

Galvanized Watering Bowls OF IMPROVED CONSTRUCTION.

You cannot afford to be without them, as they will pay for themselves in a short time by increased returns from your stock. Our bowls are superior to any others, and our free literature tells why.

Our new stanchion is in great demand. It seems to be just what progressive stockmen have been looking for, and we want to send you our circulars.

If you intend building or repairing, or want to cover up an old plaster ceiling, give us particulars, and we will mail free catalogue giving information.

The Farm Home AND The Bicycle.

These two things seem to us to be inseparable: The bicycle and the home. In the real homes beyond the city there can be no question as to the absolute necessity of the bicycle. It saves the horses, puts your distant neighbor within easy reach, and gives you city transportation in the country.
