JUST RECEIVED.

And for sale at the Book Stores of Mr. Graham, Mr. Fuller, and the other booksellers of the City. A PEEP AT UNCLE SAM'S FARM, WORKSHOP, FISHERIES, &c. BY P. TOCQUE.

Illustrated with Engravings, price 5s., dedicated by permission to His Excellency Sir John Gaspard Le Marchant Governor of Newfoundland.

Opinions of the Press. Mr. Tocque is a "Newfoundlander" but knows more of us Yankees than most of us know of ourselves. His book is quite remarkable. It is full of information, and the very information needed to afford a just estimate of the country.

Such is the quaint title of a neat duodecimo volume which we find upon our table. It is just what it professes to be, a peep at the Massachusetts corner of Uncle Sam's great homestead by a citizen of Newfoundland. Mr. Tocque appears to have travelled with his eyes open, and between the covers of his book the reader can find a large amount of valuable and entertaining reading matter.

The Unrivalled Summer Medicine IS WELL KNOWN TO BE Dr. S. Townsend's Extract of Sarsaparilla.

WHICH assertion is endorsed by the following Testimonial from Rev. James Beattie, Pastor of the Third Presbyterian Church, New Orleans, 18th July, 1850.

Dr. S. P. Townsend—Dear Sir: I feel it to be both a duty and a privilege to say, that for several Summers past I have used your preparation of Sarsaparilla in my family with the happiest effects. Yours, &c., JAMES BEATTIE.

Halifax, January 2nd, 1851. MR. SAMUEL STORY, Junr. DEAR SIR,—I am happy to inform you that I had an opportunity of perceiving the good effect derived from the use of Dr. S. P. Townsend's Sarsaparilla, on Mrs. Rebecca Robinson, of Shelburne, who was considered in a decline, having a severe Cough, with symptoms of Asthma.

She took large quantities of COD LIVER OIL, but without any benefit derived from it; at my request she was induced to try your valuable Sarsaparilla, and am happy to say with great success. She has taken five Bottles, and is now able to go about her house as usual, before taking it she was confined to her bed and not expected to live.

Your obedient servant, JOSEPH WAITERS. Witness Patrick Caulfield, its Constable. April 5th. 6mos. 91—116

TRYERE YOU DESPAIR. HOLLOWAY'S PILLS.

Extract of a letter from Mr. Benjamin Mackie, a respectable Quaker, dated Greenah, near Loughall, Ireland Sept 11th, 1850.

Professor Holloway.—The excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent that I was obliged to walk my room at night for air, afraid of being suffocated if I went to bed by cough and phlegm. Besides taking the Pills I rubbed plenty of thy Ointment into my chest night and morning.

(Signed) BENJAMIN MACKIE.

CURE OF TYPHUS FEVER, WHEN SUPPOSED TO BE AT THE POINT OF DEATH.

A respectable female in the neighbourhood of Loughall, was attacked with Typhus Fever. She lay for five days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her demise. Mr. Benjamin Mackie, the Quaker, whose case is referred to above, heard of the circumstance, and knowing the immense benefit that he himself had derived from Holloway's Pills, recommended an immediate trial, and eight were given to her, and the same number was continued night and morning for three days, and in a very short time she was completely cured.

N. B.—From advice just received, it appears that Colonel Deor, who is with his Regiment in India, the 21st Fusiliers, cured himself of a very bad attack of Fever by these celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking night and morning, copious doses of this fine medicine. The patient should be induced to drink plentifully of luscious tea, or barley water.

CURE OF DROPSY IN THE CHEST.

Extract of a Letter from J. S. Mundy, Esq., dated Kensington, near Oxford, December 2nd, 1845.

To Professor Holloway.—My shepherd was for some time afflicted with water on the chest, when I heard of it I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever he was in his life. As I myself received so astonishing a cure last year from your Pills and Ointment, it has ever since been my most earnest endeavour to make known their excellent qualities.

(Signed) J. S. MUNDY.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from his Lordship, dated Villa Messina, Leghorn, 21st February, 1845.

To Professor Holloway.—Various circumstances prevented the possibility of my thanking you before this time for your politeness in sending your Pills as you did. I now take this opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to effect; nay, not even the waters of Carls, Bad and Harrogate. I wish to have another box and a pot of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant, (Signed) ALDBOROUGH.

CURE OF A DEBILITATED STOMACH.

Mr. Mate, a storekeeper, of Gundaga, New South Wales, had been for some time in a most delicate state of health, his constitution was so debilitated that his death was shortly looked upon by himself and friends as certain; but, as a forlorn hope, he was induced to try Holloway's Pills, which had an immediate and surprising effect upon his system, and the result was to restore him in a few weeks to perfect health and strength, to the surprise of all who knew him. He considered his case so extraordinary that he, in gratitude, sent it out for publication to the Sydney Morning Herald, in which paper it appeared on the 2nd January, 1845. A few doses of the Pills will quickly rally the energies of both body and mind, when other medicines have failed.

These celebrated Pills are wonderfully efficacious in the following complaints:

JUDSON'S CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT, FOR THE CURE OF

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and CONSUMPTION.

DO NOT NEGLECT IT. CONSUMPTION Can and has been cured in thousands of cases by JUDSON'S CHEMICAL EXTRACT OF CHERRY AND LUNGWORT.

And no remedy has ever before been discovered that will certainly CURE CONSUMPTION.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and elevated, and the cough utter hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly adapted to and essentially necessary for the cure of COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrowing Friends and Nurses, have failed to give the smallest relief to the Consumptive sufferer.

THOUSANDS OF CONSUMPTIVE persons have been deceived repeatedly in buying medicines which were said to be infallible cures, but which have only proved palliatives, but this medicine is not only a palliative but a cure for ulcerated lungs. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as Spitting of blood, coughs, pain in the side, night sweats, &c. &c.

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine, but the publication of them looks too much like Quackery, [will show them to any person, calling at our office.] This medicine will speak for itself and enough in its own favour wherever it is tried.

CAUTION.—This medicine is put up in a large bottle, and the name of Judson & Co., Proprietors, New York on the splendid Wrapper around the Bottle. All orders must be addressed to Constable & Brother, No. 9 John Street, New York.

Sold wholesale for the Proprietor in Nova Scotia at Morton's Medical Warehouse, Halifax; in Windsor by Mrs. Wiley; in Dartmouth by D. Farrell, and by one agent in every town in N. S. and N. B. Enquire for Constable's Almanac for 1852 which is given in all gratis.

LIFE AND FIRE INSURANCE. The Underwritten Life Insurance Company of the "Trenton Mutual Life Insurance Company of Trenton," United States, and having prospectively to take the Agency, provided satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital stock of the Trenton Mutual is now \$2,500,000, well secured in good productive stocks, Mortgage on Real Estate, and Cash in Banks—and is doing a very large and as yet from its commencement in 1847, a very successful business.

In the Life Department they issued the first year, ending 1st October, 1849, 357 Policies—a number which very few Companies of long standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premiums then payable, which are lower than any of the English Companies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

TO THE PUBLIC. An Effectual and Never-failing Cure for Erysipelas.

THE SUBSCRIBER has for some time prepared a medicine for the cure of Erysipelas, and Eruptions of the SKIN, which has not only immediately relieved all who have used it, but effectually cured them. She is desirous that those who are afflicted with what, in many cases of that disease, is considered incurable, and that all who are suffering from its attack, may have the benefit of the wonderful power of HEALING OF THIS MEDICINE, and removing all diseases of ERYSIPELAS OR SALT RHEUM.

MRS. C. BERTHAUX, Nictaux. It may be procured from any of the following AGENTS: John Naylor, Esq., Halifax. Andrew Henderson, Esq., Annapolis. Daniel More, Esq., Kentville. William H. Troop, Esq., Wolfville. Elder Samuel McKeown, Barrington. T. R. Paulin, Esq., Liverpool.

CERTIFICATES. Of persons who were suffering from severe attack of Erysipelas, who had tried the many remedies which are usually prescribed from which they found no relief; but on applying Mrs. BERTHAUX'S MEDICINE were effectually cured.

This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Doctors call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several Physicians, but to no purpose as my suffering only increased. I applied Mrs. BERTHAUX'S MEDICINE for a short time and was soon cured of every vestige of the disease. The thankfulness which I felt, on the long and painful disease being removed, was much more than tongue can express. After three years from the time when I used the Medicine, was threatened with a relapse or return of the disease, I applied the Medicine and the disease disappeared. From that time to the present, I am perfectly free from all symptoms of Erysipelas or salt Rheum. I therefore heartily recommend it to all who are similarly afflicted, as a speedy and effectual remedy.

ANN S. WHELOCK, Nictaux. August 5, 1847.

This is to certify that my wife was attacked with Erysipelas in the face. I applied Mrs. BERTHAUX'S MEDICINE, and the first application stopped its progress; and, continuing the medicine, in less than a week my wife was quite well. ELIAS GRIMES, Wilmot. May 1st, 1848.

This is to certify that my son was severely afflicted with the Erysipelas in his leg last summer, so badly that he scarcely slept for five successive nights. I then procured some of Mrs. BERTHAUX'S MEDICINE, and applied it, and in the course of one week, the boy was well, and I verily believe if I had not used the above Medicine, that he would have lost his life. WILLIAM GORDON. Sworn before me, THOMAS C. WHELOCK, Esq. May 16, 1850.

Wilmot, May 15, 1850. This is to certify that my daughter about a year ago had a very severe attack of Erysipelas in her head and face, so much so that there was little hope of life. Medical aid was called, but the word was, that all was over as the dreadful disease had overpowered the brain, and she was raving distracted. In this extremity I had accidently heard of Mrs. BERTHAUX'S MEDICINE. I went and got a small phial, and proceeded to apply it as directed; and almost instantaneously the disease was arrested from further progress, and, in a few days, the swelling was gone, and her natural colour returned, and she is now alive and well. WILLIAM MEWAN. March 5, 1851. Wesleyan & Athenaeum, 6 mo. ea.

This Institution has been opened and in successful operation upwards of eight years. The manner in which it was founded and established, the principles enunciated at its opening as those upon which it should be conducted, and the arrangements which were made for carrying out its designs in all its departments, in both school and family, were such as to secure for it, from its very commencement, a very high place in the public estimation. And the Committee of Management of the Trustees, upon whom the direction of its affairs has devolved, have been encouraged and stimulated by its prosperity to continued efforts to render it ever increasingly efficient. Every year in its history has been marked by important additions to its educational facilities, and by more or less extensive general improvements throughout the establishment. The attention of young men seeking an education, and of Parents and Guardians of Youth, is, therefore, cordially invited to it as an Institution well equal in every respect, for the purposes for which it was founded, to any in British America.
