ADMIRALTY CHANGES.

LONDON, Aug. 6. Official announcement was made at the Admiralty to-night that Admiral Sir Cecil Burney, Second Sea Lord, had been replaced by Vice Admiral Sir Rosslyn Wemyss, Alan Garrett Anderson, hitherto Vice Chairman of the Wheat Commission, succeeds Sir Eric Campbell Geddes, the new First Lord of the Admiralty, as Controller of naval construction.

OVERHAULING THE ADMIRALTY.

LONDON, Aug. 7. The changes in the British Admiralty are attracting much attention and are interpreted as the first step in a reorganization, which it is supposed Sir Eric Geddes, First Lord of the Admiralty was appointed to carry out. In quarters where the existing Admiralty methods are regarded as unsatisfactory, the present step is denounced as a procrastinatory half-measure, and it is declared that the change ought to have been so complete as to give the country a resolute and energetic Admiralty permeated by an offensive spirit. There is no implication of incapacity against Admiral Sir Cecil Burney, whose services as Admiral Jellicoe's second in command of the grand fleet are recognized in the official announcement which states that he will be employed on special duty. It is assumed that as his record was made in active command he may welcome the change. An official statement contains the announcement that an opportunity is to be taken of the appointment of Vice Admiral Sir Rosslyn Wemyss to rearrange the duties of the Second Sea Lord of the Admiralty, who will be relieved of detailed administrative work connected with the personnel of the fleet. This is interpreted as meaning that the Second Sea Lord will not be hampered by details which a subordinate can handle, but will be associated more closely than was his predecessor with the preparation of war plans. Another change in the Admiralty is the removal of Sir William Graham Green from the permanent Secretaryship at the Admiralty to a Secretaryship in the Ministry of Munitions under Winston Spencer Churchill. Sir William's departure from the Admiralty is regarded as of considerable importance, as the post of permanent Secretary, which he has held since 1911, always has been largely responsible for the continuity of Admiralty traditions and policy. It is this continuity which is regarded by many as a most dangerous factor, in that it hinders initiative and adaptability to current needs.

WHY ZIMMERMAN FELL.

MEXICO CITY, Aug. 7. When the news of the retirement of Zimmerman, German Foreign Secretary, was received it caused a general feeling among prominent Mexicans that his downfall was due largely to the failure of his plan to have Herr Heinrich Von Eckhardt, German Minister to Mexico, attempt to embroil Mexico and the United States, and to use Mexico as a go-between in an effort to alienate Japan from the Allies.

JAPANESE MISSION TO U.S.

TOKIO, Aug. 7. Members of the House of Representatives met and decided to send five of their members to America to study conditions. They will start about September 1st, and return in December. The delegation will represent all parties.

NOTHING TO REPORT.

LONDON, Aug. 7. Field Marshal Haig in his report on military operations in France and Belgium yesterday which was given out officially by the British War Office says there was nothing of special interest to report.

SHOT HIMSELF.

ST. LOUIS, Aug. 7. Jordan Wheat Lambert, a member of one of the wealthiest families of St. Louis, shot and killed himself in his apartments to-day.

CANADIANS MAKE FURTHER ADVANCE.

British Front in France and Belgium, Aug. 7. (By Associated Press.)—The British lines continue to advance on the French city of Lens. North of Arras the Canadian troops who on Saturday night pushed their position forward approximately two hundred yards along a front of a thousand yards in the western part of the city, yesterday added six hundred yards front of a similar depth to their defences south and west of that mining centre. The Germans are showing signs of decided uneasiness in Lens sector for several days, as has been evidenced by their practice of throwing certain fire on the British trenches each morning at dawn. Vimy and Farnus towns, behind the British lines south of Lens has been shelled by the enemy batteries. The rest of the front conditions state comparative calm so far as infantry is concerned.

DRAMATIC AUTHOR DEAD.

LONDON, Aug. 7. Capt. Basil Hood, dramatic author, was found dead in London to-day. Capt. Basil Hood was 53 years of age. He served fifteen years in the British army and wrote copiously for the stage, mostly in lighter vein, and made the English translation of the Merry Widow.

THE WORK OF A GERMAN SUB.

AN ATLANTIC PORT, Aug. 7. One German submarine during a three weeks' period ending July 19, sank 19 vessels aggregating 66,000 tons, and was still in condition to remain longer away from its base according to reports brought here to-day by Harold Pensen, of Detroit, a member of the crew of one of the 19 ships, who said he received his information from a U-boat commander. Hansen said he belonged to the Norwegian sailing ship Arctis, a vessel of 1,789 tons gross register, sunk while on her way from Glasgow to Hampton Roads. His ship stopped when ordered to do so by the submarine commander. A crew from the U-boat came aboard and removed all food supplies. The crew were then ordered into boats and given a course to the nearest land. The Arctis was then torpedoed. The captain of the submarine, Hansen said, told him and other members of the crew with pride that he had sunk 18 other ships in three weeks and was more.

NEW RUSSIAN CABINET.

PETROGRAD, Aug. 7. Premier Kerensky has completed the formation of his new cabinet. M. Lobel has been made Minister of Marine, M. Yefremoff, Minister of Justice, transferred to the Ministry of Public Aid, replacing M. Astroff, Mayor of Moscow; Professor Kokoshkins, Minister of the Constitutional Democrats, is appointed State Controller; M. Yourenoff, Minister of Public Works; M. Yaroudny, Minister of Justice.

CANADIAN RECRUITING.

OTTAWA, Aug. 7. There was 4,257 recruits enlisted by voluntary method in July, 1917.

GERMANS ATTACK SPANISH FISHING BOAT.

LONDON, Aug. 7. The Admiralty learns that the Germans yesterday attacked a Spanish fishing boat in the neighborhood of Bilbao, Spain, within Spanish territorial waters. Two of the crew were severely wounded.

GERMAN PLANE ALIGHTS; CREW INTERRED.

LONDON, Aug. 7. A despatch to the Times from Rotterdam says a German seaplane alighted at Texel, Holland, yesterday, after being fired at by Dutch soldiers. It was short of gasoline. The occupants were interned.

AIR RAID AT POLA.

ROME, Aug. 7. A detailed report of the air raid at Pola, the Austrian naval base, on Friday night, shows that it began at 11 o'clock and ended shortly after dawn. Each machine carried eight bombs and six grenades. The first arrived over Pola an hour after departure, and the last at 4 a.m. The squadron carried out the task, which comprised a flight of 320 kilometres, 106 of which were over enemy territory, without the loss of a single machine. Dammunzen, the poet, was aboard one of the larger planes, piloted by Capt. Gari. The damage effected was most important, and in addition to bombing the arsenal, the Naptha Depot and seaplane station were set afire and burned like paper. The Italian aviators, who kept at an average height of 5,500 to 6,000 yards, were able to judge the extent of destruction by the enormous speed of flame and columns of smoke which shot up to a height of 5,000 yards. The Austrians were unable during the bombardment to extinguish any fires started by bombs, but they kept up a furious fire with their anti-aircraft guns, and thirty of their most powerful searchlights threw a dazzling light over the space where the Italians were flying. Notwithstanding this, the latter cruised over the city for nearly five hours and escaped unhurt and victorious.

story, without the loss of a single machine. Dammunzen, the poet, was aboard one of the larger planes, piloted by Capt. Gari. The damage effected was most important, and in addition to bombing the arsenal, the Naptha Depot and seaplane station were set afire and burned like paper. The Italian aviators, who kept at an average height of 5,500 to 6,000 yards, were able to judge the extent of destruction by the enormous speed of flame and columns of smoke which shot up to a height of 5,000 yards. The Austrians were unable during the bombardment to extinguish any fires started by bombs, but they kept up a furious fire with their anti-aircraft guns, and thirty of their most powerful searchlights threw a dazzling light over the space where the Italians were flying. Notwithstanding this, the latter cruised over the city for nearly five hours and escaped unhurt and victorious.

NEW NAVAL CONTROLLER.

LONDON, Aug. 7. Alan Anderson, the new Controller of the Navy, who will be responsible for the Admiralty's shipbuilding requirements, has a close knowledge of both shipping and railways. He was long associated with a company of shipping brokers, and is a director of the Midland Railway.

GERMANY'S FOREIGN POLICY.

COPENHAGEN, Aug. 7. Will Dr. Von Keuhlmann or Dr. Karl Helfferich, Vice-Chancellor, be the real director of the foreign policy under the administration of Dr. Michaelis? This is the political problem of the hour in connection with the shake-up of cabinets. In Germany it is known that the versatile Dr. Helfferich has decided to have a hand in steering Germany's new course in world politics after the war, and it is rumored that the new Chancellor, unacquainted as he is with international affairs, desires to retain the ex-bank director, Dr. Helfferich, as his special adviser and mouth-piece particularly for this field. In fact, one of the avowed reasons for Dr. Helfferich's retention, despite his present unpopularity in the Reichstag, was that his services are indispensable in peace negotiations. The Gazettabl Lokaleizer and the Vossische Zeitung all refer to the possibility of a conflict, as Dr. Keuhlmann, it is understood, is declined to permit himself to be relegated to a subordinate place.

Criticises Star Team.

St. John's, Aug. 7, 1917. Editor Evening Telegram. "Dear Sir:—As one of the disappointed ones who went to St. George's Field on Monday night, I am writing you in support of your strictures in to-day's edition on the action of the Star team in not showing up. This is not the first time this season that this team has turned football into a farce. They should at least have patriotism enough in their bones to smother any selfish or personal motives of a petty nature, when all the members of the other teams in the Football League are endeavouring to do their little bit for the Patriotic Fund. There is only one thing for the League officials to do, and that is demand a public apology through the press; falling this, then demand their absolute withdrawal. Even their own supporters are disgusted with their actions this season.

Yours truly,

AN OLD TIME FOOTER.

Constancy.

(From the Argonaut.) A story about Lord Kitchener, who was often spoken of as "the most distinguished bachelor in the world," is being told. A young member of his staff, when he was in India, asked for a furlough in order to go home and get married. Kitchener listened to him patiently, then added: "Kenilworth, you're not yet twenty-five. Wait a year. If then you still desire to do this thing you shall have leave."

The year passed. The officer once more proffered his request. "After thinking it over for twelve months," said Kitchener, "you still wish to marry?" "Yes, sir." "Very well, you shall have your furlough. And frankly, my boy, I scarcely thought there was so much constancy the masculine world." Kenilworth, the story concludes, marched to the door, but turned to say as he was leaving: "Thank you, sir; only it's not the same woman."
