

## THE IMPROVED

LAMBER **TURKISH OR ROMAN BATH,**

140 St. Monique, near Crystal Palace, Montreal.

There are many kinds of Baths, but the above Bath is, in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin and the seven millions little perspiratory sewers or pores which open upon its surface, and carry waste and effete matters from the system.

2d.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3d.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquilize the nervous system.

THE SPECIAL USES OF THIS BATH are to secure perfect cleanliness, to preserve health, to prevent disease, and for its treatment a most invaluable agent, especially for cures of Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious derangements, Scrofula, Bronchitis, Sciatica, Malarial Fever, Local Congestions, Inflammations, and Skin Diseases.

This Bath has justly been entitled the "Queen of Baths," and having been constructed with the most modern improvements, and with perfect regard to ventilation, and being under medical supervision, I trust it will meet with that patronage which it merits, both as an invaluable medical agent and also as a sanitary means.
