

I don't know that any phrase or quotation has ever been
of much use to me in life. but the two passages most frequently
on my lips are probably these -

"What shall it profit a man if he gain the whole
world and lose his own soul?"

"To live by law,

Acting the law we live by without fear,

And, because right is right, to follow right

We are done in the sure of consequence

(Tennyson's *Rhyme*)
