

THE Triplex Springs of new Overland 4 make possible the first light car with the steadiness of a heavy, long car.

Public appreciation of the new features of Overland 4 is shown in ever-increasing demand for this car. Upkeep cost is low because the Triplex Springs protect the mechanism from the usual road shocks. Light weight creates great economy of fuel and tires.

"Gosh! How my back aches!"
After Grip, "flu" or colds, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys.
This is the red flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful discovery of Dr. Pierce's known as Anuric (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.
Send 10c for trial pkg. of Anuric to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.
Pierston, Ont.—"I was troubled with rheumatism in the right limb and hand for several years, and lately in the left shoulder. The only way I could lie was on my back, and I had great difficulty to sit down and more to get up. Recently I had a very severe pain in my back. I have taken Dr. Pierce's Golden Medical Discovery several times with the most satisfactory results, so I concluded to give his Anuric Tablets a trial. The pain in limb and shoulder has stopped entirely, and in right hand it is very slight and getting less all the time. I can now sit or lie in any position I wish without discomfort or pain. I certainly will recommend Anuric; there is nothing nearly so good; I have tried them all."—GEORGE BOOS, cor. Duke and Waterloo.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since Aug. 1, 1914, and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red

Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth.

In all the various departments the record. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the same rate of growth has been reposition which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.
