March 25, 1920.

Dear Sir,

With reference to your letter of the 18th instant relative to the appointment of an Indian Agent at North Timiskaming, I beg to say that while a knowledge of the French language is desirable it is not essential, and the position need not be re-advertised until it is evident that it would not be proper to confirm the appointment of the present temporary employee.

Yours truly,

Deputy Superintendent General.The Secretary,
Civil Service Commission,
