

BRITISH COLUMBIA MINERAL REGIONS—KOOTENAY LAKE FROM NELSON.

**Mineral Wool Sectional Steam-pipe and Boiler Covering**

Do you pay for your fuel? If so, you can save 30 per cent. of your coal bill by covering your pipes with Mineral Wool. It is false economy to save the price of covering steam pipes. You pay for it twice over each season in fuel, and have nothing to show for the extra outlay but ashes. Cover your steam pipes—it is a paying investment.

A GOOD INVESTMENT

As a general news and literary weekly devoted to the interests of Scotchmen in Canada, the *Scottish Canadian* has been a remarkable success, and every week sees fresh additions to its subscription lists. The *CANADIAN ENGINEER* has so good an opinion of the *Scottish Canadian* that we have arranged to supply both papers together at a reduced rate. The subscription to THE *CANADIAN ENGINEER* is \$1; the subscription to the *Scottish Canadian* is \$1 50; but both papers will be furnished to any address for one year at \$1.50. You'll not be sorry if you take up this offer at once.
