

# LISTERINE

The word Listerine assures to the Medical Profession a non-poisonous antiseptic of well proven efficacy; uniform and definite in preparation, and having a wide field of usefulness.

On account of its absolute safety, Listerine is well adapted to internal use and to the treatment of Catarrhal Conditions of the mucous surfaces.

# LAMBERT'S LITHIATED HYDRANGEA !

RENAL ALTERNATIVE—ANTILITHIC.

The ascertained value of Hydrangea in Calculous Complaints and Abnormal Conditions of the Kidneys, through the earlier reports of Dr. Atlee, Horsley, Monk, Butler and others, and the well-known utility of Lithia in diseases of the uric acid diathesis, at once justified the therapeutic claims of LAMBERT'S LITHIATED HYDRANGEA when first announced to the medical profession, whilst subsequent use and close clinical observation has caused it to be regarded by physicians generally as a very valuable Kidney Alternative and Antilithic agent in the treatment of

Urinary Calculus, Gout, Rheumatism, Cystitis

Diabetes, Hematuria, Bright's Disease,

Albuminuria, and Vesical Irritation Generally.

**LAMBERT PHARMACAL CO., ST. LOUIS**

## SCOTT'S

emulsion of cod-liver oil; not Smith's or Jones's or Thompson's or anybody's else. Scott's.

Why Scott's?

Because Scott's is the one; has been the one for 25 years. There are 100 others: made to prey on the business of Scott's: to "beat" it, not to excel it.

Scott's is always alike. What it was and did 25 years ago, it is and is doing to-day. And it keeps: no matter how new or old, it is ripe and fresh. It is always alike, both ways.

Do your best for your patient; we'll take our chances.

SCOTT & BOWNE,

Toronto, Canada.
