NORTHEY GASOLINE ENGINE . .

Is the Most Reliable, Economical and Safe

Power for the Farm

This is part of a letter received from Mr. Elijah Wismer, Markham, Ontario, who has a 2 H.P.

"MY CUTTING BOX"

will take a sheaf that any binder will make, and I can cut my oats as fast as any man wants to handle the sheaves.

He runs his engine 10 hours on a gallons of gasoline, costing 30c.; and also says: "It knocks the windmill out. The Northey uses up no water, has no boiler or fire, and can be started in less than one minute."

Full particulars are in a booklet, which we are pleased to send to any one asking for it.
