To Reorganize The Work of Inspectors

A complete redistribution of the
work of liquor license inspectors
throughout Ontario, including a reduction
in their number to about one-half
the present number engaged in this
work, is expected to be undertaken
by the Ontario License Board about
the first of the year. Provision was
made in the Act that inspectors should
give their whole time to the work, but
the revision of affairs which this would
entail was left over until the Board
had made a complete inspection of the
Province. By the end of the year
the Board will have visited every
license district in Ontario, and follow-
ing their decisions as to the renewal
of licenses, etc., the work of reorgan-
ization will begin.
