

CURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S., writes: "For many years I have been troubled with chronic constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but one and all left me in the same hopeless condition. It seemed that nothing would expel from me the one ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 50c a box.

THE CARPENTER.

A Liverpool carpenter, James Milligan, has won the esteem of some English critics with verses written in hours of relaxation. He has lately published a book in which appears this little poem:

When Jesus paused 'midst His labor leaning
Upon His plane to take a moment's breath,
Did He, like me, this ponder over
The meaning
Of birth, and life and death?

Or, when His work was done and in
the gloaming
He put His tools back in the wooden chest,
I wonder, like me, when He was homing,
Deep sadness filled His breast?

If in the red defeat of day retreating
He saw a symbol of His Calvary,
Or if, like me, He felt how life was fleeting,
And wept that it must be?

If when He laid His body, limp and aching,
With dutiful toil, upon His humble bed,
He closed His eyes, nor thought upon the waking,
And lost, like me, the dread?

GRIPPE IS RAVAGING NEW YORK

New York, January 15.—New York city is having an epidemic of influenza, which it second only to that of 1899, when it worked such ravages over the whole country. Figures of the board of health, made public today, show the number of deaths from influenza, which is practically the same as grippe, has increased four hundred per cent. over the number for the corresponding week of last year, and is due, it is stated, to the cold and moist weather. The board of health reports fifty deaths last week as against ten of a year ago.

AGRICULTURAL COLLEGE

The Short Course at the Agricultural College is well under way and two hundred and fifty students are in attendance at the present time. The Ladies Course has a registration of twenty-three. The province of P.E. Island has a representation of eighty-two.

This year's course is one of the most interesting yet held and exceptionally the work is being done.—*Truro News.*

FIVE CHILDREN LEFT.

MOTHER DIED OF CONSUMPTION AND ONE LITTLE GIRL IS NOW AT GRAVENHURST.

A short time ago a woman in the advanced stages of tuberculosis died in her own home. By her death five little ones were left without the care of their mother. There was money enough in the family to make some provision for the care of the children, but it was almost impossible to secure any one who would render this service, so afraid are many people of this dread disease. A visitor to the home says that time and time again she had found the baby sleeping in her sick mother's bed, and near by food was stored from which the children partook. A sequel is revealed in the fact that today one of these five children is a patient in Gravenhurst, and the baby in the children's ward at the Toronto Free Hospital for Consumptives.

It is for the care of such sufferers as these that the Muskoka Free Hospital for Consumptives has been built. The tax on the accommodation is heavy, and the Trustees have only been able to make the large extensions of the present year by borrowing heavily from the bank. An appeal is now made for funds to help on this work and provide a place where children, such as are referred to here, may find a home with good possibilities of cure.

Contributions may be sent to W. J. Gage, Esq., Chairman Executive Committee, 84 Spadina avenue, or Sec. Treas. National Sanitarium Association, 347 King St. W., Toronto.

The Muskoka Free Hospital accepts patients from any part of the Dominion, and not a single patient has ever been refused because of poverty.

"No Let Up" in Industrial Operations of Bridgetown

The Year Has Been a Fair One All Around, and Although the Apple Crop Has Been a Failure, the Farmers Have Made up Their Losses in Other Ways.—The Outlook is Satisfactory.

(Special correspondence Morning Chronicle's New Year's issue.)

Bridgetown, Dec. 31st.—A small degree of prosperity during the year 1910, is the report of the merchants and manufacturers of this town. While no new industries have sprung into existence during the year, "no let up" has been the motto of the older concerns in our midst.

INDUSTRIES.

Owing first to the sudden advance in hides and then the drop, the Bridgetown Larrigan Company, one of our largest employers of labor, has not been able to increase its volume of business during the year, but in an interview with its manager, Mr. Arnold B. McKenzie, he predicts an increasing business for the coming year.

J. H. Ficks & Sons, woodworking factory and furniture dealers, report a successful year not only in their factory but they have largely increased their sales in their furniture departments. The Bridgetown Foundry Company, Messrs. Belder & Peters, barrel manufacturers, The Empire Liniment Company, The George Lake Company, Larrigan Manufacturers, all report a successful year's work with a bright outlook for the coming year.

Owing to the almost complete failure of the apple crop in this vicinity, the large vinegar and cider establishments of M.W. Graves and Company and the Bridgetown Vinegar and Cider Company have been compelled to go into the adjoining counties in order to secure apples enough to fill the orders already sent in by their travellers. The output from these factories will not reach fifty per cent. of last year.

BUILDING.

The year has been a fair one for builders and contractors both in the erection of new buildings and the repairing of old. A number of fine residences have been erected during the year, principally among them are the residences of Charles F. DeWitt, Charles H. Strong and James Fitz-Randolph.

AGRICULTURE.

As I have already stated the apple crop in this immediate vicinity being almost a total failure, many farmers whose crop in 1909 had reached hundreds of barrels, this year will have to purchase apples for their household use, but after careful inquiries among our leading farmers I find that what they have lost in their apple crop, to some extent, will be made up by the abundant crops in hay, grain and roots. The hay crop was one of the largest on record, the grain crop will double that of last year and the root crop has been exceedingly large. The season being a wet one butter and other dairy products were far in advance of other seasons. While it is somewhat regrettable, the apple crop has failed, I believe it has taught the farmers of the great furnishing establishments should not be placed on that crop and many farmers have already intimated that next season more time will be devoted to the tilling of the soil, which they now see is essential to successful farming in this Valley.

BUSINESS.

The general business of the town during the year has been successful. Our large dry goods stores are triumphantly displaying a stock of goods that cannot be surpassed outside of the city, the same can also be said of the gent's furnishing establishments, boots and shoes and grocery stores.

ELECTRIC LIGHT.

The Bridgetown Electric Light and Heating Company, under the general management of J.W. Beckwith, reports a successful year. Mr. Beckwith has studied the interest of his patrons in every particular and Bridgetown can boast of one of the most lighting systems in the Province, giving an all night service.

CIXIC AFFAIRS.

Civic affairs, under the management of Mayor W.J. Hoyt and Clerk Harry Ruggles, have been successfully administered during the year. Mr. F. L. Milner, who was clerk of the Town since the incorporation, having early in the year entered the law firm of Rogers & Purdy of Amherst.

STORY OF LAURA SECORD.

A Tale of Canadian Pioneer Life That Never Grows Old.

Undoubtedly Laura Secord is the greatest of Canadian heroines. She performed one of the most heroic feats in the annals of history. This was sufficient to make her famous, but the romance which colors the history of herself and her husband adds much to the glamor which has always been associated with her and her name.

Further, the deed which she was called upon to perform was the kind which appeals to Canadian men and women. A nineteen-mile tramp by moonlight through an untracked forest and over unbridged streams comprises a journey, the strain of which every Canadian can understand and appreciate.

Laura Ingersoll was the daughter of Thomas Ingersoll, a United Empire Loyalist who came from Massachusetts to Ontario about 1795. He was the founder of the town which goes by that name. His daughter Laura was about twenty years of age when the family moved to Canada. She was married to James Secord, a young man who had also shared in the sufferings of the Loyalists. His mother was one of a party of five women and thirty-one children who had arrived at Port Niagara in 1793 destitute and starving.

In October, 1812, the American troops crossed the frontier, defeated at Queenston Heights by Gen. Brock. James Secord helped to carry the young general from British-held. In the final assault he himself was wounded and in the dusk of the evening was found among the British. His wife who had gone to search for him. In June of the following year the Americans had for the first time gained possession of the Niagara Peninsula. The British had outposts at Fort Niagara and the Americans were advancing against them. With an order in their hands at Queenston, the Secords were called upon to help in the attempt necessary to warn the troops at this point. His plucky little wife therefore started off in the middle of the night on her dreadful journey. It was thirteen miles by road and the road was unbroken by British American sentries and outposts. She must needs tramp through the bush, wading the streams or creep across fallen trees on hands and knees. She must needs also avoid the Indians who were then working with the British. It was not likely to respect a white woman whom they found wandering in their midst. However, the trail and delicate woman accomplished her nineteen-mile journey and had time to camp in time to enable the garrison to prepare itself for the attack and to win a tremendous victory.

RESIDENTIAL TOWN.

Bridgetown with its fine water system, sewerage and electric light system, situated at the head of navigation on the Annapolis river and between two railways, offers exceptional advantages as a residential town. There are many beautiful drives and picturesque spots to visit within a short distance of the town. A drive of five miles brings you to the prairie on the Annapolis river and between two railways, offers exceptional advantages as a residential town. There are many beautiful drives and picturesque spots to visit within a short distance of the town. MINARD'S LINIMENT CO., LTD.

Gentlemen.—Last winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of La Grippe, and I have frequently proved it to be very effective in cases of Inflammation.

FRED R. FAY.

EXPENSIVE LANGUAGE.

Sol Gage, superintendent of transportation, recently recommended a man in a Lake Shore employ for an increase in pay, says the Cleveland Leader. Mr. Gage and this employee engaged in some correspondence over a technical detail of some transportation regulation. In reply to Mr. Gage's third letter this letter came:

"Instead of clarifying the situation your letter of yesterday serves rather to obfuscate it."

"Any servant of a great corporation who can read the word obfuscate and use it right, deserves more than sixty dollars a month, and I am going to see that he gets it," says Mr. Gage.

To make up a fire to last for hours use any waste paper, press into balls, place on the fire, cover with small coal and cinders.

Make This Test

How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic.

Put a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased and requires prompt treatment. If its loss would be avoided, if the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Resal "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the hand, grow hair and cure baldness.

It is because of this Resal "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Retail Store—W. A.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tenders for Breakwater at Brooklyn, N.S. will be received at this office until 4:00 p.m. on Monday, January 29, 1911, for the construction of a breakwater at Brooklyn, Queens County, N.S.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department at the office of C. E. W. Dodwell, Esq., District Engineer, Halifax, N.S. Those J. Locke, District Engineer, Shelburne, N.S., and on application to the Postmaster at Brooklyn, N.S.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signatures, the nature of the occupation, and places of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, for the sum of eight thousand dollars (\$8,000.00), which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for, if the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS, Secretary,
Department of Public Works,
Ottawa, December 29, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

THE WINTER TIME

is when you can best spare your boy and your booklet tells why you cannot afford to keep him at home or send him to a school that does not give the training given by the Maritime Business College, Halifax, N.S. E. Kaulbach, C.A. PRINCIPAL.

A constable died two years ago at Worcester, Eng., and not only did his successor take his clothes and number, but also his boat. He went to lodge with the widow, and now has married her.

Electric Balm is very highly recommended by those who have proved it to cure Eczema, Cuts, Burns, Sores, Piles and Chapped Hands, etc. See our booklet of remarkable true testimonials. Test this Balm at our risk, if it is not satisfactory we will cheerfully refund you the money paid for it.

Electric Balm can be had from the stores of S.N. Wear, W. A. Warren, Mrs. S. C. Turner's or direct from us 50c a box. THE ELECTRIC BEAN CHEMICAL COMPANY LTD. Ottawa, Ont.

To Our Advertisers

If you want to stay in business stay in the advertising field.

No matter how much business you are doing, keep up the energy that makes it.

You might as well cut off your leg because you are running well in a foot race as to cut off your advertising because your business is too good.

You might as well tell the insurance man that you are so healthy you will drop the policy for a few years as to stop advertising because the orders are piling up.

"Don't need to" is the eventual preliminary to "Can't do it."

The only man who doesn't need to advertise is the man who has retired from business.

The only policy holder who doesn't need to pay his premiums is dead.
