will be a good thing. We doubt if they are saying this seriously. The barrenness of the jubilee conference will make it hard for any colonial secretary to again induce the colonies to send their premiers to London. If it be true that Sir Wilfrid Laurier, the Can-adian premier, has not obtained a promise that the German and Belgian treaties will be denounced, while at the same time the Australasian and Na-talian bills for excluding aliens have not received the royal assent, we will soon hear complaints from the west and south, and the colonial belief in Mr. Chamberlain as the ideal secretary

will be strained.'

How the Cambria Came to Grief on Lake Huron

Parts of the Cargo and Cabin Being Washed Ashore.

Statements of the Passengers-Names of the Canadians on Board the Ill-fated Craft.

The following additional particulars of the disaster to the Cambria, which was wrecked Tuesday night (as already stated in The Advertiser) have

heen received: The Cambria left Detroit Tuesday noon with 100 passengers for Sault Ste. Marie, and was wrecked three miles

north of Sarnia. The following story of the wreck was gathered from a crowd of about 20 of

PASSENGERS' STORY.

"When we left Sarnia, the purser was overheard to say to Capt. Hill that he had better wait until morning be fore venturing out into the lake, but with the purser, and the boat started on her trip. On reaching the lake, the vessel commenced to roll heavily, but vessel commenced to roll heavily, but the captain pushed on. On the way up the lakes a raft of logs was passed in sured for more than \$12,000. the lakes, a raft of logs was passed in safety. After going about ten miles out into the lake, the captain changed his mind, and turned the boat around, and started back toward Sarnia.
"By this time most of the passengers had turned in, and only gers had turned in, and only a few were on deck. Shortly after 1 o'clock the boat struck a drift of logs, and a hole was made in her bow, the logs tween Detroit and Windsor and the clinging to the boat, and completely surrounding her. In attempting to back out of the logs, the wheel became broken, and the vesse lay helpless in the water, and at the mercy of the wind and waves

RAN FROM THE STATE-ROOMS. "The shock of striking the log aroused the passengers, who ran from heir state-rooms in their night clother and for a few minutes it seemed as if a would ensue, but some of th cooler heads prevailed upon the more heads prevailed upon the more Trainmen on one of the railroads stricken ones, and order was retraversing Indiana have been ordered stored, and the passengers were per- to cease waving handkerchiefs at wosuaded to return to their state-rooms men along the line, and to desist from and dress themselves. This they did, all flirtation. taken out, as soon as occasion offered.

London, July 29.—The manufacturers was decided to send the minister of toward the Canadian shore. The logs London, July 29.—The manufacturers was decided to send the infiniter of clung to the boat, and kept up a constant pounding and thumping on the boat's sides. about a half hour, when suddenly the vessel struck something, stopped short, tors commenced placing material for and leaned over on one side, with the the extension. waves breaking over her.

LIGHTS WENT OUT.

"To make matters worse, the ing of the vessel when she struck burst a steam pipe leading to the electric light dynamo, and the lights went ductors who have already received their out, leaving the boat in utter dark-The passengers then became panic-stricken in earnest, as the water was breaking over the vessel, and the escaping steam was thought by many out of Toronto. to be the sound of water pouring into

"The captain, for a moment, seemed at a loss what to do in this emergency, but one or two of the passengers did not lose their heads, and this reassured the captain, who ordered the pas-sengers to don the life-preservers. This giving them something to do, eased again averted

"At this time no one of the passenters was aware that the boat was on the beach in about eight or ten feet of the beach London, July 29.—Sir Louis H. Davies | water, and within about 200 feet of per-has finished argument in favor of the | feet safety, and dry land. Everything | was 112 minutes. The special was was enveloped in Egyptian darkness, forced to slow down very and nothing whatever could be seen.
The logs still kept pounding at the vesmatter before the law officers of the sel's side, as if they were bound to stave it in. This state of affairs was kept up for about two hours, the captain refusing point blank to launch any the coast had educated them to

SHOUT OF JOY.

"As soon as it commenced to get light the work of transferring the passengers to the shore was commenced, and when the first load reached the shore in safety, a shout of joy went up. both from the shore and those remaining on the boat. It was but a short time until all the passengers were safegathered on shore, and then the aggage was taken off."

The vessel now lies about a mile above Point Edward. It is thought she

atives fied to their caves, in they were afterwards captured, ombi's main ave being design design of "A bad harvest at the caption of "B bad harvest at the caption o have led to results as meagre as plowing the sea sands. Colonial Secretary raft towed by the Vigilant, into which he ran last night, had no lights on it. The

garding the handling of tickets. Two of them run out of Montreal and one A Buffalo dispatch says: A fast run was made on the Michigan Central yesterday by the second section of the special train containing Christian Endeavor delegates. They had been annoyed by frequent delays west of Chicago, caused by washouts, and were in a hurry to reach Niagara Falls in eir minds somewhat, and a panic was feature of the run was the fast time made for such a great distance. From Windsor to St. Thomas, a distance of was 112 minutes. The special was bridges and crossings, but this time lost was not deducted. The passengers on the train were aware that fast time of slow roads, and the long trip from point where better than a mile a minute could be appreciated. the stations fly by and the line of poles with no space between them, and they knew they were going. The train made several spurts, but made no attempt to break a record. A strip of fives miles was frequently done at the rate of 50 seconds. The arrival at Niagara Falls was in time for the morning meal.
