

TURKISH

BLACK

SALVE.

UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS Salve, prepared from the original recipe procured from a celebrated Turkish Hakim, (physician,) at Smyrna, in Asia Minor, and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both those countries; has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The Proprietors prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and for that purpose have established Agencies in all the principal Cities. They flatter themselves that when its wonderful properties shall become more generally known, they will meet with that encouragement which the introduction of such a valuable medicament into a country justly entitles them. The contracted limits of an advertisement necessarily precludes their entering into any adequate detail of its merits, but for the information of the public, they intend to publish, from time to time, such statements of cures as have or may occur, and for the present will content themselves with merely enumerating some of the complaints for which it has been used with the most complete success—Such as Swollen Glands, Broken Breasts, White Swellings, Cuts, Whitlows, Scalds from Steamboat explosions, or other causes, Burns, Scrofulous Sores, Sore Nipples, Carbuncles, Scald Head, Gun-shot Wounds, Bruises, Boils, Frostbites, Wens, Chilblains, Ulcerated and Common Sore Throats and Bunions. If used in time, it will prevent or cure Cancers, also, Swellings arising from a Blow on the Breast, Ring Worm, Pains in the Back, Rheumatism, Gout, Pains in the Chest, Palpitation of the Heart, Complaints in the Liver, Spine, Heart and Hip, Rushing of Blood to the Head, Swelled Face and Toothache. Its benefits are by no means confined to the Human race, but it extends its healing qualities to the Brute creation. It is an excellent application for Saddle and Harness Galls, Broken Knees, Cracked Hoofs, &c., &c. In fact it is impossible to enumerate half the complaints that have been cured by the application of this Salve. It is very portable—will keep in any climate, and requires little or no care in its application, as it may be spread with a knife on any substance, such as chamois leather, linen, or brown paper.

SUPERIOR BLACK WRITING INK,

IN PINT BOTTLES.

THE consumer must not expect to find this INK of a jet black colour the moment the cork is drawn from the bottle: its composition is such, that after being excluded from the air some time, its first appearance will be pale, but in a few hours after being committed to paper, its color will change to a RICH BEAUTIFUL BLACK, and remain unalterable so year after year. PERMANENCY of color and sufficient FLUIDITY to run with freedom from the pen, are two indispensable requisites to consider a perfect Writing Fluid, and those important qualities the Manufacturer has attained in this Composition.

On sale at PUNCH Office, Montreal.
