

OLD BRIDGE GOING TO WAR ON BAKERS

Will Equip Factory To Sell Product At 10 Cents A Loaf.

WANTS INVESTIGATION

City Clerk Asks Attorney-General Raney To Order a Commission.

War on district bakers who, he claims, are charging exorbitant prices for bread in view of the costs of production and delivery, has been declared by Ald. John Bridge, chairman of the committee of commerce, who has requested City Clerk S. Baker to write to the Attorney-General, Raney, for an order to have the city council order an investigation to investigate the local situation. City Clerk Baker, according to Ald. Bridge, has written the letter, and an early reply is expected.

"Even if the attorney-general does not grant permission, I will bring the matter before No. 1 and No. 2 committees of the city council at meetings to be held next week," he declared to the advertiser Friday. "and will attempt to lead through the investigation any way. It is no secret that the bakers of the country have been buying flour for \$3 a barrel for some months, and under prevailing conditions of labor, and a reduction in flour prices of 75 per cent from the high peak of last year, there is no reason for the present high cost of bread. In my opinion ten cents a loaf will guarantee the bread manufacturer adequate returns on his investments."

Rebates Alleged.—To my certain knowledge the larger bakeries operating in Western Ontario have been receiving secret rebates for some time past, these rebates ranging from 10 to 40 per cent on the raw material used. But the public has not been entitled to the extent of one cent by these arrangements. I am not singling out any one baker, but am going after them all. Wages cannot consistently come down until the cost of bread, and other daily necessities have been reduced to a proper basis in comparison with the present prices of wheat and flour.

Within thirty days I will commence to equip a modern bread factory in this city to supply the public with bread not to exceed 10 cents per 24-ounce loaf. The prices are not reduced before then. This is the first canter, and I can back all my statements," he concluded. "These are only the preliminary."

Gallery Watching Golf Finals Yesterday

Two hundred or more followed the progress of the golf finals for the Ontario Cup yesterday at the London Hunt and Country Club between Mrs. Hope Gibson and Miss Hutton, the honors going to the former.

Local Manager's Denial.—"None of those things are right," declared the manager of the local plant of the Neel Baking Company, Limited, Friday afternoon, when Ald. Bridge's statements were read to him. "Wages have not been raised one cent as far as we are concerned, and flour is not selling at \$3 per barrel. We have received no rebate from the flour mill."

The manager of another large local bakery refused to make any statement for publication, stating that he would pay no attention to the ultimatum. A prominent local bread manufacturer, however, declared that he would prepare a reply for publication in the near future.

"I think Ald. John Bridge is perfectly right, and that there is a big profit in the bread baking business," said Ald. P. C. Bartley, the advertiser Friday night. "However, if the attorney-general does not empower the city to do more than to see how a commission can do anything, as it could not subpoena witnesses or compel the bakers to give information, the city has no right to interfere with the business of the bakers. The attorney-general can grant the required authority to the council, but he could have a commission ordered to investigate the local situation."

MAN AND WIFE FINED FOR BEING INTOXICATED

Wm. Webster Must Pay \$200 for Breach of the O. T. A.

William Webster was fined \$200 and costs in police court this morning on a charge of having liquor in a place other than a private dwelling, the said liquor being ten bottles of stock ale. His sister-in-law, Mrs. Frank Webster, gave it to him, he said.

The woman declared that Fred Smith, with whom she is living, ordered the ale for her, after she had paid him \$5. She said she was not aware of the fact that the ale was for sale.

Police arrested William Webster, Frank Webster and his wife, who is not residing with him, at the rear of a blacksmith shop at the corner of Waterloo and Horton streets a few days ago. William Webster had an auto, but only the woman and the ale were in it. All the gas had been consumed. The officers saw that all three prisoners were intoxicated. The ten bottles of ale were confiscated and Frank Webster and his wife were fined \$10 and costs each for being intoxicated.

BIG FLYING BOAT REACHES OTTAWA

No Difficulties Encountered by Navigators On Trip.

Ottawa, June 11.—Col. Robert Leckie and Capt. G. C. Johnson, air board fliers, who brought the big flying boat F-3 from Halifax, reported their arrival to the air board offices here at 10 o'clock this morning.

Officials of the air board this morning issued a statement deprecating the alarmist rumors to the effect that grave concern was felt for the safety of the fliers.

"No concern was felt by the air board," declared J. A. Wilson, "and no statement to that effect was given out from the board's offices."

COLORED MAN CHARGED WITH ASSAULT BOUND OVER TO KEEP PEACE

After hearing evidence in a charge of assault laid against George Campbell, colored, by Charles Lilley in police court this morning, Deputy Magistrate P. H. Bartlett bound him over to keep the peace in the sum of \$250.

Complainant swore that when he ordered defendant out of his lane the latter threw a stone and struck him in the mouth. His mouth was cut where he had received the blow. Campbell swore that the complainant, who is 37 years of age, struck him and then fell down on a stone, injuring his mouth.

Campbell came to court with a bandage on his hand, which he said had been struck by a cane. When he took off the bandage at the request of the magistrate, not a mark of any blow was visible. His head also had been struck, he claimed, but there was no mark of any assault.

Complainant denied striking the colored man.

FAMOUS PEARL NECKLACE WORTH \$1,000,000 TO BE SOLD

This necklace belongs to the Louvre, Paris. It is in 3 strings, weighing 524 carats and consists of 154 pearls, 14 of which are of the size of a pea.

The necklace was bequeathed to the Louvre by Mme. Thiers, widow of the French historian. The authorities do not consider it a sufficient historical value to retain.

Beautiful French Indestructible Pearls in opera lengths are sold from \$10 to \$100 by John A. Nash, Jeweler, whose new store is 182 Dundas street, "where you will eventually buy."

CRERAR SAYS MURRAY HAD NOTHING TO DO WITH SHIPPING GRAIN

Winipeg, June 11.—Canadian Press.—Hon. T. A. Crerar, president of the United Grain Growers, stated in a statement last night declared that J. R. Murray had nothing to do with the shipping of grain or the terminal elevators in the season of 1912-13, as stated by R. J. Henderson, former superintendent of the United Grain Growers terminal elevator at a special session of the royal inquiry commission at Fort William last night.

Mr. Henderson then stated that Mr. Murray had shipped out in that season two million bushels of grain, the house records for which were not surrendered for a year afterward, and long after the wheat was in Liverpool.

The statement made public Thursday night regarding the special session, Mr. Crerar was incorrectly reported as stating that "Henderson had nothing to do with the shipping of grain at that time."

HOME RUNS ARE BEING PILED UP IN ALL THE BIG LEAGUES

New York, June 11.—Applause was all accorded to the Detroit Tigers today for a home run which he hit, but which does not appear in the Washington-DETROIT box scored printed today. Heitman hit the ball into the bleachers, and a man on base in the first inning yesterday, and when it was discovered that it was not his turn to bat the hit was disallowed. Veech, who lost the hit was disallowed. Veech, who lost the hit was disallowed.

Two home runs were made yesterday by Earl Sheely of the Chicago Americans, who led the Pacific Coast League last year with 32 homers.

A slugging bee between Cleveland and New York resulted in a total for the two teams of 37 hits for 58 bases. Ruth made his 17th home run of the season.

The St. Louis Nationals have a winning streak of seven straight victories. The Cardinals made a clean sweep in their four-game series with Brooklyn.

BASEBALL REVIEW

Chicago, June 11.—The "holy ball" was responsible for 15 home runs in the major leagues during the past week, according to figures released today, and which include games of last Wednesday.

The American League is credited with 32 of these, while the National League has 23.

Babe Ruth, of the Yankees, made two four-base blows during the week, and brought his total for the season to 17.

Half the total credited to his club, which is at the top of the list for home runs in the National League, and are tied with 22 George Kelly, the Giants' slugger, has been passed by Meusel of the Phillies, who has a total of ten.

Leslie Mann of the Cardinals made the best showing of the week among the base stealers, with eleven thefts.

Tris Speaker, manager of the world's champions, pulled away from Ty Cobb, the Detroit manager, for the runners-up among the batters of the American League.

Harris and Rice, the Washington duo, are having a merry race for stolen base honors.

DECREASED AMOUNT OF GRAIN HELD IN STORAGE

Ottawa, June 11.—According to returns received at the Dominion bureau of Statistics, the quantity of grain in storage at the different elevators throughout Canada has decreased by 347,729 bushels in wheat; oats, 2,465,929 bushels; barley, 457,449 bushels; and rye, 245,755 bushels. Flax increased by 22,734 bushels, as compared with the previous week.

DEMPEY RESUMES TRAINING.

Atlantic City, N. J., June 11.—After 24 hours' lay-off, Jack Dempsey swung back into his training grind today. The champion was away from camp the entire day yesterday, motoring over to Camden, N. J., to bring back his Belgian police dog. The trip apparently was refreshing, as Dempsey expressed a desire to resume work with the gloves, which probably will be done tomorrow.
