

Glained by the Way.

A man's wife is never more economical than when she buys his socks and ties.

A delicate pomade is the best form of hair dressing. Berine is that and more; it makes the hair grow. 50c. a jar.

Whenever I find a great deal of gratitude in a poor man I take it for granted there would be as much generosity if he were a rich man.—Pope.

A Place in the Family.
If you and your family were obliged to depend on one medicine what would you choose? It is not difficult to guess what medicine Mrs. J. A. Gray, Seattle, N. B., would choose, for she writes:—For five years my husband and I have used Dr. Chase's Kidney and Liver Pills for kidney trouble, biliousness and constipation and find them indispensable as a family medicine.

Sue—Don't you know, George, kind me at the door last night twice before I could stop him!
Mae—Gracious! What check!
Sue—Both.

See that you get the real thing. Unscrupulous makers are putting up a counterfeit of "the D. & L." Menthyl Plaster. The genuine is made by Davis & Lawrence Co.

Effective, economical, pleasant what more could you ask. Davis' Menthyl Salve fulfills these specifications and is the best remedy for bites and stings, skin diseases, piles, etc., 50c. per tin.

"You were very cold last evening," phoned the young man to the girl he had called on. Then he added anxiously, "What's the outlook for tonight?"
"Fair and warmer to-night," came the answer, promptly.

PILES
Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids and every form of piles. See testimonials in the press and ask your money back if not satisfied. Sold by Dr. Chase & Co., Toronto.

DR. CHASE'S OINTMENT.
The Sunday school lesson was relative to "Daniel in the Lions' Den."
"Now, Johnny," said the teacher, "what great man was in the lions' den?"
"Roosevelt," was the prompt but unexpected reply.

It's Worry That Kills.
Nothing so wastes the vital nerve force as worry. Nothing so certainly retards the reaction to health. Get out into the sunshine, be cheerful, eat a good meal, and you will be well on your way to health. Dr. Chase's Nervine Food to rebuild the wasted nervous system, and you will be well on your way to health. This advice will be better than gold to you if you will but follow it.

Visitor—So your boy is in college, is he, Mr. Corntosse?
Farmer—I can't say exactly. He's in there till nine, an' in there rowin' crew, an' in there jinnazzeum, an' in there domitory, but whether he's ever by his letters.

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by Rand's Drug Store.

New Glasgow Eastern Chronicle: Telling about the salmon in the Musquodubi river the Truro News states that a 25 pounder was killed last week, and a big one, 20 pounds, hooked by the tail, gave the angler a lively time, etc. While there may be reasonable doubt about our contemporary's facts, it's the revised spelling that hurts our feelings, and gives us a pain. The immortal Burns, while writhing with pain from aching teeth, keekle, while raging mad I wish a heckle were in their clasp, or words to that effect. Often when reading the News we wish the neighbors' cows would look the editor in the same place until he promised to spell like a Christian.

Sun Bathing.
Sun bathing will increase the body's latent store of vitality, and its benefits will extend into the fall and winter months. At the outset, unwise exposure to the sun's rays will cause sunburn and serious discomfort. To avoid this, expose the body to the sun for only a few minutes on the first day, and gradually increase the time of exposure. In taking sun baths remember that they should bring you comfort.

If you should suffer from sunburn, wet cloths applied to the affected parts will relieve the inflammation. While the wet cloths will not greatly allay the pain, olive oil may be recommended, as it keeps the skin from cracking and drying. It should be applied after the wet cloths are removed, as it will prevent moisture from reaching the skin, if used before applying the cloths.

If You Want to Keep Young.

Hold young thoughts persistently. Avoid fear in all its varied forms of expression.

Never look on the dark side; take sunny views of everything; a sunny thought drives away the shadows.

Keep your mind young by fresh, vigorous thinking, and your heart sound by cultivating a cheerful, optimistic disposition.

Keep busy; idleness is a great friend of age, but an enemy of youth. Regular employment and mental occupation are marvelous youth preservers.

Avoid anger, discord, hurry, or anything else that exhausts vitality or over-stimulates, whatever frets, worries, or robs you of peace or sleep will make you prematurely old.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by Rand's Drug Store.

Good and Bad Luck.
Sir Wilfred Laurier put a homely lesson in brief form in his speech at Winnipeg the other day, when, discussing the question of what constitutes good luck or bad luck he said: "Two boys go to work in the same shop; one is industrious, willing and ambitious; he works hard, getting the approbation of his employer. He is promoted by and by and ambition rises. He goes into business for himself, and by-and-by becomes a capitalist of industry. This is the lucky boy. What of the other boy? He works in a perfunctory manner, never does extra work without extra pay. He remains where he was at first. This is the unlucky boy."

What is Best for Indigestion?
Mr. A. Robinson of Drummond, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at Rand's Drug Store.

Canada's Future.
Canada, which became a "dominion" on July 1, 1867, kept her birthday year with every prospect of a golden future, though British Columbia has previously been the scene of more than one disappointed "gold-rush." Among the Canadian towns which have sprung into prosperity during the forty-three years of the Dominion's existence, even more rapidly than American cities, there is one felicitously named Asquith, it is situated near Saskatoon, the exact centre of the Canadian Empire, the geographical centre of the British Empire. Therefore Asquith is near to the heart of the Empire. There appears to be no flaw in this logic.

Granulated Sore Eyes Cured.
"For twenty years I suffered from a bad case of granulated sore eyes, says Martin Foyd of Henrietta, Ky. In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since. This salve is for sale by Rand's Drug Store."

A Successful Temperance Hospital.
The latest annual report of the Frances H. Willard Hospital has just been issued, which shows that 1,315 patients were cared for during the year in this hospital, which is conducted strictly on a non-alcoholic basis; that 780 were discharged cured, 310 improved while 74 per cent. died. The institution is in a satisfactory financial condition and donations during the year aggregated \$1,566.50. The hospital, which is located in Chicago, conducts an official training school in which the teaching of scientific temperance truths is a conspicuous feature.

An English Chemist Has Discovered How to Grow Hair.
RAND HAS IMPORTED IT.
In England the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery. It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long looked-for article is proven every day.

The Americans are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called SALVIA, and is being sold with a guarantee to cure Dandruff and to grow hair in abundance. Being daintily perfumed, SALVIA makes a most pleasant hair dressing. Mr. Rand, your druggist, is the best to import this preparation into Wolfville, and he has generous bottles can be purchased for 50c.

Fooled the Town.
University students have long enjoyed reputation as practical jokers, but there has been nothing quite so successful as the famous sultan of Zanzibar hoax of some years ago at Cambridge. One day the mayor of the town received the following wire from one Henry Lucas, Hotel Cecil, London: "The Sultan of Zanzibar will arrive at Cambridge at 27 for a short visit. Could you arrange to show him buildings of interest and send carriage?" The mayor rose to the occasion, and in due course two dark complexioned gentlemen with turbans and voluminous trousers arrived at Cambridge. The mayor and corporation entertained them right royally, but to their chagrin they discovered a few hours later that the interesting orientals were simply a quartet of undergraduates who had played an immense practical joke upon the town.—London Spectator.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by Rand's Drug Store.

The air of a room may be wonderfully freshened by putting a few drops of oil of lavender into a bowl of boiling water and letting it stand until the water is quite cold.

Semi-Steel Fire-Pot—Not Gray Iron
A FIRE-POT is a household necessity. A tremendous heat and to dispel the attacks of sulphur fumes.
The material commonly used for a fire-pot is gray iron. The Sunshine fire-pot is Semi-Steel.
Now, avoiding technical terms, gray iron has what may be called "pop" pores. Through these "pop" pores the destructive sulphur fumes attack the iron and hasten disintegration.
On the other hand, Semi-Steel is a close-grained material, with a smooth-glass surface which practically seals "pop" up the pores. Semi-Steel easily repels the attacks of sulphur fumes and thus greatly prolongs the life of the fire-pot.
A Semi-Steel fire-pot weighs 40 per cent. heavier than the same size and pattern in gray iron. It is therefore better able to endure tremendous heat.
Semi-Steel is made by an exclusive McClary process. You can only get a Semi-Steel fire-pot with a McClary furnace. That is one strong reason why you should have the Sunshine installed in your home. Our agents in your locality will tell you many other reasons. Ask him.
Remember, the Sunshine is guaranteed by the largest makers of furnaces in British Empire, to heat your home to your entire satisfaction.

EVERY good grocer is willing and anxious to please his customers. Sometimes if he happens to be out of the goods you ask for, he may recommend a different brand rather than keep you waiting. But when it comes to flour, he knows that Ogilvie's

Royal Household Flour
is one of the things for which there is no substitute. No other flour is "just as good." Ogilvie's "Royal Household" is in a class distinctly by itself. To offer a substitute for "Royal Household" would be like offering oleomargarine to a customer who wanted prime dairy butter. No good grocer would do it. When you tell him you want Ogilvie's Royal Household Flour, he will send that and nothing else.

Hang Week's Wash in a Few Minutes on a Hill Clothes Dryer
Clean Compact
Why continue to fuss with an ighty, ungainly clothes line and poles when you can get this neat, compact, convenient Hill Dryer.
Instead of being spread all over the yard and supported by numerous poles, every inch of every line on the Hill Dryer is within easy reach—so you can hang the whole wash without moving a step, without having to drag the heavy clothes up and down the yard through snow or damp grass.
Set up a Hill Dryer in a convenient spot near the house and see how many steps, how much time, work and bother it saves. Once you use it and you could ever come back to the old-fashioned clothesline method.
Hill Dryers are made in several sizes and fit for lawns, balconies and porches. Hold 100 to 150 feet of line—revolve so line comes to you—taken apart, folded up and put away, clear of obstructions.
Let us put one up in your yard ready for next wash-day. Or call and see it.
Quotations gladly furnished on application.

The Ten Commandments and the Drink Habit.
I say to you, gentlemen, that the Bible is against the liquor traffic. The ten commandments forbid the liquor traffic. "Thou shalt not kill," and the liquor traffic kills. "Thou shalt not steal," and the liquor traffic steals from 10,000 American homes the light of love, the opportunities of love, the opportunities of life. The liquor traffic steals from a million American boys and girls the happiness that ought to be theirs. The Bible is against the saloon. If an eloquent friend would stand by the logical inferences of his argument on this point, he will be compelled to advocate polygamy and concubinage, because they, as well as the liquor traffic, are not distinctly prohibited in terms by the word of God. The ethics of the scriptures are representative and not specific. No sane man to-day dare take the ground that the prohibition of the drink traffic is against the commands of scripture.

Temperance Work Among Seamen.
Some interesting incidents relating to temperance work among sailors of the British Navy and among seamen in general have been recently given out by Secretary Matthews, of the British and Foreign Sailors' Society, the headquarters of which are established in the British Metropolis. This organization has over ninety years' work to its credit and stands as one of the most active and successful agencies promoting sobriety among sailors.
In furthering its purpose of administering to the social, intellectual and religious needs of seamen, afloat and ashore, the society comes into helpful touch with large numbers of foreign sailors including Japanese, Greek, Scandinavian, French and Spanish seamen, as well as those of native birth, and by providing rest and reading rooms, and healthful and wholesome recreative interests and environments during their period on shore are able to materially offset the temptation or tendency toward drinking habits. This good work is further extended to the ship themselves where ocean loan libraries have been established with other opportunities for improvement and recreation, apart from the influence of intoxicating drinks.
Records of the work of the past year show that over 300 meetings were held on board ship during 1909, which were attended by more than six thousand seamen. More than seven thousand meetings were held on shore, which were attended by 336,146 seamen, and during the year 1,142 temperance pledges were taken. All this in addition to the long story of ships, lodging-houses, hospitals and prisons visited, and the great work of distributing helpful literature. Branches are now established in 116 ports and the work is still extending. The results of these influences show well from a temperance standpoint and are indicated in the testimony of admirals and naval officers.
Lord Charles Bessborough, on the eve of hauling down his flag, wrote the secretary: "I am well aware what a benefit the Rests of your society are to the men of the Royal Navy and the immense good they do to the maritime community in promoting sobriety and general welfare."
Sir Percy Scott, vice-admiral, commanding the Second Cruiser Squadron, has also written a tribute to the work, stating that during the visit of the squadron to Monte Video, the local organization of the British and Foreign Sailors' Society was of the greatest assistance to the men while ashore on leave, working for others, and was highly appreciated.
As an instance of the growing sobriety of the British sailor, it may be added that on the occasion just mentioned there were 6,800 men ashore daily for eight days and not an odd police case, nor a single case of drunkenness occurred. One fact like this speaks volumes, and is worth as to the character and conduct of the men, often under trying circumstances of treating, etc.) volumes of theories. At the same time, on the other side of the great Panama at Buenos Ayres, some thousand British merchant seamen were taken by train on a New Year's picnic. The local press, in reporting the outdoor sports, and the thirsty weather, etc., said: "Not one sailor or fireman was seen. The reason

EVERY ONE SEEMS TO BE TAKING "FRUIT-A-TIVES"
Demand Always Increasing
Because "Fruit-a-tives" Cures
The real value of any article may be judged by the demand for it. Steadily increasing sales are the surest indication of intrinsic merit. This applies to a medicine as well as to a breakfast food. First introduced to the public in Ottawa, the fame of "Fruit-a-tives" quickly spread, and today these fruit juice tablets are known and used in every section of the Dominion.
The only reason for this extraordinary demand is that "Fruit-a-tives" is the only medicine in the world made of fruit, and is the only remedy that will positively cure Constipation, Biliousness, Indigestion, Dyspepsia, Backache, Headache, Neuralgia, Rheumatism, Lumbago and Kidney Troubles. One has only to read the testimonials given to "Fruit-a-tives" by some of the people of Canada, to appreciate the wonderful amount of good that this fruit and fruit medicine has done and is doing for the sick and suffering.
See a box, 6 for \$2.50, or trial box, 25c. At druggists, or sent by mail on receipt of price by Fruit-a-tives Limited, Ottawa.
