—The Kiel regatta opened to-day with fair weather and a light wind. Emperor William's sloop yacht Samoa II was fourth in the contest for the City of Kiel cup. Twenty yachts took part. Among these were the French yacht Arcahon, the English yacht Cis and the Danish yacht English yacht Cls and the Danish yacht Navana.

Ninety-four vessels are now present at Kiel for the regatta and 22 sailing clubs are represented. Vessels from Great Britain, the United States, Russia, Denmark, Norway, Sweden and France, as well as from all parts of Germany, even from so far inland as Munich and Berlin, are here.

The arrival of Mrs. Robert Goelet on her yacht Nahma created a sensation, as the Goelet party was wholly unexpected. Much interest was manifested when they entered a small boat, the Mishe Nahma, for the Emperor William prize contest, notwithstanding the fact that according to the governing rules it was too late for such an entry.

King Edward Will Pay Income Tax.

London, June 20.—Sir Michael Hicks-Beach, chancellor of the exchequer, stated in the House of Commons yesterday that when the income tax was first introduced in 1842 the queen authorized the announcement that she would pay the tax as did her subjects. The chancellor added that the king would follow his mother's example.

McAdam Yesterday.

THE ALLEGED REASON

I have seen the circular issued by the operating officers of the trackmen this afternoon, and therefore feel it my duty to urge the men, many of whom have been in the company's service for several years, to consider the situation carefully before finally abandoning their occupations. The committee had an interview with me at which I heard and gave the gravest attention to everything advanced, in the interest of their fellow workmen.

Had there been the slightest warrant for concessions beyond those already made by the company's officers, matters would ifficulties and sufferings.
It is company's officers, matters would not have been permitted to reach an acute stage. The men charged with the administration of the company's affairs are justified in according to employes the highest pay prevailing on neighboring railways and the greatest consideration in other respects that circumstances will permit. If they go beyond this they are open to the accusation of incompetency or extravagance. The company has no quarrel with the men in the maintenance of way department. Montreal, June 20—Mr. McNicoll, vicepresident and general manager of the C. P.
