SUGGESTION THAT CITY SHOULD PROVIDE TWO GOLF LINKS

Mr. A. O. Graydon Gives a Pointer to the Parks Commissioners.

To the Editor of The Advertiser: A short time ago I read in your paper an article taken from the English press advocating the playing of by workingmen-now "working-

subject. I would suggest to the park commissioners that they lay out two sets of golf links on the property owned by the city-one starting at the east cove and going went to the eastern limit of Woodland. The second one beginning near the eastern entrance to Springbank Park and going westerly to the westerly limit of the park.
I do not play golf and know nothing about golf links, but I believe very fine sets could be constructed in these localities, and there is no doubt man in Canada means every man, be that there is no finer or healthier game he printer, carpenter, blacksmith, gro- played and suitable for every age of or grocer's clerk, lawyer, doctor man, from youth to old age. One or or clergyman, we are all workingmen, two men could keep the links in good and thank goodness have no idle rich condition and every citizen could use in Canada—we all have to work to them. Yours truly, live. But this is a digression from my AQUILA O. GRAYDON.
