

THE GRIFFIN MILL

The Greatest Pulverizing Machine in the World

Used Wherever Portland Cement Is Made

Over 50 per cent. of the Portland Cement manufactured in the United States to-day is ground in the Griffin Mill.

THE GRIFFIN MILL PULVERIZES MORE CEMENT THAN THE COMBINED OUTPUT OF ALL OTHER MACHINES USED FOR THIS PURPOSE.

Thoroughly tested by continually successful and constantly increasing use during the past sixteen years.

Portland Cement Clinker reduced from $\frac{1}{2}$ inch to required fineness in one operation, with no auxiliary apparatus. No other machine made will do this.

Buy the GRIFFIN MILL and get the BEST. It holds the world record from every standpoint.
