

THE ALL-HEALING REMEDY!!!

Holloway's Ointment.

A most astonishing cure of Scrofulous Ulcers—a case certified by the Mayor of Boston.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway.

Dear Sir, Mrs. Sarah Dixon, of Liqueur, pond street, Boston, has this day deposed before me, that for a considerable time she was severely afflicted with Scrofulous Sores and Ulcers in her arms, legs, and other parts of her body: and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the mediators for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, dear Sir, your truly,
(Signed) J. NOBLE.

Dated August 12th, 1852.

An extraordinary and rapid cure of Erysipelas in the leg, after medical aid had failed.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bignor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway.

Sir, I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent cure. I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit. I am, Sir, your obliged and faithful servant.
(Signed) ELIZABETH YEATES.

A dreadfully diseased Ankle cured after being given up by the Faculty at Malta and Portsmouth Hospitals.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King St. Norwich.

Copy of a letter from Captain Smith, of Great Yarmouth, dated January 19, 1853.

To Mr. Dixon.

Dear Sir, I send you the particulars of a cure effected by Professor Holloway's invaluable medicines. Mr. John Walton, late in Her Majesty's Service, in the British fleet at Malta, had a very bad ulcerated ankle, and after being in the Malta Hospital for six months, was sent to England and an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to leave the hospital until he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ankle became so much worse that all hope was lost. At this period, by my advice he tried Holloway's Ointment and Pills, which by unremitting application, healed all the ulcers, and restored him to perfect health and strength.

I remain, dear Sir, your very truly,
(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

Surprising cure of a Breast, Nervous Debility, and general ill health.

Copy of a letter from Mr. T. F. Ker, Chemist, &c., Lower Mossland, Manchester, dated Feb. 12th, 1853.

To Professor Holloway.

Dear Sir, I have great pleasure in writing to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Maria Bell, of Pitt-street, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, dear Sir, your faithfully,
(Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:

- Bad Legs
- Bad Breasts
- Burns
- Bunions
- Bite of Mosquitoes
- and Sand Flies
- Coco-bay
- Elephantiasis
- Gout
- Scurvy
- Sore Heads
- Tumours
- Chicago-foot
- Chilblains
- Chopped hands
- Corns (soft)
- Cancers
- Contracted and Stiff Joints
- Fistula
- Glandular Swelling
- Lumbago
- Piles
- Rheumatism

Ulcers Wounds Yaws

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

There has long existed a public demand for a pure and perfectly safe medicine, and an extensive trial of its virtues has conclusively shown that what nature intended for the purpose designed, it is best to leave to nature, but not to make the best of all pills—one which should have every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been submitted to the patient, who has found it to be a more than counterfeited, and is derived from the public domain. It has been submitted to the patient, who has found it to be a more than counterfeited, and is derived from the public domain. It has been submitted to the patient, who has found it to be a more than counterfeited, and is derived from the public domain.

It has been submitted to the patient, who has found it to be a more than counterfeited, and is derived from the public domain.
