

**Vapo-Resolene**  
Established 1879  
**Whooping Cough, Croup, Bronchitis  
Cough, Grip, Asthma, Diphtheria**  
Cresolene is a boon to Asthmatics  
Does it not seem more effective to breathe in a remedy to cure disease of the breathing organs than to take the remedy into the stomach?  
It cures because the air rendered strongly antiseptic is carried over the diseased surface with every breath, giving prolonged and constant treatment. It is invaluable to mothers with small children.  
Those of a consumptive tendency find immediate relief from coughs or inflamed conditions of the throat.  
Sold by druggists.  
Send postal for booklet.

**Sheep and Dogs.**  
The Middlesex county council has had to pay, in several cases, smartly for sheep killed by vicious dogs.  
All over the land the same question is being met by county authorities. If all the payments made on this account were summed up, the total would be very considerable.  
The money question, however, is not the principal point, which is rather the hindrance and discouragement to the business of sheep raising by the depredations of prowling dogs for which no individual owners can be made responsible. When the community pays the figure is hammered down. Seldom is the full injury repaired by money payment. In estimating the damages on sheep "worried" or killed by dogs, no account is taken of the harm done to the flock in general.  
It is suggested that some member of the Legislature move next session for a return of all the payments made on the account stated, by the townships of the province during 1906. The aggregate would surely startle the Legislature into the necessity of more stringent legislation on the dog nuisance. What is required is a law permitting the shooting of any dog seen at large, at any time, without some person being in charge.  
The reputation of Canadian sheep and lambs in the United States market is at the highest. As stated in the reports of the Live Stock Associations, the sheep breeders of the province have been making a reputa-

**Weak Lungs  
Bronchitis**  
For over sixty years doctors have endorsed Ayer's Cherry Pectoral for coughs, colds, weak lungs, bronchitis, consumption. You can trust a medicine the best doctors approve. Then trust this the next time you have a hard cough.  
The best kind of a testimonial—  
"Gold for over sixty years."  
Made by J. C. Ayer & Co., Lowell, Mass.  
Also manufacturers of  
SARSAPARILLA  
PILLS  
HAIR VIGOR.  
We have no secrets! We publish the formulae of all our medicines.  
Ayer's Pills keep the bowels regular. All vegetable and gently laxative.

tion in America that is second to none on the continent. At the St. Louis Fair not a single Canadian judge officiated, and when our sheep were judged in competition with American sheep we were given the prizes. This shows we can produce the very best sheep that can be grown on this side of the sea, or anywhere else; as the best money could buy, or breeders anywhere could produce were gathered at that great exhibition.  
It is a trade worth millions to the province if carefully looked after.—Free Press.

**The Three Truths.**  
A New Year's Thought.  
The soul of man is immortal, and its future is the future of a thing whose growth and splendor has no limit.  
The principle which gives life dwells in us and without us, is undying and eternally beneficent, is not sensed but is perceived by the man who desires perception.  
Each man in his own absolute law-giver; the dispenser of glory or gloom to himself; the decreer of his life, his reward, his punishment.

**THE CHARM OF BEAUTY**  
Nothing of More Value to Women.  
The glory and satisfaction of beautiful womanhood can be known only to those possessing the unlimited advantages of health.  
No weak women can be happy or enjoy half the pleasures of life. Pallid cheeks, sunken eyes, exhausted nerves, all tell of a terrible struggle to keep up.  
What the weak woman needs is Ferrozene; it renews her vitality and vitalizes instantly—it's a "woman's remedy"—that's why.  
Ferozone makes women strong, plump and beautiful because it contains lots of nutriment, the kind that forms muscle, sinew, bone and nerve.  
Vitalizing blood courses through the body, making delightful color, happy spirits true womanly strength.  
To look well, to feel well, to enjoy the unlimited advantages of robust, bounding health use Ferrozene; sold by all dealers in 50c boxes, and refuse a substitute.

**Not So Scarce.**  
Seaforth Expositor: The school teacher famine does not seem to be so acute as was generally supposed. We notice that in a school section in Westminster, in the county of Middlesex, there were eighty-three applicants for a position, and a lady teacher was selected at a salary of \$500.  
In another instance, for a rural school there were 120 applicants. This looks something like old times. If the salaries are reasonable there will be no lack of good teachers. But, if bright, clever young ladies can make more money as stenographers, milliners and store clerks than they can at school teaching they will naturally choose the best paying occupations. If they can do better in other walks of life, not many of them will choose the teaching profession, except as a stepping stone to something better.

**WHEN YOU EAT TOO FAST.**  
You have indigestion, perhaps cramps, or in any case the system is overloaded with matter that should be eliminated. Breath gets bad, eyes look dull, headaches are frequent.  
Why not cleanse and purify the whole system, why not strengthen the stomach, enrich the blood and assist your overtaxed digestive organs? Easily done with Dr. Hamilton's Pills; their action is most gratifying. In every case they give the exact assistance the ailing organs require. You'll feel fit and fine, eat with a relish, sleep like a top, have a clear color, and restful sleep if you regulate your system with Dr. Hamilton's Pills. Price 25c per box, at all dealers.  
Parcel Postage.

A bill will be introduced into Parliament at the present session to establish a cheap parcel post system in Canada and whereby the Post Office shall collect on parcels. As this would enable mail order houses to send goods to any part of the country in competition with local retailers, the merchants of many towns are up in arms, and are striving to have the bill defeated. A petition was circulated among the business men on Saturday and was largely signed, the petitioners asking the local member to oppose the measure. The business men are wise in thus looking after their interests, as there is no doubt the proposal if it became law would in some cases ruin the retail merchant, especially in towns and villages close to the cities. The large departmental concerns have enough advantages now through the mail. This would particularly favor them. True it would be an additional revenue for the government, but would have a damaging effect upon mercantile interests in smaller towns and villages.

publication for Free Distribution to Farmers, on Application to the Seed Commissioner, Department of Agriculture, Ottawa.

Report of the Third Annual Meeting of the Canadian Seed Growers' Association.  
This is a valuable report of 96 pages, containing interesting reading for farmers. The report contains a summary of the business transacted, a reprint of the Constitution, Bylaws and Regulations of the Association, the methods of keeping records of registered seed, the names and addresses of seed growers who are producers of registered seed, and instructions as to the methods of growing and selecting seed grain and other seeds of various kinds.  
Part III of the report contains papers and addresses by the following persons:  
Dr. Jas. W. Robertson, Manager, Macdonald Agricultural College, Ste. Anne de Bellevue, Que.; Hon. Sydney A. Fisher, Minister of Agriculture, Ottawa; Hon. W. R. Motherwell, Minister of Agriculture, Regina; "Wheat Growing in the Canadian West"; Prof. B. Harcourt, O.A.C., Guelph; "The Relations between Soil Conditions and Crop Improvement"; Dr. Charles E. Saunders, Experimental Farm, Ottawa; "Quality in Wheat"; Prof. F. T. Shute, Chemist, Experimental Farm; (1) "Soil Wheat Problems," (2) "The Action of Certain Soil Proteins on the Vitality of Wheat"; Mr. John Buchanan, O.A.C., Guelph; "Some Effects in Varieties of Cereal Crops Arising from different Conditions of Growth"; W. T. Macoun, C.E.F., Experimental Farm, Ottawa; "The Improvement of the Potato"; Mr. Geo. Robertson, St. Catharines, Ont.; "Some Results in Horticulture from the Selection of Seeds"; Mr. L. S. Klink, Macdonald Agricultural College, Ste. Anne de Bellevue, Que.; "Methods of Storing Seed Corn"; Mr. W. L. Smith, Toronto; "How best to Encourage the Dissemination of High-Class Seeds."  
The Seed Control Act, 1905, containing a reprint of the Act with general explanations and instructions.  
Circular on Seed Testing, giving an outline of the objects of testing seeds for purity and vitality, and some general notes applicable to the condition of the trade in agricultural seeds.  
GEO. H. CLARK,  
Seed Commissioner.

**MOTHERS, HERE IT IS!**  
A friend and comforter, an unceasing aid in every house for the hundred and one ailments that do turn up. Nerviline is too valuable to be without. If something eaten causes trouble, if it's cramps, indigestion or headache, Nerviline cures. For cold on the chest, aching limbs or lame back rub on Nerviline and get ease at once. As a family safeguard nothing is known to excel Polson's Nerviline. Get the large 25c bottle from your dealer.  
Christmas Weddings.  
The Department of the Registrar-General of Ontario received from issuers of marriage licenses 672 affidavits made by applicants for licenses and 610 marriage licenses from officiating clergymen during the two following Christmas Days. This is fully double the number of affidavits and licenses received during the same period since the new regulations came into force, which requires issuers and clergymen to forward these forms forthwith to the Department of the Registrar-General.

**THORNS IN THE FLESH.**  
Even worse is the agony of corns. Why suffer—there is waiting in every drug store in the form of Putnam's Corn Extractor which relieves at once, cures thoroughly and without pain. For good results use only "Putnam's."  
C. A. Decker, the forest pump and windmill man, is making preparations to build a new factory and warehouse next spring.

**It's blended.**  
Manitoba Spring Wheat Flour is rich in gluten—takes up water readily—stands up in the oven. Ontario Fall Wheat is not so strong but makes ideal cake and pastry.  
**Beaver Flour**  
is a blend of Manitoba Spring Wheat Ontario Fall Wheat in just the right proportions of each to make the most wholesome, most nutritious bread—the whitest, lightest cake and Pastry—and yield the MOST of each to the barrel.

Dealers, write for prices on all kinds of Feeds, Coarse Grains and Cereals. T. H. Taylor Co., Limited, Chatham, Ont.

**FERRY'S SEEDS**  
Have stood the test for over 50 years, and are still in the lead. Their absolute certainty of growth, their uncommonly large yields of delicious vegetables and beautiful flowers, make them the most reliable and the most popular everywhere. Sold by all dealers. 1907 Seed Annual free on request.  
D. H. FERRY & CO.,  
Windsor, Ont.

**Every Nurse will tell you "Invalids require nourishment that's easily digested, for in cases of sickness the gastric juices are so weakened they cannot act properly on ordinary foods."**  
Some stimulation is also required, but it must be stimulation without reaction. Tea, coffee, spiritous drinks and similar preparations, are stimulants—stimulants that react.  
Beef tea and meat extracts are also stimulants, but with this difference, they don't react. Yet while they have stimulating properties, they are practically devoid of nourishment.  
"Bovril" not only stimulates but nourishes as well, for in it the nourishing qualities of beef, fibrine and albumen are fully preserved.  
**BOVRIL**  
IS  
**A TRUE FOOD**  
Not merely a stimulant.

**Can Consumption be Cured?**  
There is plenty of indisputable evidence to prove that Consumption has been cured even after the symptoms were well defined and the lungs actually involved.  
On the other hand, there has always been a point beyond which the disease has been considered incurable. Until a comparatively recent date this point had a place at a very early stage of the malady, but modern scientific discovery and common-sense methods of treatment have gradually moved the hopeless point further and further back, until now the Consumptive is not "given up" until the very last stage of the disease is reached.  
Nothing in recent years has done so much to improve the chances of Consumptives as the advent of

**FERROL**  
In fact, it is claimed that, with plenty of fresh air, sunlight and comfortable surroundings, FERROL has pushed the hopeless point to the limit, that is to say, where these fail the chances of cure are very slim indeed.  
FERROL does not kill the germs of Consumption (anything that will do that will kill the patient), but FERROL does the work by repairing the waste tissue, enriching the blood, toning the nerves, in short, by building up the whole system and thus enabling nature to expel the disease.  
The only possible chance of curing Consumption is by proper nutrition, and FERROL is the only perfect nutrient, because it combines in palatable and easily digested form the very essentials of life—OIL, Iron and Phosphorus.  
We feel some diffidence in claiming that FERROL will cure Consumption, lest we be misunderstood, but we have not the slightest hesitation in stating that it is an infallible cure for BRONCHITIS, CHRONIC COUGHS, CROUP, WHOOPING COUGH, CHRONIC RHEUMATISM, NEURALGIA, NERVOUS EXHAUSTION, SCROFULA and all wasting diseases.  
For restoring lost weight and building up the run-down system FERROL is absolutely without an equal.
