Port Hawkesbury, July 14th—The ship Margaret, of Liverpool, GB, arrived on the Sist ult, in a sinking condition, having struck on Causo the night previous. As soon as possible she was run on the Marine Slip, but when being hauled up, she was capsized—the wind blowing high at the time. Being nearly full of water, this had to be pumped out before she was pushed off. The attempt has since twice been made to get her up, but the chain parted each time. Atter repairs she will proceed to Pictou, to load coal for Quebec.
