Rt.Hon. Arthur Meighen,  
Toronto, Ontario.

Dear Mr. Meighan,-

I am very much in need of funds, and I have the audacity to write you for help, trusting that you are kind-hearted enough to listen to me.

Since the war, I have had a difficult time, having two little girls to raise and educate, and also keep my Mother.

In 1931 I built a home for us and thereby increased my troubles, for I had to obtain a mortgage; then came the depression and I was out of work for two years, using in that period all my available cash, to exist.

I have a position now in the Government Office at \$65. per month and a small job on the side which brings me in \$20. per month.

My object in writing you is to obtain a loan of \$2,000. on my house at 6% interest, the loan to be repayable at \$25.00 per month. I paid \$2650. for my home. When I bought it was out in the country, but now is building up quickly with nice homes and should increase in value.

If you will be good enough to consider this loan, please advise me immediately, as my mortgage falls due this month.

Thanking you in anticipation,

Yours very truly,

(Mrs) B.E. Miller
