

"Metallic" Corrugated Iron Barns are Lightning, Fire, and Weather-Proof

Lumber and labor are too expensive to be used in farm buildings; besides, wood buildings are easily destroyed by fire and lightning. "Metallic" Corrugated Iron makes buildings that last a life-time; that are warm and dry, and proof against fire, lightning and weather.

Costs Less Than Lumber

You save money on labor and lumber when you use "Metallic" Corrugated Iron. Write for complete information before you buy any building material. We can save you money. Our corrugated iron is made in galvanized or painted sheets, straight or curved.

Banner Year for the Western Fair (Continued from page 2)

The breeders who made big winnings last year were again in evidence, and some new breeders appeared. The year has made its changes on the quality of some of the animals shown, Springhill Cashier, last year's champion, being defeated by Hillside Peter Pan, who won in the two-year-old class last year, for the sweepstakes ribbon. Alex. Hume, Campbellford, made a grand showing, winning six firsts and both male and female championships. Stewart & Sons, Campbellford, had 17 head on exhibition. A. S. Turner & Son, Ryckman's Corners, were in the money in most of the sections. E. D. Hilliker, Burgessville, though a new exhibitor at the London Fair, won several firsts in the younger sections.

AYRSHIRE AWARDS

Mature bull: 1. Hillside Peter Pan, Hume; 2. Springhill Cashier, Stewart; 3. Netherton King Theodor, Turner.

Four animals, get of one sire: 1. Turner; 2. Hume; 3. Turner.
Two animals, progeny of one cow: 1. Hume; 2. Turner; 3. Hilliker.

Jerseys

Competition was keener than ever before, especially in the female sections. B. H. Bull & Sons, Brampton, and John Pringle, London, were the largest exhibitors. Mrs. Lawrence, London, and Hazelton Farm, London, also had out a few good animals each. Brampton Vixen, a model of the breed, won the female sweepstakes. Mr. Pringle has greatly strengthened his herd during the last year, and is now hard to beat in the show ring. The awards were placed by Mr. W. Humpage, London.

JERSEY AWARDS

Bull, 3 yrs. and over: Bull.
Bull, 2 yrs. and over: 1 and 3. Bull; 2. Pringle.
Bull, senior yearling: 1. Bull; 2. Mrs. Lawrence.

Cleanliness is next to—
Close skimming is of first importance—and Government Dairy School records show what a wonderful machine the Standard is in that respect. After that comes cleanliness. And here again the
Standard

MADE IN CANADA

Cream Separator scores a triumph. Owing to the simplicity of construction and the wide open bowl, it is an easy matter to keep the Standard clean. Long brushes are not necessary because there are no long cream tubes to clog. The spacing between discs and tubular shaft is so scientifically arranged that the discs do not get clogged with foreign matter. It is no trick at all to wash the discs.

three months, there is no opportunity for the casing to become sticky with oil and collect dust and dirt. Cleanliness urges you to get better acquainted with the Standard. See it at our agents. Write for free separator catalogue.
