Life and Character Reading.

JULY 28. This is the last birthdate in which the person partakes of the double sign of Cancer and Leo. The natural Leo laziness of this date is much modified by the Cancer restlessness, which keeps them hunting for new which keeps them hunting for new pleasures and unique sensations. These people are secretive or frank as the case seems to demand, the men demand the utmost probity in their wives but decline to be called to book in return.

The well-reared and educated Cancer-Leo person is a beautiful character. The sympathy for suffering is an all-around emotion which touches the pocket as well as the heart. There are no heights to which these people cannot attain if they elect.
