

## Weak, Tired, Nervous

Women, who seem to be all worn out, will find in purified blood, made rich and healthy by Hood's Sarsaparilla, permanent relief and strength. The following is from a well known nurse:

"I have suffered for years with female complaints and kidney troubles and I have had a great deal of medical advice during that time, but have received little or no benefit. A friend advised me to take Hood's Sarsaparilla and I began to use it, together with Hood's Pills. I have realized more benefit from these medicines than from anything I have ever taken. From my personal experience I believe Hood's Sarsaparilla to be a most complete blood purifier." Mrs. C. CHAMBERLAIN, 71 Cumberland St., Toronto, Ontario.

### BASBALL.

Jesse F. Gurkett, the heaviest hitter in the league this season, did much towards giving the Cleveland club a chance for the pennant. He is 31 years of age, 5 feet 10 inches in height, and weighs 160 pounds. He was born in Wheeling, W. Va., but learned to play ball in Scranton, Pa.

The following are the teams for tomorrow's game at the Tecumseh Park. The Guelphs will play in St. Thomas on Friday and play the Alerts here again on Saturday.

### BALTIMORE VS. CLEVELAND.

The first game of the series of six for the Temple cup is to be played at Cleveland this (Wednesday) afternoon between the Baltimore and Cleveland. The western players are inclined to believe that the Cleveland Club will defeat the Baltimore in the series, while the eastern players take an opposite view of the situation. Three games will be played in Cleveland, three in Baltimore, and, if necessary, a seventh at Philadelphia.

### IN BETTER COMPANY.

Toronto World: Whether or not Toronto next year will be in the Eastern League is just now a debatable question. Manager Chapman invariably states in his interviews that Toronto is a great ball town, and will surely be in the swim next season, and he will be the manager-proprietor, unless some good Samaritan buys him out.

On second thought it will be seen that the new magnate must bring his men with him, and it is not the easiest thing imaginable to pick up a winning team. It looks as if Toronto would be without the dear eastern gentlemen in '06, and must rely in a league with Guelph, London, Galt, Hamilton, etc.

### A THE CLOSE.

The official standing of the National League clubs at the close of the season is as follows:

	Won.	Lost.	Per cent.
Baltimore.....	42	62	.402
Cleveland.....	34	70	.328
Philadelphia.....	28	76	.268
Chicago.....	25	79	.239

### THE WHOLE.

Harley Davidson will go for the half-mile straightaway record on Jarvis street, Toronto, some morning this week. Permission has been granted by the street railway company to erect a small platform over the rails at Carlton street, so as to obviate any chance of a fall at that junction, by running over the rails, which are slightly raised above the level of the pavement.

Advices from Sarina are to the effect that Fred Loughhead will take a fall out of the existing records this week, and as he is riding in the best of form, it is altogether likely that he will be successful in his endeavors.

Donald Neal, of Melbourne, who weighs 286 pounds, claims to be the heaviest cyclist in the world. Carnan is undecided as to the track on which to ride for the 100 miles record. It will either be at Rose-dale, Hanlan's Point or Hamilton.

## The Sewer Fatality.

Mrs. Matthew Miller and Henry Wallace Get Damages Therefor.

The Former Receives \$300 and a Weekly Allowance—Wallace Gets \$300—Middlesex Fall Assizes.

### MRS. MILLER GETS DAMAGES.

At the assizes yesterday afternoon the case of Miller vs. City of London was taken up. It was an action brought by Mrs. Matthew Miller, to recover \$5,000 damages for the death of her husband, which occurred in the King street sewer. About midnight on April 12 last, Matthew Miller, Henry Wallace, Hugh O'Meara and other workmen were put to work to clean out some of the city sewers. Miller, Wallace and O'Meara entered the King street sewer at the Ridout street man-hole, and worked their way towards Richmond street. When the fish market was reached, gas was noticed, and Miller and Wallace hastily beat a retreat. They had gone but a short distance, however, when Miller became unconscious and fell. Cries for help from Wallace brought O'Meara, and the two men endeavored to drag their companion towards the man-hole. The gas was too much for them, and to escape suffocation they had to desert Miller and rush for the opening. Wallace was partly overcome, while O'Meara was affected slightly. Miller was brought up dead half an hour later.

Between Ridout and Richmond streets there are no open man-holes on the King street sewer. One at Talbot street and another at the fish market were underground nearly two feet, and as soon as news of Miller's suffocation was brought to the work, topmen started to open the blind man-holes. Had these been open Miller might have been saved. Besides a widow, Miller left seven children, the oldest being 18 years of age, and the youngest 2.

The case for the plaintiff was heard yesterday afternoon, and Mr. T. G. Meredith, city solicitor, moved for a non-suit. At the judge's suggestion, however, the parties met and arranged a settlement. Mrs. Miller is to receive \$300 cash and \$3 a week for 7 1/2 years, commencing Jan. 1 next. For the first three years the money is to be paid for the maintenance of the five youngest children, Joan and Margaret being over 16 years and able to earn their own livelihood. At the end of that term Hugh will be 16, and further application is to be made for the division of the money. The same proceedings will have to be taken at the end of five years, when Sam Miller reaches 16. In the meantime, Mrs. Miller is to take letters of guardianship for the five children.

Henry Wallace (Miller's fellow-workman) also asked \$3,000 damages from the city for injuries he claimed to have sustained in the sewer. A consent verdict for \$300 was rendered. Costs in both cases to be borne by the city.

T. G. Meredith represented the corporation. W. H. Bartram and E. T. Essery the plaintiff.

### NOTES.

Crozier vs. Leitch, an action arising from the shipment of some apples, has been settled between the parties. The grand jury returned a true bill against James Ryan, charged with criminally assaulting Jennie Cameron, his neighbor's 14-year-old daughter.

Mr. E. R. Johnston, of Toronto, is officiating as crown counsel. Mr. Johnston is the lawyer, who with Mr. Lount, defended the Hyams' twins in their recent trial for murder.

Scott vs. Hodgins, action on a foreign judgment, and Sterling vs. Grant, arising over the non-delivery of goods, have been postponed. Gibbons, Q.C., for plaintiff in both cases.

McCabe vs. Howe was struck off, as no record was put in and the plaintiff did not appear. I. F. Hellmuth for defense.

Clark vs. Restorick, to recover money loaned, resulted in a verdict for the plaintiff for \$650 15, the amount claimed. No defense was offered.

In Fortner vs. Smith, an action over a breach of employment contract, a verdict was rendered for the defendant.

The grand jury returned no bill against Thomas Murphy, Queen street, charged with assaulting and robbing his wife. The jury is considering a bill for common assault.

### LONDON WIFE'S SAD LOT.

Her Husband's Brutal Treatment of Her.

Some time ago a young bar-maid left London for Chicago to look for work. He left a wife and two young children here, promising to send for them as soon as he got settled. Probably to assist him in his search for employment a well known young woman about town joined him. For a long time the patient wife watched over her children and waited. Her stock of money ran low, but she was not discouraged. One day a pain crept into her heart, for she heard that her husband was living with the other woman in Detroit. About the same time she received a letter from her husband, dated at Chicago, asking her to ship the furniture, which was in storage, but saying nothing about when the wife and children were to come. The new nearly distracted mother borrowed money and went to the Detroit address where she had heard her husband was living with the other woman. She found them both there, and had him arrested. He declared he had no money, but in searching him \$85 was found in one of his boots. The wife had not enough money to press the case, but secured \$25 in cash and an order for the furniture from him. He had sent the Chicago letter to Chicago and had it posted. The wife returned to London and to her children. A few days ago a sobbing woman made arrangements with a local auctioneer to sell the effects. Now she is with her parents a short distance from London suffering with a stroke of paralysis, which prevents the use of one side and almost stops the power of speech.

### LONDON WOMEN WORKERS

In the Missionary Cause—Annual Meeting St. Thomas—Encouraging Reports.

St. Thomas, Oct. 2.—The annual meeting of the London Conference Branch of the Women's Missionary Society of the Methodist Church opened in the Central Methodist Church yesterday. Mrs. Burns, of St. Thomas, president, in the chair, and 75 delegates present. At the afternoon session a memorial service was conducted by Mrs. Chown, of Wyoming, closing with the celebration of the communion administered by Revs. Dr. Hannon and C. T. Scott, of St. Thomas, and A. Cunningham, of London. The reports show that there are 571 auxiliary societies in connection with the general society, 12,329 annual members and 273 mission bands with 8,424 members. The amount raised in 1893 and 1894 was \$39,849 08; received from insurance, \$2,973 08, making a total of \$42,822 11. At the annual meeting there was in the bank \$34,835 95. Appropriations were made as follows: Japan, \$1,510; French missions, \$5,084; Indian missions, \$2,717 50; Chinese in British Columbia, \$1,580; China, \$4,555; Newfoundland, \$500, and literature, etc., \$500. A total of \$34,735 50. At the evening session after short addresses by Rev. C. T. Scott, Mr. J. E. Hunter and Mr. T. R. McNair, the president, in an interesting address, reviewed the work of the society. Addresses read from auxiliaries and mission bands were read and replied to by Mrs. Cullen and Miss Yates, of London. Delegates from sister societies Cunningham, of London, which Mrs. Cullen then received, after which Mrs. Cullen read the secretary's report. It showed that there were 86 auxiliaries in connection with the London branch with 1,887 annual members and 77 life members. Received from all sources, \$5,169 89. Sent to the general treasurer, \$5,028 05. There are 32 missionaries—sixteen in Japan, five in China, four in French India, and two in British Columbia. Mrs. Edwards, of Sarina, gave an interesting report of the work among the Indians in the St. Clair reserve, and the session closed with devotional exercises.

### HIS LOVE OF SPARKLERS.

Frank Grant Steals an Amethyst and a Diamond Ring.

Pleads Guilty and Remanded for Sentences—The Lewis Assault Case—Shows the Charge of Pulling a Revolver.

Frank Grant, a Delaware township young man of 20 years, is in jail awaiting sentence for stealing two valuable rings.

Last June Grant was tried at the sessions and convicted of being implicated in the theft of a bicycle from a firm of repairers in Delaware village. He served two months on the wood and stone piles in the county jail yard, and on being released did not return to his home, but rented a room at the Middlesex House, on Ridout street, almost opposite the court house. Mrs. E. Daly, a lady boarder at the same place, was the owner of two very sparkling rings—an amethyst and a twin diamond, valued at \$3 and \$150 respectively. On yesterday Mrs. Daly missed her rings, and as suspicion pointed strongly to Grant, Detectives Nickle and Rider were called in. They searched the young man's room and found the rings, and were about to give up in despair, when one of the rings was found concealed in the lining of Grant's vest. It had been placed there by means of a key-ring could not be located. Grant was arrested, and on being arraigned in the Police Court today he elected summary trial, pleaded guilty and was remanded until Monday for sentence.

Two pieces of cloth, supposed to have been stolen, were also found in Grant's room. One is a black striped piece of panting and the other is a white cloth, and the detectives found the missing diamond in a local jewelry shop, where Grant had sold it for \$5 and another ring.

THE LEWIS SHARKEY TROUBLE. The case of Lewis was also in court to answer the charges of pointing a revolver at Hugh Sharkey and assaulting Alfred Christian. The offense was alleged to have been committed in the second act of the Lewis-Sharkey card dispute, which occurred at the Richmond Hotel on Friday evening last. About 7:30 o'clock on that evening Lewis and Sharkey were in the hotel talking to the proprietor and bartender when Sharkey entered, accompanied by Barbers Tracey, Loughlin and Stevenson. Some very complimentary remarks were made towards Lewis, and his anger was aroused. He stepped behind the bar and was about to throw a bottle at the parties when the bartender, who was in the room, intervened, and while he was there two bottles were hurled over the slat-dividing door, one of them knocking Sharkey's hat off and the other hitting Lewis on the head. Lewis then drew a very ugly gash, which bled considerably. Christian did not lay the charge and was not desirous of prosecuting, as he was to attend the hockey game that day. P. C. Howie laid the complaint, and when Lewis heard that a warrant was issued for his arrest he came to the police station and was released on bail.

The evidence given in the case went to show that Lewis acted in a becoming manner, and was incited to anger by the remarks of some of the crowd. The magistrate found the charge of assault proven, and on the suggestion of the crown suspended judgment. "There is enough bad blood existing over the row now," said Mr. McKinnon, "I would like to see the trouble ended."

The complaint of Sharkey, charging Lewis with pointing a revolver at him, was dismissed, no evidence being offered in support of the charge, and to withdraw the charge, but Mr. Love, for Lewis, urged that the case be either heard or dismissed.

### EARTHQUAKES IN SOUTH MEXICO

The People Panio Stricken—Prayers for Divine Mercy.

St. Louis, Oct. 2.—A special from Oaxaca, Mexico, says that word comes from Pinotepa that seismic phenomena continue. The earthquakes are frequent and the ocean have been so violent as to destroy the beach, and the waves have rolled up to the walls of neighboring ranches.

Drought has accompanied these manifestations, and the farmers are nearly ruined. Fishermen dare not go out to sea, as earthquakes have been continuous for many days. They say a volcano is forming under the ocean. Priests have ordered that the church bells be rung and prayers be offered imploring divine mercy.

He asserts that the medicine is now universally used throughout the State.

## THE MAJOR'S "AT HOME."

Brilliant Gathering at the Kennels, Glenmore.

An Enjoyable Run Over "The Cheese Factory" Cour e—The Names of Those Present.

The members of the London Hunt were fortunately favored yesterday with ideal weather for an ideal hunt. It was Major Smith's "At Home" at the kennels, and while the popularity of the gallant major is sufficient to secure a large attendance in spite of the weather, the splendid day attracted many hundred spectators to the precincts of the kennels and along the course of the run. They came on foot and on wheels, on horseback and in carriages of every description, and everybody enjoyed themselves. The run arranged for was known as "The Cheese Factory" run, entering between the college, crossing west of Adelaide street, the finish was at the cheese factory on the 6th concession. It led the riders over a magnificent stretch of country, and as the advantage of having the course of the hunt almost always in sight of the spectators along the road. The country looks at its best just now in its autumn tints, and the sight of the scarlet jacketed riders, their magnificent mounts, and the hounds in full cry added increased beauty to an already beautiful scene. Among those who followed the hounds were: Mr. Beak, Master; Major Smith, Mr. Gibbons, Major Denison, Mr. Mitchell, Glenoe (on a fine cob), W. T. Strong, Dr. Abbott, Mr. Seagrave, (Waterloo), Mr. Frank Reid, Mr. W. Marshall, Mr. George Macbeth, Mr. Geo. Gibbons, jun., Mr. Gunn, Mr. Patterson, Mr. Pigott, Mr. Walter Smith, Mr. Patten Smith.

At Glenmore Mrs. Simpson Smith, Mrs. Ernest Smith and Miss Smith did the honors for the major. Among those present were noticed Col. Smith and party, Major Galtshore and friends, Mrs. Gibbons, Mrs. Gates, Mrs. Talbot Macbeth, Mr. and Mrs. Biddome, Mr. and Mrs. Ingles, Mr. and Mrs. Geo. Laing (Toronto), Rev. Mr. and Mrs. English, Rev. Mr. and Mrs. Dixon, Mr. and Mrs. T. H. ## WESTERN ONTARIO.

Chatham's rate of taxation for the current year was last night struck at 18 1/2 mills on the dollar. In 1877 it was 12 mills, and ever since 20 mills.

At last night's meeting of Windsor school trustees, Wm. McGregor, M.P., addressed the board in behalf of the King's Daughters to secure some assistance for the building of a children's home. The King's Daughters have \$3,000 collected, and they wanted the board to give them a site for the new house on a vacant lot.

Eight or ten years ago when John Bunyan had the contract for carrying the mail from the Grand Trunk Railway station to the Guelph postoffice, a bag from the east was lost or stolen. Last evening the missing bag was found in a chimney hole in the City Hotel. Bunyan at the time was the proprietor of the hotel, and it is supposed that some one in connection with the establishment purloined the bag. When found it contained no trace of mail matter, the bottom being torn and the contents scattered. The postoffice inspector has been summoned to investigate the case.

A crowd filled the Windsor court room at the doors yesterday to hear the preliminary examination of Thomas Hurns, a horseman charged with criminal libel. The alleged libel consisted of circulating stories about the competence of the hotel, and it is supposed that some one in connection with the establishment purloined the bag. When found it contained no trace of mail matter, the bottom being torn and the contents scattered. The postoffice inspector has been summoned to investigate the case.

## WANTS TO BE LET ALONE.

The Moderator of the Presbyterian General Assembly Says Manitoba Will Not Submit to Coercion.

Montreal, Oct. 2.—The Rev. Dr. Robertson, superintendent of Northwest missions, moderator of the General Assembly of the Presbyterian Church, attended a meeting of the Montreal Presbytery yesterday and delivered a short address upon the work of the church in the west. Touching upon the Manitoba school question, he said that the people of Manitoba wished to be severely left alone in the management of their own affairs. They did not wish to inflict injustice upon the minority, and he was confident that if they were left alone an amicable solution of the questions might soon be reached. The Manitobans would never submit to threats or remedial orders, and the sooner the Dominion Government recognized this fact the better it would be for the future of Manitoba and the country.

## A Bet or Investment?

If you deposit \$50 in the saving bank, and are given 3 1/2 per cent compound interest each year for fifteen years, you will have exactly \$1,000 at the end of that period. That would be a safe way of investing, and a good return, when you consider there is no labor or care on your part. But there is a better investment than that for you. If you will pay the Ontario Mutual Life Assurance Company the same sum of money, varying slightly, according to the age, they will guarantee to pay you \$1,000 at the end of fifteen years, and in addition they will guarantee to give you cash dividends either at the end of the fifteen years or each five years of the policy. They further guarantee to pay the full \$1,000 at once in the event of your death.

Have you any money to invest? There is no better security than one of their policies. Would you like a different period of years? You may have any period from ten to thirty years. May you need to realize on your policy? It has a cash and loanable value. You may procure any amount from \$500 to \$25,000. Consult the agent here. A. N. ODY, office in C.P.R. building. 13c xiv

## RARE SPORT FOR TORONTO.

English and American Athletes to Compete With Canadians.

New York, N. Y., Oct. 2.—Toronto will see some rare sport at the Canadian championship games. The New York Athletic Club will send a strong team of eight or ten men to compete in the C. A. A. events next Saturday. Those celebrated sprinters, Wefers and Crum, are not among them, however, but M. F. Sweeney, the high jumper, Jas. Mitchell and Geo. Gray, the weight throwers, and Tom Lee, Chas. Fitzpatrick and Geo. Sands, the runners, will be there. George Orten is already in Canada. He will give Wilkins a hard tussle if they meet in the same event. The English athletes started to-day for Toronto. They will stop over at Niagara Falls Wednesday. Last night a parting reception and dinner was tendered them in the gymnasium of the New York Athletic Club. Covers were laid for 120. Bradley the 100 dash man, hopes to make a win at Rosedale, unless he runs up against another phenomenon like Wefers. Captain Godfrey, Shaw and Wilkins also hope to carry away some prizes. The Canadian games will take the cream of the English athletes, and the Cambridge men who meet the representatives of Yale on Manhattan Field on the same day, will do well if they make a better showing than their comrades in Canada.

FALL FAIRS.

MALAHIDE.—The Malahide Fair, held at Aylmer on Friday and Saturday, was one of the most successful ever held in East.

Again, the attendance on Saturday was about 5,000. The exhibits were numerous and of the best quality in nearly every department, especially in the fine arts, ladies' work, vegetables, poultry and horses. The receipts will pay all prizes and expenses, and leave a nice surplus. This is an evidence that agricultural fairs can be made successful and comply with the new department regulations regarding horse-racing
