presents  
**A PARENT EDUCATION SEMINAR**

**AUGUST 29-30**  
**AT PORT CREDIT SECONDARY SCHOOL**

For parents who want to bridge the generation gap, Sheridan College presents a two day session with Prof. Wayne Anderson of the University of Minnesota, Dr. Elmer M. Knowles and J. Joel Moss of Brigham Young University and Mrs. Linda Seppanen of Toronto's Clarke Institute, discussing basic teenage values, drugs and the teenager, discipline, marriage, interaction, building united families and treatment of disturbed children.

Tickets for the two day session are \$30.00 for one day either Friday or Saturday \$20.00.

## COPS back from camp

Twenty members of the COPS corps have just returned from Ipperwash where they have been camping with several hundred Army cadets for the past six weeks.

The principal object of the camp is to teach the boys self-reliance and to gain this end they take part in many varied activities. They are taught map and compass reading and then this knowledge is put into practical use on the field-trek. Watermanship, drill instruction, physical training and sports all help make men from boys for the duration of the camp.

On Aug. 16, Lieutenant-Governor's Day, the boys were inspected by Earl Rowe. The COPS member were proud to be in the group judged best at the inspection.

Cadet Hayes of the Lakeview corps enjoyed a six-week stay at the National Cadet camp in Banff, Alta. The training here is on a senior scale as the boys went on mountain climbing expeditions and a 60-mile endurance hike.

### ANNUAL PICNIC

Lakeview Army and Navy club held its annual picnic earlier this month at Courtcliffe Park. It proved to be the largest one the

the Salvation Army City of Kenmuir is holding Bible school for children over the age of 5 years today, Thursday and day.

### SWINGERS

The Swinging Squads will be square dancing again this fall at the A. Martin school. The season opens Sept. 12 7:30 p.m.

### JUDO

Members of the CC judo club are as follows: 49 boys received the yellow belt; 27 wore the orange; 10 their grades and one member awarded a blue belt. The boys were given a written exam before the practical part of the test.

## Moon rock parties ...new dance craze

One of the social "ins" during the fall season will be an invitation to the Moon-Rock Parties.

J. Tuzo Wilson, principal of Erindale College, will invite scientists and other guests to view the rocks taken from the moon by U.S. astronauts. He has dubbed them Moon-Rock

Parties.

Mr. and Mrs. Wilson will entertain guests in the large granite house built in the Jacobean style in 1930's.

The rocks were taken Erindale for measurement of their magnetic properties by Professor David Strangway.
