

I WILL CURE YOU FIRST THEN YOU PAY ME

Dr. S. GOLDBERG,
The possessor of 14 Diplomas and certificates, who wants no money that he does not earn.

The physician who has not sufficient confidence in his ability to cure his patients first, and receive his pay afterwards, is not the man to inspire confidence in those who are in search of honest treatment.

My acceptance of a case for treatment is equivalent to a cure, because I never accept incurable cases. I am satisfied to receive the money for the value I have given the patient, but I expect to prove my worth and show positive and satisfactory results before I ask for the fee. So, should I fail to cure the case, the patient loses nothing, while when I cure him I have given what is worth much more than money—I have given him his health again. I am the very first specialist in the United States who has had sufficient confidence in his ability to say to the afflicted,

NOT ONE DOLLAR NEED BE PAID UNTIL CURED

There is no guess work, no experiment about my method. I am a known expert in my chosen specialties, and offer you the best and only the best treatment. When your life or your health is at stake, inferior treatment (which leaves after-effects worse than the disease itself), is dear at any price.

I have 14 Diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee as to my standing and abilities. It makes no difference who has failed to cure you, it will be to your advantage to get my opinion of your case free of charge.

PHYSICAL DEBILITY

The Latest Method Treatment is a heaven-sent boon to nervous sufferers. There are scores and hundreds of persons suffering from severe nervous disorders resulting from overwork, hurry, worry, business and domestic cares, bereavements, dissipation, etc. To them life is one continual round of misery, while peace, comfort and happiness are impossible. They suffer from headache, loss of memory, mental depression, strange sensations, dullness, dizziness, restlessness, irritability, constant indescribable fear, forebodings, sleeplessness, weakness, trembling, heart palpitation, cold limbs, utter fatigue and exhaustion. In this class of cases almost immediate relief is afforded by my treatment. The use of narcotics and poisonous stupefying drugs is done away with, and permanent cures accomplished.

I Cure Nervous Debility, Varicocoele, Stricture, Early Decay and Waste of Power, All Nervous, Chronic, Blood and Skin Diseases.

X RAY EXAMINATION, ADVICE AND CONSULTATION FREE

HOME TREATMENT

If you are in or near the city you should apply for treatment in person, but if you live too far away, write me a full and unreserved history of your case. You will receive as careful, conscientious and painstaking attention as if you were in my office daily.

As men in different parts of Canada and Mexico, as well as all over the United States, are being cured by my system of home treatment, I feel fully justified in claiming that it is the most perfect and successful system ever devised. All physicians coming to me for consultation over obstinate cases which they are occasionally called upon to treat will receive the usual courtesies of the profession. Medicines for Canadian patients shipped from Windsor, Ont., all duty and transportation charges prepaid.

GOSSIP

Results from well-directed advertising are so sure that it is advisable to prepare for taking care of them even before the advertising is written. "Follow-up" is the first word in publicity as well as the last.—[Printers' Ink.]

An Oregon breeder reports in an American exchange that from a flock of Lincoln ewes that were pasturing during the breeding season last fall in a field in which were a lot of Berkshire hogs that lay with the ewes in the shade, twelve black lambs were born. Only the ewes that were served while in this field with the hogs had black lambs. Ewes are said to be peculiarly impressionable in this regard at time of conception.

There are few breeders in Ontario that have been longer in possession of pure-bred stock than Messrs. John Cousins & Sons, of Harriston, Ont. This firm, whose advertisement runs in this paper, have three strings to their bow, viz., Shorthorn cattle, Oxford sheep and Yorkshire hogs. The Shorthorns are a heavy milk-producing strain, which is a very important feature in beef-rearing. Their herd is headed by the excellent Scotch-bred bull, King Cole =28459, of the noted Nonpareil tribe, sired by Imp. King James. Two useful young bulls, by the above sire, are still for disposal. They are in good growing condition, ready for work, and can be had at very reasonable prices. The Yorkshire herd, although not very large, has been kept abreast of the times. Easy feeders, which does not necessarily mean a short pig, but one with a strong back, a well-sprung rib, and a good middle, have been given the preference in this herd. A new stock boar from the Oak Lodge herd, viz., Oak Lodge Ames, has been added to the herd. He is by the same sire as Oak Lodge Frederick, the St. Louis champion barrow over all breeds, and should give a good account of himself in this herd. The Oxford sheep are in greater numbers than the hogs and cattle, quite a large flock being kept and of prime quality. Showmen frequently make drafts on this flock to strengthen their show flocks. The low-down, blocky ram, Imp. Hampton Hero 4th, is doing good service in the flock, as the fine bunch of good-quality lambs prove. A bunch of good shearlings, both rams and ewes, are for sale, as well as the lambs, and will, no doubt, be eagerly sought after, as sheep are likely to sell well the coming season, better than for several years past. When in want of any of the above lines of stock, write Messrs. Cousins, mentioning the "Farmer's Advocate."

WISCONSIN STALLION LAW.

Professor W. A. Henry, dean of the Wisconsin College of Agriculture, has favored the "Farmer's Advocate" with a copy of the new bill regulating the registration and licensing of stallions passed lately by the Wisconsin Legislature. The bill was drafted by Dr. A. S. Alexander, Professor of Veterinary Science at the Wisconsin College of Agriculture, and is intended to eliminate the scrub stallions from the breeding industry of the Badger State. All stallions in the State under the provisions of the bill are required to be recorded at the horse department of the College of Agriculture, with full description and pedigree, which description and breeding shall be forwarded for record with the register of deeds in the county where the stallion is owned.

Owners of stallions to obtain license have to make affidavit that their horse is free from hereditary or contagious disease. The license certificate will show whether the stallion is a pure-bred or grade animal, and has to be posted at the stables where the stallion is kept during the breeding season. The act will not take effect until Jan. 1, 1906, and is expected to encourage the use of sound pure-bred sires.

The new law is an advanced step in State supervision of the breeding industry, and is a realization of the principles of Government control of live-stock husbandry as well as public sanitation and pure-food production.

The law is a wise provision in the best interests of the horse industry, and is expected to eliminate scrub breeding stock. The bill is framed on lines similar to a law in force in the Canadian Northwest.

Burdock BLOOD BITTERS

Turns Bad Blood into Rich Red Blood.

No other remedy possesses such perfect cleansing, healing and purifying properties.

Externally, heals Sores, Ulcers, Abscesses, and all Eruptions.

Internally, restores the Stomach, Liver, Bowels and Blood to healthy action. If your appetite is poor, your energy gone, your ambition lost, B.B.B. will restore you to the full enjoyment of happy vigorous life.

Improved Chester Whites and Tamworths

From this herd have been winners at leading exhibitions of Ontario and Quebec for a number of years. New importations direct from England, will arrive in May. We have for sale choice lot of young sows, bred; also boars, 3 to 4 months old. Am booking orders for spring pigs. Pairs furnished not skin, express charges prepaid. Pedigrees and safe arrival guaranteed.

H. GEORGE & SONS, Crampton, Ont.

LARGE ENGLISH YORKSHIRES

Fig. of the small covered type, of both sexes, all ages, for sale at all times. We have more imported animals in our herd than all other breeders in Canada combined. We won more first prizes at the large shows this year than all other breeders combined. We won every first but one and all Silver medals and Bacon prizes at Toronto and London and at St. Louis we furnished all the first-prize hogs in the breeding classes except two; also supplied both champions and grand champions. Prices reasonable. **D. C. FLATT & SON, MILLER, ONT.**

ENGLISH BERKSHIRES.

See Grace the Duchess of Devonshire's English Berk. Winners of 103 awards in 1894, including champion against all breeds in carcass competition, London Fat Stock Show. The breeding sows are sired by the champion boar, Bacon Kid-chester 8443. Polegate Daisy, Polegate Daisy, Polegate Daisy—winners in England, Canada and United States—were exported from this herd. For prices and particulars apply to: **Crampton Estate Office, Eastbourne, or to F. A. Walling, 7 Cavendish Cottages, Eastbourne, Sussex, England.**

ORCHARD HOME HERD (Registered)
