have ducks, geese, hens, and turkeys. We have no Sunday school now. I like to go to school very much, and am in the third grade. I will close with a riddle. It's true I have both face and hands, and move before your eye, and when I go my bcdy stands, and when I stand I lie? MARGART S. MacDONALD.

E. P., N.S. Dear Editor,—I am going to write you a letter. I take your paper and enjoy reading it very much. I am ten years of age. I go to school all the time, and like my teacher wery much. I live near the shore. The Hali-fax and Yarmouth trains go by every day. I have one sister and two brothers. My fa-ther goes in the coast guard. This is the first letter I ever wrote to be published. SADIE E. NEWELL.

P. B., N.S. Dear Editor,—I live in the village of P. B., N.S. I am in the 6th book, and 6th grade at school. I like going to school. We are having our vacation now. I live by the sea, and love to watch the boats especially the steamboats that call at the Government Wharf, built near my home. We have a very nice Sunday School here, and I get the 'Northern Messenger' there. I like it very much. I have no brothers and sisters, and I get lonely sometimes. RAYMOND A. TAYLOR.

M. B., Que. Dear Editor,—I am a little boy 12 years old, and live on a farm not far 'from the river. I have two brothers, one is 20 years old, and the other 17 years. Our school closed on Friday, and we had a picnic. I am in the fourth book, and like going to school very well. I have been out picking berries these last three days, and got quite

Sunday school, and I am trying to do the best I can. We have a practice every Thurs-day afternoon for Sunday school. Our Sun-day school was invited by the E. B. Sunday school to join them in a picnic, on July 10, on Lake Memphremagog, on the steamer Tady of the Lake.' I live three and a half miles from Potton Sulphur Springs. The O. M. R. passes by our place to the Springs, and on to Mansonville. I have just one bro-ther he is twelve years old. He has for pets five little hound puppes, and two doves. I have a dog, and kitten. The dog I call Bose, and the kitten I call Snowball; he is lying in my lap as I am writing now, fast asleep. I have an organ, and take music lessons. I have an organ and music very much. UNA E. PEASLEY.

M. J., Sask. Dear Editor,—When I wrote before I had only lived in the West a short time, and didn't think much of it, but now I like it much better. I have one sister and one bro-ther. My brother and I go to school when-ever we can. We haven't been away one day since school started, and I am going to try to go every day this year. We all like our new teacher very much. She isn't at all cross.

For pets I have a big black dog called 'Watch,' a puppy called 'Sailor,' and a kittie called Trixy. Trixy and Watch play to-gether most of the time, but Sailor doesn't like him at all.

MABEL MOSS.

St. J., N.B.-Dear Editor,—I hope you won't think I am too old to write to your paper, for I no-tice that most of your correspondents are 12 and 13 years, and I am 16. I have been attending the St. J. Business College for some months past, and I shall have to go all sum-

mer. I am going to be bookkeeper and stenographer for my father, who is a machin-ist and engineer. His place of business is situated very near the water, and we can see the river boats coming in and going out, at all times of the day. I have taken the 'Messenger' for some years, and find the correspondence page very interesting. BESSIE MCWILLIAMSON.

C., N.S. Dear Editor,—I am a boy ten years old. I go to school, and am in the Fith Grade. I am working examples in decimals. I live on a farm. We have an engine that we thresh, grind and saw with. We have a windmill and a separator. We have had the hay-presser, and pressed nineteen tons. It was at our place one week. CLEMENT G. EATON.

C. N.B. Dear Editor,—I have written to the 'Mes-senger' twice before, and sent drawings. Did any of the members ever notice that when they sent a drawing any of the members ever notice that when they sent a drawing and a letter, both were never published, so I guess I will just send a letter this time. I never see any letters from around here in the paper. They are all from the West. Papa was thinking about taking us all out West one time, but I guess he got sick of the place, for he has been out twice, and he is putting some more on to our house now. I am very glad he did not go. Now, Mr. Editor, I think as there are so many writing to you that you might do us a favor by putting your picture in the paper, so we could know what you look like, and like you better. A friend of mine takes the 'Messenger.' Her name is Viola Ward. Have you ever seen a letter from her? If not, I will persuade her to write, too. BEATRICE BOULTER. BEATRICE BOULTER. [You make a little mistake about the drawings and letters sent together, Beatrice. Both may be published unless the drawing is on the back of the letter, when one of them has to be left out. As to our correspon-dents, we are glad to have just about as' many in the East as in the West. About the Editor's picture—just think up the very nicest looking portrait you can, and call it the Editor's picture just think up the very nicest looking portrait you can, and call it by that name. Poor conceit is very sad to say you will likely be much better pleased, than with the real article. By all means tell Viola to write.—Ed.]

Toronto. Dear Editor,—I have lived in the citly all my life, and I think there is no place like home. I have two sisters, and one brother. We have a large garden, which is filled with all kinds of vegetables and flowers. Through the winter we have flowers growing in our over five blossoms on them; they are lovely flowers, I think, And the roses—we have lots of bushes of them growing in our yard. I am very fond of nature study, and every-body ought to be, Don't you think so? <u>GLADYS PENNOCK</u>.

C. N.B. Dear Editor,—I live on a farm of 100 acres, and I am eight years of age this August. I have four brothers and four sisters. One of my sisters is writing this for me, as I can not write very well. We have two horses that are brothers, and we like them very much. Papa is talking of selling them for \$400, but we would sooner have them than the money. I am very glad holidays have at last come, and I suppose the rest of the members are too.

MARY BOULTER.

OTHER LETTERS. Nina Hickey, P., N.B., asks for the ad-dress of one of the correspondents. We do not keep any letters after they are publish-ed, so of course we have not got the address, Ning Nina.

Sarah I. Sobey, P., N.B., has six sisters, and one of them, Caroline, also wrote a little let-ter. There must be a great many things you can write about, Caroline and Sarah, so don't make your letters so short next time

you write. We also had a little letter from Percy A. Hart, C., Ont.

T. M., N.B. Dear Editor,—I liked the story of Gulliver's Travels very much. My father and brother lumber in winter, and farm in summer. In the spring, when the drivers are here, there' is a man who cooks. When they make floods on the dam we can see them lift the gates, and see the foam and the waves. When the logs go through they stand on their ends be-cause the flood is so rough. MAGGIE EVANS. [Your riddles have been asked before
