Youth Challenge International

Toronto- Canadians looking for a chance to put their talents to work on international projects in developing regions of the world are invited to apply for Youth Challenge International.

Youth Challenge International is a new Canadian initiative dedicated to involving Canadians in challenging and unique projects.

In 1991, conservation, medical and community service programs will take place in South and Central America.

Young people between the ages of 17 - 25 years old who have an interest in global development and conservation, who are able to work well with others, and who are willing to work hard should apply now.

For more information and an application, send a self-addressed stamped envelope to: Youth Challenge International, Unit 326, 253 College St., Toronto, Ont., M5T 1R5.

UNB student wins competition

Fredericton, NB (UNB-PRI) - First place in the Canadian Society of Mechanical Engineering's student paper competition has been captured by a student at the University of New Brunswick in Fredericton.

Shayne Mullin won the Atomic Energy of Canada Trophy for his paper, Prosthetic Elbow Design. He also received a \$750 cash prize, a certificate from the Canadian Society of Mechanical Engineers (CSME), and a Hewlett-Packard calculator.

Ten finalists presented papers at the national competition, which was held at the University of Toronto on June 7 in conjunction with the CSME's National Forum.

Mr. Mullin will be entering his senior year of the bachelor of science in the mechanical engineering program in September. He is attending UNB under a subsidy from the Canadian Armed Forces.

A Fredericton resident, he is the son of Mr. and Mrs. Selwin Mullin of Gaspé, Que.

Shayne Mullin
