J. T. R. Men Expected to Follow Others--Six Thousand Men Directly Affected On the Canadian Paeific.

[G. N. W. Dispatch.]

Ottawa, Ont., June 23. - From information given out today it is improbable that the labor department will have anything further to do with the difficulties between the trainmen and the companies. The Minister of Labor is not in the city, but it was stated that now that the board of conciliation has been appointed and made its finding, the matter is ended, so far as the now for the interests involved either to accept the finding or get together and conduct further negotiations them selves. The department cannot interfere with the findings of the board.

[Special to The Advertiser.]

Montreal, June 23-The general committee representing the men employed in the train and yard service on the Canadian Pacific Railway yesterday wired the Department of Labor at Ottawa refusing to accept the decision of the dispute between the railway and its employees, which had been given by the board of arbitration. No definite action has yet been taken concerning the award of the board in the matter between the G. T. its employees in similar branches of the service, whom the general committee also represents, but to straighten out. as the demands of the men are simimembers of the executive stated last doubtless, also, be rejected.

Knights of Columbus Elected Officers at Brockville Meeting.

Brockville, June 22.-The Provincia Council of the Knights of Columbus opened its annual sessions here yesterday, and concluded this morning. The state deputy, O. K. Fraser, of this town, pre-sided, and in his annual report reviewed the growth of the order, showing that of the subordinate councils throughout the world Ontario was twenty-second on the list. The order is now in operation in the United States, Canada, the Philippine Islands, Panama, Mexico and Cuba. The membership in Ontario a year ago was 2,002, and on May 1 last it was 3,162, presided over by twenty-three councils.

The election of officers resulted as fol-fows: State Deputy, O. K. Fraser, Brock-ville; secretary, J. H. Botsford, Brock-ville; treasurer, L. O. O'Connor, Lind-say; advocate, J. O. #### Declined the Award

Montreal, June 22.—The following is the telegram sent by the C. P. R. trainmen's committee to the Minister of Labor: Hon. W. L. Mackenzie King, Minister of Labor:

The general committee representing the men the train and yard service on the C. P. R. unanimously request us to advise you that they have received and thoroughly considered the award handed out by the board of arbitration in the recent investigation. While thanking the board for its earnest efforts, honest consideration and intent in preparing the award referred to, the committee is compelled to advise you that it is unsatisfactory, being impracticable of adoption, and that it cannot be accepted. For reasons best known to the gentlemen composing the board, standards and comparative differentials existing in the territory, and on the C. P. R., have been entirely ignored, or, worse still, reversed, thereby making the award, as handed down, impossible of acceptance. We are this date writing Mr. McNicoll, quoting this telegram, and asking if his company are still indisposed to recognize past and recently advised standards in the territory.
