

"Maritime" wire fences are stronger than ordinary wire fences. Made from High Carbon and Hard Drawn steel wire, specially imported from England on account of its superior galvanizing, "Maritime" fences are from 75% to 100% stronger than common wire fences.

**MARITIME
WIRE FENCE**

Sturdy enough and sufficiently high to hold the largest stock, "Maritime" wire fence is still woven small enough to keep in small animals.

The absolute regularity of the weaving, equally distributes any strain or pressure which may occur. "Maritime" wire fences are always taut.
