GOOD CROPS OR POOR CROPS,
Which Shall it be for 1893?

W. A. FREEMAN, Esq.: Niagara, Jan. 27th, 1893.
Dear Sir,—Having given your "Bone and Potash" a fair trial with most
satisfactory results, I have much pleasure in adding my testimony to its ex-
cellence as a fruit producing fertilizer. I have used it at the rate of 1 lbs. per
tree in full bearing. I have placed in the hands of Mr. Gage my order for
eight tons, an increase of two tons on order of last year. Respectfully,
(Signed) J. L. BENN.

W. A. FREEMAN, Esq.: Niagara, Jan. 27th, 1893.
Dear Sir,—Used your potato manure last year, and am well pleased with it.
We used on one piece one sack with manure per acre, on another two sacks
with manure, and a small piece without manure, but with fertilizer at the rate
of three to four bags per acre. The manure plots had at the rate of twelve to
twenty loads per acre. The largest yield was received from the plot where fer-
tilizer alone was used. (Signed) A. G. HOWE.

PEDIGREED BARLEY FOR SALE.
I have 500 Bushels of Pedigreed Duckbill Barley for Sale.

The stock from which my grain was grown has been carefully selected each year for the
last twenty years. It is a heavy yielder; should average from 45 to 60 bushels per acre
on soil suitable for barley growing; have known even larger yields. The grains are large
and plump, straw abundant, stiff and bright. No more apt to lodge than Frye wheat. It
is an upright grower; will outyield six-rowed or any other variety of two-rowed barley on
same land from 5 to 10 bushels per acre. Is far superior to any other variety of two-rowed or
six-rowed barley in both straw and grain, also for feeding purposes. English experts have
reported it an excellent malting variety.

Single Bushels, 80 cents per Bushel.
In Ten Bushel Lots, 70 cents per Bushel.
Twenty-five Bushels and over, 65 cents per Bushel.
Bags, 20 cents each.

All grain put free on board C. P. R. or G. T. R. Cash must accompany all orders.
