France Will Not Endanger Herself.

Briand Outlines Position He Will Adopt--Irish Republicans Awaiting Ulster's Decision--Disorder at Political Meeting in Quebec Province--Gloucester Designer Planning New Cup Challenger.

FRANCE'S POSITION OUTLINED BY BRIAND.
NEW YORK, Nov. 7. France is ready to join every endeavor to avert new wars, provided she has nothing to fear for her own security, said Premier Briand on arrival today to attend the Washington Conference. Defining France's general policies, Briand said the French Government obligations to the League of Nations do not preclude France from joining other powers, inside or outside the League, in limiting armaments or settling other international questions. French interests concerning land armaments, and their strength is conditioned by Germany and the payment or non payment of reparations. Restrictions of naval armaments offer no difficulty to France, as her navy is already below any formula likely to be adopted. French policy favors equal commercial opportunities in China.

THE CONFERENCE CONTINUES.
LONDON, Nov. 7. The Sinn Fein delegation here are awaiting confidently, they say, the result of conferences between Lloyd George and Sir James Craig, Ulster Premier, which were continued today. Mount Fitzalan, Lord Lieutenant,

was called in today and many Irish leaders, as well as British Unionists, are being consulted. The Premier refused to answer a question in the House today asking assurance that Ulster would not be coerced or pressed to surrender anything given it under the Home Rule Act. Sinn Fein leaders say their proposals are liberal to Ulster, and that they hope for an amicable settlement. It is understood that Premier Lloyd George is trying to induce Craig to meet De Valera.

SURELY A CANARD.
BELFAST, Nov. 7. Raiding a place in Kent Street, police reported the discovery of a Republican prison in which a young man was awaiting execution. Three armed men, acting as guards, were arrested.

MEIGHEN'S COOL REPLY.
THREE RIVERS, Nov. 7. For the first time in the election campaign Premier Meighen was subjected to interruption, which became so loud and insistent that he was forced at intervals to stop speaking. The larger part of the audience resented the interruption and loudly cheered the Premier when his voice was drowned by the uproar of the armories. The Premier, however, re-

frused to curtail his speech, and at one point remarked that "whether the intelligence of this city prevails, or the noise prevails, my duty is simply to lay public questions of the day before you. I have sponsored policies not popular to Three Rivers, but not of enmity to the French race."

WHERE NOISE IS ARGUMENT.
MONTREAL, Nov. 7. Hon. Andre Fauteux, Solicitor-General in the Meighen Government, was forced to abandon an attempt to make his maiden speech by a storm of cat-calls, cowbells and auto klaxons at St. Henri College Hall, where he appeared in support of the Government candidate for the Westmount-St. Henri Division. The meeting broke up cheering for the Liberal candidate.

HOW MUCH IN WAR TIME?
PRESCOTT, Nov. 7. Speaking here Mr. Crerar, Farmer Party Leader, said the farmers were only receiving seventy-five cents per bushel net for wheat, and livestock was only saleable at unprofitable prices.

GERMANY'S FINANCES.
BERLIN, Nov. 7. Financial newspapers attribute the depreciation of the mark, 303 of which to-day were worth one American dollar, to the unlimited output of paper money consequent on increase of the floating debt. Germany's floating debt is \$18 billion marks and the funded debt 78 billion marks. The Finance Minister to-day forecasted the regular budget for the current year of 115 billions and an extraordinary budget of 68 billions, with a probable revenue of 72 billions, leaving a deficit of 110 billions, which is to be made up by loans. Vorwaerts calls on the Government to take the situation in hand and prevent Germany sharing the fate of Austria.

PRAYERS FOR CONFERENCE.
LONDON, Nov. 7. Conforming to the appeal of the Archbishop of Canterbury, prayers were offered in Anglican churches yesterday for divine blessings on the Washington Conference.

SOME SMALL RELIEF.
LONDON, Nov. 7. Great Britain and the Dominions have been carrying forty per cent. of the expense of the League of Nations but, under the new allocation, Britain and the Dominions will pay 24 per cent.

NEARING EVEREST'S SUMMIT.
LONDON, Nov. 7. The British expedition sent to attempt to reach the summit of Mount Everest, the highest peak in the world, accomplished the task set for it this year. Sir Francis Younghusband told the Royal Geographical Society tonight. Bullock and Mallory reached a point six thousand feet from the summit and reported a further way up seemed reasonably practical.

MILK STRIKE UNSETTLED.
NEW YORK, Nov. 7. Health Commissioner Copeland failed today to effect a settlement of the Milk strike, the employers standing firm for the open shop.

PURITAN PLANS NEAR COMPLETION.
GLOUCESTER, Nov. 7. Designer Burgess will complete plans of the proposed schooner Puritan, which Gloucester expects to enter in the International Fishermen's Race next year, this week, and the building contract has been awarded to J. James of Essex, who built the Esparanto, which is understood that a revision of the deed of the Halifax Herald Cup will be made and that the Mayflower of Boston may be a contestant next year.

CAUSED MUCH DAMAGE.
OTTAWA, Nov. 7. Big wind travelling over Eastern Ontario and Quebec last Friday night, caused much damage, estimated at \$250,000, to the Bell Telephone Company. It will require two months to establish the normal service.

Do not allow bread sponge to set too long or it will sour and be unwholesome.

NEURASTHENIA—NERVE STARVATION

A Disease of the Overworked—Special advice or what to do.

Many a man is broken down and discouraged without having any actual disease in his organs and tissues.—he has lost his grip, feels weak and nervous and everything looks dark. He is suffering from the great American disease—Neurasthenia or nerve starvation, due to overwork, worry, continual hurry and nervous strain. The longer this continues the more certainly will it end in real disease of his organs, his nerves or his mind.

Such a man should live on the simple foods, eat plenty of cooked fruit and green vegetables, sleep nine hours at night if he can, an hour in the afternoon and feed his starving nerves and weak thin blood, with a good nerve tonic. Nuxated Iron contains a product brought to the attention of the French Academy of Medicine by the celebrated Doctor Robin, which represents the principal chemical constituent of active living nerve force; it is a natural product, and is like the iron in your blood and like the iron in spinach, lentils and apples.

Nuxated Iron may therefore be said to be a real nerve and blood food since it supplies the principal ingredients demanded by your nerves and blood to give you strength, energy, force and endurance. It often increases the bodily and mental vigor of weak, worn-out, down hearted, and nervous folks in two weeks' time. Your money will be refunded by the manufacturers if it does not produce perfectly satisfactory results. For sale by all druggists.

Soldier's Funeral.

NEW-AMERICAN HERO INTERRED.

The interment of Corporal John T. Kennedy, 8th Machine Gun Battalion, American Expeditionary Force, took place at St. George's this afternoon. The funeral was conducted with full military honours by the G.W.V.A. Comrades at that town. A large gathering followed the funeral cortege yesterday from Harvey's to the Railway Station. The casket was draped with the Union Jack and the Stars and Stripes, together with floral tributes from Comrades of the G.W.V.A., St. John's and Harbor Grace, also from Hon. Dr. Barnes, M.H.A. Amongst the mourners were Mr. Andrew Kennedy, G.W.V.A. representative, U.S. Consul Benedict, Vice Consul Hartnett, Hon. Dr. Barnes, and many veterans. The late Corporal Kennedy was the son of Mr. Andrew Kennedy, of Harvey's, who is listed at New York shortly after America's entry in the War. His brother Alex enlisted with the Naval Reserve and saw considerable service overseas and on his return he was allocated to the "Kyle" as gunner.

The father of the dead soldier arrived in town from St. George on Saturday night and accompanies the remains home together with Corporal Moseley, A.E.F., who escorted the body from New York.

Dyed Her Stockings and Skirt to Match

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drapery a new rich color that will not streak, spot, fade or run. Perfect home dyes is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything!

PRELIMINARY HEARING BEGUN.

The preliminary hearing of the charge of larceny preferred against Capt. Parsons and crew of the schooner, was begun yesterday afternoon in the Magistrate's Court before Judge Morris. One witness, Sergt. Gardner, was examined, after which adjournment was taken until Thursday next.

Law Students' Dinner.

MOOT CLUB HOLDS DEBATE.

The first dinner of the new Law Students' Moot Club was held last night at Wood's and the success that attended it augurs well for the future prosperity of the club. Preparatory to the dinner a legal debate was held on a case which had been submitted for study some time previously. Mr. W. Skinner acted as Counsel for the plaintiff, and Mr. J. Devine represented the defendant. Mr. W. J. Higgins, K.C., acted as Judge. His kindness was greatly appreciated, and his lucid explanation of the points of law involved were of great benefit to the students. When later, at the dinner, he asked that he should be placed on the club's waiting list as the first K.C. to apply for admission, he was loudly cheered. The guest of honor at the dinner was Mr. J. O'Neill Conroy, who was recently admitted a solicitor. The other guests were Mr. W. J. Higgins, K.C., M.H.A., Mr. T. P. Halley, Mr. E. Leo Carter and Mr. A. B. Perlin, of the Telegram. An excellent dinner was partaken of and the toast list was then proceeded with under the Chairmanship of the President, Mr. A. G. M. King, B.A. The evening was enlivened with songs by Messrs. H. P. Carter, T. P. Halley and E. Leo Carter, and a recitation by Mr. J. G. Muir. The toast list was as follows:

The King—Prop, Chairman; "God Save the King."
Guest of Honor—Prop, Chairman; Resp. J. O'Neill Conroy.

The New Judge—Prop, J. G. Muir; Resp. W. J. Higgins, K.C.
Our Guests—Prop, J. Devine; Resp. E. Leo Carter.

The Moot Club—Prop, T. P. Halley; Resp. H. Garland.
The Press—Prop, R. S. Furlong; Resp. A. B. Perlin.

The Chairman—Prop, H. P. Carter; Resp, Chairman.
The National Anthem brought a most enjoyable evening to a close.

The Stamps of Newfoundland.

A REVIEW.

An authoritative handbook on the postal issues of Newfoundland has at last made its appearance, and the St. John's Philatelic Co. of Beverly, Mass., reserve the heartiest commendation upon having published it. My copy was received through the courtesy of Mr. Frank Willis, who has been waiting for a long time. The book is divided into two parts. The first contains a detailed history of our earlier issues and also, though in not so great detail, an account of the later issues to 1919. This part was written by Mr. B. W. H. Poole whose name is well known in all corners of the philatelic world. The second part contains a very careful account of the issues from 1897 to 1920 and is by Mr. Harvey E. Huber whose name was previously unknown to me. Mr. Huber seems to have given a considerable amount of time and trouble to the study of our stamps and he is in a position to even quote from official documents and private letters in support of some of his statements. In the chapter on the Guy stamps, two very noticeable flaws in an "issue of errors" are omitted. In an article published in the Telegram some time ago, I drew attention to both of these. In the one, in one stamp on each of the sheets which contains the "NFW" error, the "E" in the word "James" under the portrait reads, through a flaw, "R." In the six cent, in one stamp in the bottom row of occasional sheets, the upper dot in the scroll to the left of the portrait is missing. Both of these varieties are interesting to the specialist. I think also, that when so much was said about the "Caribou" issue, a little more space might have been devoted to discussing the many varieties in the lower values. Of the one, two and three cent there are innumerable varieties of printing, shade and paper. The double impression of the five cent is also worthy of note. But apart from these minor details which I have mentioned, the article is as near perfection
