

New Way

Old Way

Don't rub the dirt out of your clothes because your ancestors did. Keep up with the times. Try modern ideas for saving labor. James Pyle's PEARLINE leads all of those which pertain to cleanliness.

What is it that frays your collars, cuffs and skirts and pulls off the buttons and strings? What is it that ruins your paint? It's the old-fashioned way of rub, rub, rub, to make clean. PEARLINE does away with most of the rubbing, so it saves the work of the wear. You don't want an imitation, do you? Beware of them. PEARLINE is manufactured only by James Pyle, New York, notwithstanding the plausible stories told by peddlers and some grocers to the contrary.

"FITS LIKE A GLOVE."

WHAT IS IN MEAT THAT STRENGTHENS?

THE ALBUMEN IT CONTAINS.

This substance, the question, is the most important constituent of flesh. Our nerve tissues are entirely dependent upon albumen for their repair, and our blood in order to be healthy must contain it in no less than seven per cent. Scientific analysis has clearly demonstrated that

JOHNSTON'S FLUID BEEF

Contains all the elements, without a single exception, necessary for the formation of FLESH, MUSCLE and BONE. Fifty-five per cent of organic matter or flesh-forming material, thirteen per cent of mineral salts or phosphates. It must be evident therefore to the intelligent public that JOHNSTON'S FLUID BEEF has the first claim as a NUTRITIOUS and STRENGTH-GIVING FOOD for old and young, sick and robust.
