

MINISTER DISCUSSES HIS WIFE'S TROUBLES

Rev. A. H. Sykes, former pastor of the Watkins Park Presbyterian church, Nashville, Tenn., says: "After seeing what Tanlac has accomplished in my wife's case, I am convinced that it is a medicine of great power and extraordinary merit. I do not think I have seen anything give such prompt results. Mrs. Sykes has been in delicate health for 10 months, suffering from stomach trouble and nervous breakdown. "I frequently sought medical advice but Tanlac is the only thing that gave her any relief. After taking the medicine only a short time, she was able to sit up and help with the household duties. I think it only a short time until her health will be fully restored."

Tanlac is sold by leading druggists everywhere.

NORTH'D SHALE

A number of samples of building bricks fire blocks, electric conduits, etc., made from shale deposits on the land of Rothwell Coal Co., Northumberland Co., are on exhibit at the office of Robt. Reford & Co. The materials are all of a very high class, and the bricks have a very attractive finish. As there are several layers of shale the colors vary greatly, although no artificial coloring is used in any of them. The bricks are made from the shale by a dry process. The material on being dug up slakes itself so that no water has to be used. The deposit is from 80 to 100 feet in depth and is in four layers, each of a different variety, but all resembling soft, slaty stone. It averages fifty to sixty thousand tons to the acre. Samples were sent to the Ceramic Department at Ottawa which reports that the deposits are superior to anything of their kind east of Saskatchewan.

Holiday Time-

Freedom from all aches and pains assured by

NO LUCK YET IN THE MURDER CASE

The search for the murderer of Sadie McNeil still continues. The detectives have been busy looking up alleged clues around the city, but nothing has been discovered which sheds any light on the whereabouts of the murderer.

Reports of arrests of the suspected man continue to come to the local police from outside points, which are all carefully investigated. The photograph of the man arrested at Wolfville, N. S., on Tuesday last has been received by the police and has been shown to the girls who saw the suspected man. The girls told the police that they did not recognize the photo. Notification to that effect is being sent to the authorities who are holding the man.

Sergeant Detective Power said today no additional information has been received about Billy McNeil who was arrested at his home, East Point P.E.I. McNeil is reported to resemble the description of the murderer, and recent actions near Picton aroused the suspicion of the police.

A photograph was received this morning from the police at Windsor, N. S., of a suspect, but as yet has not been shown to the girls. The detectives do not think the man resembled the description of the murderer.

Many letters are coming in to the detectives, telling about suspicious men. One from Amherst tells of a man seen there who answered the description and one from Campbellton incloses an American paper with an account of two men arrested on the charge of theft, one of whom answers the description of the murderer. The detectives sent a complete description to the police in the American city.

Crows Were Letter Carriers
In ancient days crows were employed as letter bearers.

Pain in The Pit of The Stomach?

REDMAC RELIEVES IT!

Truly wonderful how quickly you can get rid of all Stomach trouble. Redmac goes right to the seat of the trouble. Mrs. Vanhorn, of Winnipeg, writes: I have suffered for years, from Indigestion. I would get such a sharp pain in the pit of my stomach, it would almost double me up at times. During this time I have not known what it was to enjoy a meal. I got very thin and weak. I have been taking Redmac and what a blessing it is to me. I can eat three square meals a day now.

If you want to feel fit, if you want good strong nerves, lots of good pure blood and plenty of energy and vitality, you get a bottle of Redmac and see how quickly it will put you on the road to good health. Go to your druggist today and get a bottle of this wonderful Tonic, made from herbs and roots from foreign countries.

Hangs By His Teeth Until Bomb Explodes

Bonette, Great Aerial Artist Has Something New in Thrills for St. John Exhibition.

How would you like to go up, straight up, nearly one mile in the air, hanging by your teeth alone to a trapeze, suspended from a balloon by a vicious-looking bomb?

How would you like to have that bomb explode with an air-splitting roar and be cut suddenly loose from the sustaining balloon?

How would you like to take your chances on the parachute concealed in that bomb opening its wings in the smoke-beclouded air, in time to check your descent to the waiting earth?

Too many thrills all at once, you say. But you see all these and more at the big, free, out-door show at the St. John Exhibition which opens its doors September 3, only a few weeks hence.

Bonette Brothers, great aerial artists, will perform daily this daring feat which surpasses any aeroplane act ever seen. Also at the Exhibition will be the educated Baboon family, the Maffia-Barte troupe of comedy artists, high-wire walkers and trick bicycle riders—a real circus within an Exhibition.

Industrial and Live Stock exhibits promise to surpass all previous records at this fair. Excursion rates are again in force on all railways and the general interest in the Exhibition is evidence that St. John is to see a great influx of visitors.

WHITNEY NOTES

Whitney, Aug. 25—The weather for the past few days has been very favorable.

On Wednesday evening the Strathadam Missionary Society held a fancy sale, and supper in the Public Hall.

Miss Sarah McCole has returned from the west and is spending her vacation at her home in Strathadam.

The W.F.M.S. met at the home of Mrs. Chas. McKay on Saturday afternoon.

Miss Leila McKenzie was the guest of Mrs. Clifford Parker for the past few days.

Mrs. J. Cunningham is visiting her sister Mrs. Melvin Stewart.

Mr. Wm. McLean has returned from a sporting trip to the Bald Mountains.

Miss Jean Sinclair spent Wednesday in Halcob attending the Ferguson-Johnston wedding.

Mr. and Mrs. Pearl Morton and children of Moncton spent a few days recently with Mrs. Morton's parents Mr. and Mrs. John Hare.

Mr. Winslow Morehouse of Blackville spent the week end with friends here.

Tacitus
Tacitus tells a fine story finely; but he cannot tell a plain story plainly.—Macaulay.

BIG GAME IN N. B. PLENTIFUL

Seventy-five moose were seen recently on a brief visit to Caino River, by Harry Allen, New Brunswick guide, who enjoys world-wide fame as a hunter, trapper, guide and all around sportsman and good fellow.

The moose wintered well, Mr. Allen said yesterday, after his arrival here a shopping trip, and have had a good summer, with little annoyance from flies. He pointed out that the mosquito nuisance was negligible this year as the swamps were dry, hence there was comparatively little breeding, as the mosquito breeds only in still water.

Concerning deer, he advised that they are very plentiful, but that he had noticed few caribou. The latter species he remarked, will soon be driven out of the province, as the moose and especially the deer eat the food which is necessary for the existence of the caribou.

Discussing further the question of food for the game, Mr. Allen explained that the bug worms had wrought havoc on the balsam which is the chief winter food of moose and deer. He intimated that the day is coming when the province will have to plant summer food for the game as the lily pads and grasses are rapidly being depleted, as the moose and deer bury their heads in the waters of the pools and lakes and eat the roots as well as the tops of the lilies and grasses. He suggested that wild rice could be planted and would solve the problem.

Partridges are very numerous, according to Mr. Allen, and are plump, while the woodcock, brant and geese are often seen.

More fishermen have come to the province since this summer from out side points than in former years and have met with success in their trips. A satisfactory hunting season is anticipated.

West May Be Stocked Up With Harvesters

Winnipeg, Aug. 10—With approximately 25,000 harvest hands required for Manitoba and Saskatchewan, already in the West or due to arrive in Winnipeg tonight, it was decided at a meeting of employment officials here today to notify the railway officials that further excursion trains from eastern points should be held up, pending a survey of conditions. Whether the west has sufficient farm labor or not will be decided in the next day or so.

Montreal, Aug. 10—The following announcement was issued by the C. P. R. today:

"The second harvesters' excursion advertised to be run on Aug. 17th will be cancelled owing to the fact that the first excursions run by the railways have sent forward sufficient help to meet the demands at this date. If it is found that a further demand for help is made for farm laborers, the railways will arrange for an additional excursion to be run."

ABIDING FAITH
The maid of a prominent citizen arrived home from church on Sunday morning out of breath and her mistress asked her what was the matter. She said they had prayed for rain in her church and she had run home for fear of getting wet.
