The Unidesigned baying hevel that remours are afloat detrimental to the chiral post the Branch Piloto out of the Port of St. And. we N. B. As a Body, think it necessary to state that several qualified Piloto, at Sundry times, offered theoretics in the line of their profession, in Ariste's Commanding vessels owned by Nehemish Molas Esquire, and that they services have been unfamily rejected. On a recent occasion Capt. Fatton of the Nehemish, in reply to several of our monher who offered him their services, stated that the Narks would not allow him to take a pilot as the vessels was not insured. We are of opinion that an econsequence of the Nehemish having no Branch Pilot on hoard, she went ashore on Saturday the 24th August last. TO THE PUBLIC. August iast.
