

Nerves So Bad That She Would Sit and Cry

Mrs. Mary Hocking, Madoc, Ont., writes:—
"Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine."
(Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")

Greek Ministers Sentence Protested by Britain.

First Week of Lausanne Conference -- Childers Faced Firing Squad.

THE GREEK CRISIS.
LONDON, Nov. 26. The crisis in Athens from British negotiations against possible imposition of death sentences on foreign government members accused of treason is continuing, according to a dispatch. The resignation of the ministry was attributed to this cause. The British government is generally reported to be in the hands of the British Minister, F.O. insists that any execution be followed by an immediate change of relations.

LAUSANNE, Nov. 26. The first week of the conference shows that the signal device in her first day, namely, for a plebiscite, in the Turkish, which she maintains is a preliminary Turkish in popular. The Turks, however, have not to the diplomatic board a proposal which is affording a great embarrassment to all the powers. They are central belt drawn out along the European frontier from the Aegean to the Aegean, and they are determined to guarantee it shall be a neutral zone. This is a question of national honor, and the powers are reluctant to accept it. The powers are reluctant to accept it. The powers are reluctant to accept it.

THE DEBARATIONS CONFERENCE.
BRUSSELS, Nov. 26. Unless unforeseen obstacles arise, the Conference, preliminary to the Brussels Conference on Reparations and Inter-Alleed debts, will meet on December 4th.

BRICK'S TASTELESS.
A most palatable preparation containing the active principles of the purest.

Cod Liver Oil.
It contains all the virtue of Cod Liver Oil without the nauseous grease, and can be taken and retained by those with the most delicate stomach. No unpleasant effects following its use.

BRICK'S TASTELESS.
Weight yourself the day you commence to take BRICK'S TASTELESS, then weigh yourself two weeks later and note the increase.

Produce and Provisions.

(From Saturday's Trade Review.)
Codfish—The long spell of inactivity in codfish handling was broken this week along the water front when the merchants agreed to give \$4.50 per quintal for Labrador fish and the Government rescinded the export tax. It is estimated that there were about 30,000 quintals in the port. The first day of the release 20,000 quintals were sold to three firms, since then others have fallen in line and are buying, so that it is likely all will be sold by the end of this week. The exports for this week totalled 31,970 as follows:

From Outports—By schooner Nellie T. Walters from Gaultois, shipped by Thomas Garland, 3,000 quintals to Oporto. By schooner Gladys M. Hollett from W. & T. Hollett, Burin, 4,500 quintals to Oporto; by schooner Humourist from Strong and Murcutt, Little Bay Islands, 5,000 quintals to Malaga; By S.S. Kriton from Union Export Company, Ryan Bros., and Job Bros., 15,860 quintals to Carthage.

From St. John's—By schooner J. E. Conrad, 981 quintals to Kingston Jamaica from A. H. Murray and A. E. Hickman Co., by S.S. Sylvia to New York for transshipment to the West Indies, 4,917 quintals from A. H. Murray, C. F. Bennett, Phillip Templeman, Monroe Export Co., Bowring Bros., James Baird Ltd., T. H. Carter. The Goodridge Export Co., A. E. Hickman Co., T. Hallett, Geo. M. Barr, Harvey & Co., and E. R. Chaffer, by S. S. Belvernon to Boston 154 quintals from Geo. M. Barr, A. E. Hickman and G. Butler; by schooner Democracy from T. H. Carter, 2,008 quintals to Trinidad.

Cod Oil—The cod oil market is in a healthy condition and there is a good demand from the New England States leather manufacturers. The exports for the week to New York and Boston totalled up 77,026 gallons, the largest in any week for the season. The S.S. Sylvia took out 11,842 gallons to New York from Messrs. Job Bros., Ebsary and Newfoundland Atlantic Fisheries Co., and the S.S. Belvernon's to Boston was 6,584 gallons from Messrs. A. H. Murray, W. A. Munn, A. E. Hickman Company, Tessier Co., J. Ebsary, Monroe Export Co., Balne Johnston & Co., Bowring Bros. Ltd., James Baird Ltd., T. Hallett and J. B. Orr.

Cod Liver Oil—This is the only article that shows no sign of improvement in price, but with the present good demand for cod oil at greatly enhanced prices there can be no question but we will see higher values in the near future. At the present time the drug Trade in London expects to get the finest medicinal oil at a lower price than the Boston tanners are ready to pay for the common oil used for industrial purposes. The quantity of refined oil made this year is the smallest for many years. We hear that every effort has been made by our principal manufacturers to follow the instructions of Dr. Zilva of the Lister Institute, London, who visited here this summer, and that some remarkable fine oil is now to be had. Special tests are now being made at the Research Laboratories and although we are not in position to give any further information, we know that some very large orders are being negotiated for delivery as soon as possible.

Herring Oil—There is always a market for this at a price under that of common cod oil. It is pleasant to note that we are likely to see a very much increased production owing to the activity of one of our Government inspectors.

Flour—Wheat advanced another 3 cents per bushel this week making a total of ten cents since the first week of November. All the millers are asking higher prices and the near approach to the close of navigation on the Lakes and the St. Lawrence aggravates the situation and is a strong factor in the tendency to higher prices. The importations were heavy this week and consisted of 500 barrels by the Sable L., from Sydney; 16,290 by the Manoa from Montreal, and 2,430 by the S.S. Belvernon from Boston. The city price is \$9 per barrel wholesale for leading brands and \$8.75 for No. 2.

Pork—Prices remain about the same as last week with a tendency however to a weaker market in Chicago and other packing centres, following a seasonable run of hogs customary this season. Exchange difficulties among European importers of hog produce is retarding the export of pork to Europe. This exercises a depressing

condition on the market. The imports for the week are 362 barrels. Ham Butts continues almost unobtainable. Small lots only have been available the past few days. There is therefore no quotations. Fat Back is \$38.50; Family Mess \$38; Spare Ribs \$35.50; in barrels wholesale.

Beef—There has been a strong advance in beef this week especially boneless which is now \$18.50 per barrel wholesale as compared with \$18.50 in October. Other grades also go to show important advances during the same period. As beef has been relatively low all the season as compared with pork, this adjustment is what had been expected. The Sable L. brought in 100 barrels this week and the Belvernon 465 barrels from Boston. There is little stir this week filling outport orders. The quotations are: Bos Flank \$21.50; Family \$18.50; Extra Family \$20.50; Special Family \$23.00.

Molasses—The Eliza Rodway is on the way from Barbadoes with 200 puncheons which will probably be the last of the 1922 stocks to arrive here. Choicer molasses, which is having a big run this week to supply the outports is getting scarce and will be practically cleaned out next month. The price in consequence of scarcity advanced to 80 cents per gallon in the barrels and to a level with Fancy molasses. The total imports to St. John's since April last will be 10,000 puncheons as compared with 6,500 last year.

Sugar—The markets for early shipments continue firm in the United States and the local price had advanced to a parity with New York prices making the St. John's quotation \$11.75 per 100 pounds in the barrel for White American Granulated. In spite of the present strong market there is a feeling amongst the trade that sugar will be easier after Christmas. An indication of this is that raw sugars are now offering at a half cent a pound less for New York delivery. The S.S. Sable Island brought in 100 sacks this week and the S.S. Belvernon 60 sacks and 125 barrels.

Potatoes—The market is quiet and there are very few transactions. The old custom of householders stocking in full supplies for winter is gradually dying out and most householders seem satisfied with a hand to mouth policy. None arrived from Canada during the week but there are some heavy consignments due from P. E. I. by the last trip of the Manoa. The St. John's price is \$3 to \$3.50 per barrel according to quality, for home grown and \$4 for the 180 lb. sack of imported. The Conception Bay price is \$2.20 to \$2.75.

Hay—The hay situation is stronger this week with an increase of about \$1 per ton on last week's quotation in this market. The quotation is \$37.50 to \$38 per ton for stocks held and \$39.50 to \$40.00 for hay to arrive. The S.S. Manoa, which brought in 2173 bales from Montreal this week will make a special trip to Charlottetown on her return here from Montreal and will bring down a large freight of hay, cats, etc., the last from P.E.I. direct for the season.

Oats—The imports this week were 600 sacks by the S.S. Manoa and S.S. Sylvia. The quotations in the local market are about the same as last week. Black Oats \$3.90 per sack for P.E.I. and \$3.70 for Western Canada. White cats are \$3.70 for P.E.I. and \$3.55 for Western Canada to arrive. No mixed oats on the market. S.S. Manoa will bring a large quantity from Charlottetown about the close of the month.

ANOTHER SETBACK FOR SIKI PARIS, Nov. 21.—Battling Siki's rise to pugilistic fame received another setback to-day when his license was cancelled by the French Boxing Federation. This action reinforced the nine months suspension which Siki received from the Federation on November 9.

When the suspension expires the

Senegalese who has also been deprived of the title he won from Georges Carpentier, must apply for a new license, which the Federation can refuse. The license was cancelled by a vote of 12 to 2, upon charges of various escapades brought by twenty-five sportsmen. It is said that the Federation is considering further action against Siki.
