BEALING ART. ees in Medicine Conferred at Trinity niversity—The Gold and Silver Medal-its — Chancellor Allan Wants a Uni-orm Matriculation Examistion.

Trinity University held a special convocation on Saturday for the conferring of medical degrees upon the students of Trinity Medical School. Convocation Hall was crowded. The occupants of the gallery were somewhat less demonstrative than on previous occasions, though of course, when the only lady graduate present Miss J. S. Carson, received her degree of M.D.C.M., she was vociferously applauded. Hon. G. W. Allen, Chancellor of the university, conferred the degrees. Seated on either side of him were Doctors Temple, Davidson, Powell, Nevitt Covernton, jr., Covernton, st., Bingham, Sheard, Grasett, Robertson. Convocation Hall was also honored by the presence of Str Alexander Campbell on this occasion and in close proximity to him were to be seen Barlow Cumberland and Professor Kirkland of the Normal School.

Professor Johes of Trinity University and Dr. Geikke, Dean of the Trinity Medical Faculty, did most of the work, but the Chancellor eas the figurehead.

A Dinner Pill.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parmelee's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

The Sewage Question.

For some months Mr. Miller has had a new process of dealing with sewage on exhibition process of dealing with sewage on exhibition in the basement of the City Hall towards which the council made a small grant. So far, however, the council has taken no further action in the question. The World examined the process the other day, and as far as could be seen it appears to be worthy the consideration of a sub-committee of the council, who might report on its merits. Citizens generally ought also to inspect it, and Mr. Miller will only be too glad to exhibit it to them in running order. If it realizes what its inventors claim for it and what it is known to have accomplished in Southampton and other English cities it is well worthy of the attention of Toronto. The Ontario Government have adopted this system for the Agricultural College at Guelph.

"After a varied experience with many so-called eathartic remedies I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, an Abluer Perus. sr., Abilene, Texas.

To Celebrate Their Decade.

The various councils of the Order of Chosen Friends intend holding a grand concert in Association Hall, in the latter part of May, to commemorate the tenth anniversary of the foundation of the order at Indianapolis. This is one of the few orders to which ladies are admitted to the full benefits.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

Delays in the Custom House A move is being made on the Ottawa authorities to secure additional help in the Toronto Custom House. Wholesale men are rounto custom nouse. Wholesate men are gruntling loudly at the delays experienced in getting their goods passed through, and representations have already ocen made to Mr. Cockburn, M.P., on the subject.

A Painful Sight.

A Painful Sight.

Few people fully realize the sorrow and suffering which is daily endured among the sick of this city. Some are stricken down with acute disease, while others are just able to keep around under great difficulties, and still another class, the most to be pitied, are those who though afflicted with painful disease, are compelled to keep to their daily duties. No better example of this last class of sick people could be mentioned than Mary Phillips, who, when asked about her trouble, said: "My disease had so reduced my strength that I could hardly stand, and I felt tired, languid and worn out. I could acarcely eat anything, and what I did force down lay very heavy on my stomach, which was always bloated and full of gas. I had severe headaches, and my heart throbbed so I almost thought I had heart disease. My mouth was bitter, and my tongue always coated, especially in the morning. I felt myself getting gradually worse, my liver and kidneys were also in a diseased condition, which troubled me very much. I had severe pains through my chest and back; in fact I seemed sick all over, and condition, which troubled me very much. I had severe pains through my chest and back; in fact I seemed sick all over, and don't suppose I ever would have got well except I knew personally of others who had been cured of diseases like my own by the doctors of the Medical Institute at 170 King-street West. As their counsel is free I called upon them and applied for treatment. After a careful examination they prescribed for me a medicine which I began taking, and it benefitted me so rapidly that in less than two months I was entirely cured, and am pleased to tell in public print what they have done for me.

IN GREAT LUCK.

The Ben in the Louisiana State Lottery.

The Item reporter found George Lowber at his home, 1939 Bainbridge-street, last evening, and said: "I understand you were one of the fortunate ones last month."

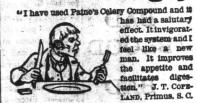

"Yes." answered Mr. Lowber, who is a good sized young man and a good humored one, too. "We had a one-tenth of ticket No. 2837 in the last drawing of the Louisiana state Lottery."

"And you got a prize?" interrogated the reporter.
