DEAR ADVOCA—

1 am very he by indeed to stand corrected in regard to the authorship of the statement to which I took exception in my notice last week. In looking at the article again I see it was not the Rev. Mr. Chapman but the Rev. Mr. Berry, who stated that the Baptists had sprung from the Congregationalists, and that the first Baptist Church was organized in the year 1522.

I would beg leave however still to challenge the statem and in justice to myself and the denomination with which I stand connected. I must ask Bro. Berry to show that the Baptists sprung from the Congregationalists, or that the first Baptist Church was organized in the year 1522. or hat they are dissenters, properly speaking from any

and a good-sized lump of maple candy, form the materials from which we might deduct self-evident conclusion regarding the facility with which attachments are formed in early life, when the circumstances are at all favorable. Among other good illustrations we might also particularize the case of the little fellow, who, as an inducement to his indulgent maternal relative to make an addition to his customary dose of Robinson's Phosphorized Emulsion,

suddenly brought the matter to a focus by exclaiming appealingly—"Just gim'me one more teaspoonful and I'll go right off to sleep."

This Oilis abstracted from peculiar species of sma'l WHITE SHARK caught in the Yellow Sea, known as CARCHARODON RONDELETH. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1410. came so universal that for OVER 300 YEARS NO DEAF-NESS HAS EXISTED AMONG THE CHINESE PEOPLE. Sent. charges prepaid, to any address at \$1.00 per heart. Hear What the Deaf Say!

Cherry Pectoral. No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be

taken in all cases without delay.

A Terrible Cough Cured. A Terrible Cough Cured.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now & 2 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

Croup. — A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in fhe house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
MRS. EMMA GEDNEY." our gratitude? Sincerely yours,

159 West 128th St., New York, May 16, 1882. "I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever ied. A. J. CRANE.' Lake Crystal, Minn., March 13, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON." Palestine, Texas, April 22, 1882. No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
