Had an Awful Cold and Cough

Was Confined to Bed

Some coughs and colds seem hard to shake off—stick right to you in spite of all you do to get rid of them. These are the kind that are dangerous—the kind that weaken the lungs so that the germs of consumption find a ready foothold.

Obstinate coughs and colds yield to the grateful soothing properties of

DR. WOOD'S NORWAY PINE SYRUP

It soothes and heals the irritated lungs and bronchial tubes, cuts the phlegm, and aids nature clear away the morbid accumulations.

Mrs. Geo. D. Langdale, Barton, N. S., writes: "In the year of 1919 I was taken with an awful cold and cough, and was confined to my bed for some time. I thought I was going into consumption. I commenced to use Dr. Wood's Norway Pine Syrup and found it to be an excellent remedy. I can highly recommend it to every sufferer from coughs and colds."

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Advt.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probability nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Bisulphate of Magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as Bisulphate of Magnesia, which can be obtained from any druggist in either powder or tablet form, enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Bisulphate of Magnesia, which is especially prepared for the above purpose.—Advt.

VALUE IS GREAT SAYS CONTRACTOR

Declares Tanlac Overcame Long-Standing Intestinal Trouble and Is Worth More Than Money.

Daniel McPhadden, a prominent contractor, of the Richmond Court Apartments, Saskatoon, Sask., is still another who has realized the fact that Tanlac "makes you eat better, sleep better, feel better and work better."

Mr. McPhadden has been identified with the people of Saskatoon for eighteen years. He is one of the founders of the Saskatoon Co-operative Society, Ltd., and his standing and influence are too well known to require further comment. In relating his experience with Tanlac, Mr. McPhadden said:

"I have found Tanlac to be a remarkable medicine and tonic. For a number of years I had been bothered with intestinal trouble and was in a general run-down condition. I was under weight, couldn't sleep well at night, and felt tired and worn-out all the time."

"Well, nothing seemed to reach my case, and I just kept getting weaker. Really, I don't think I could have worked much longer if it had not been for Tanlac. It has been worth more to me than the money I paid for it. My ailments are not only gone, but I have been built up until I feel like an entirely different man, and am enjoying splendid health."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advt.

IF RHEUMATIC BEGIN ON SALTS

Says We Must Keep Feet Dry. Avoid Exposure. Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a table-spoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—Advt.

WHO FIRST FELT "LIKE A FIGHTING COCK?"

But it is only 80 years ago that the first man felt "like a fighting cock!"

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity—and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

YOO HOO—

SAY, OFFICER, IS THERE A LAW AGAINST FLIRTING?

WHY? DO YOU WANT TO?

NO! BUT THAT SCOUNDREL JUST DID.

WHO DID?

THAT GUY! HE TRIED TO FLIRT WITH ME.

THAT GOOD-LOOKING MAN? ARE YOU SURE?

YES, HE FLIRTED WITH ME.

WELL, IF I WERE YOU I'D FORGET IT.

—THERE MUST BE SOMETHING WRONG WITH HIS EYES.
