Extract of Hemlock Bark—Extract  
of Oak Bark

Important to Tanners, Merchants, Machinists, Lum-  
bermen and Capitalists seeking for a Remunerative  
and Profitable Investment in Canada.

THE IRVING BARK EXTRACT COMPANY OF  
BOSTON have succeeded in perfecting a Machine for  
obtaining by compression from unground Bark, all  
the astringent and Tanning properties of Hem-  
lock and Oak Bark.

By the operation of this Machine, which can be  
taken into the forests of Canada, on the spot where  
the Bark is peeled, the actual Tanning principle of  
the Bark is extracted by compression, and is pro-  
duced in so concentrated and so small a bulk, that  
it can be conveyed to market, ready for use, at a  
mere fractional part of the expense required to  
freight the crude Bark; 40 galls. of this Extract,  
weighing 400 lbs., can be obtained from one cord of  
first quality of Hemlock Bark, and this is worth for  
home use or for exportation \$20 per barrel.

We are now ready to grant licenses or to receive  
orders for these Machines.

Any further information may be obtained by  
addressing

THOS. W. JOHNSON,  
At American House,  
Boston, Massachusetts.
